THE FIRE IN NEW BEDFORD.—The loss by the fire in New Bedford is very large, and it is thought it will be not less than $300,000. The buildings burned were not expensive, but the loss by the burning of oil is very great. Friday a number of people assembled about the ruins, a considerable portion of whom seemed bent upon pillfering weatever they could lay their hands upon. Not only were boys present with baskets, loading up with iron hoops, nails, &c., but men were busy with pails, tubs and barrels, scooping up the oil as it floated upon the water. Many barrels were rolled overboard on fire, a large number on board the ship were burned, and the oil from the burning casks on shore ran into the dock, so that a great quantity was floating on the water. Spars were placed at the mouth of the docks, so as to prevent the oil from floating out, thus giving persons a fine opportunity to save a large amount of that valuable material. Some persons made some $3000 or $400 by scooping up oil as above.

The ruins cover a large territory, and present a desolate appearance. The hoops lay in multitudes of parcels, precisely as they fell from the burning barrels and hogsheads. The houses which were blown up look badly enough, and this seemed at first sight, to be a waste of property, but it undoubtedly saved the whole north end of the city from destruction by the flames.—*Trav.*

THE TOBACCO WORM—We learn that the tobacco crop in the Connecticut valley is suffering somewhat from the ravages of the tobacco worm. Cultivators are obliged to pass almost daily among the plants and pick the worms from the leaves. One gentleman brought his turkies into the field, and by training them to follow the rows, found them a servicable aid in destroying the insects.

That will do; the turkies will grow fat and rank, on the tobacco worm,—and then,—will the epicures grow fat and rank on these worm fed and tobacco seasoned turkies?

☞ Father Sullivan, the Catholic priest in Northampton, Mass., has given a severe castigation to those of his flock who improve the Sundays by getting drunk. He alluded to the fact that eleven of his lay members were arrested on a recent Sunday, and threatened hereafter to proclaim in open meeting the names of those who should be found drunk and disturbing the public peace.

It it difficult to think the lawyer whom we see browbeating witnesses during a cross-examination can be a gentleman in private. One cannot believe a gentleman would ever forget himself in a court of justice, of all places.—*Boston Gaz.*

CLERICAL.—Rev. S. C. Leonard, of Mt. Vernon, Ohio, has received and accepted a unanimous call to become pastor of the Free Church and Society at Andover, Ms.

☞ Mrs. Jared Howard of Bennington, was thrown from a carriage, a few days since, in consequence of some drunken rowdies driving their team against it, and so seriously injured that no hopes are entertained for her recovery.

4 DAYS LATER FROM EUROPE.

FARTHER POINT, August 28.—The Canadian screw steamship Indian, which left Liverpool at 12:30 afternoon of the 17th inst., has passed this point.

ZURICH CONFERENCE.—On the 13th, a Conference of the Austrian and French Plenipotentiaries took place, and lasted two hours. A cabinet courier arrived from Paris that day.

The second Austrian Plenipotentiary, M. Mesenberg, had not left Zurich for Vienna, as was reported.

The Paris correspondent of the Daily News asserts that the Conference had come to a dead lock.

The Ministerial journal of Vienna insists in very strong terms on the stipulations of Villafranca being carried out at Paris.

Napoleon had exhibited symptoms of annoyance at the Court of Vienna, and the recent articles in the French journals in praise of Kossuth and Garibaldi were attributed to this feeling.

The grand military spectacle, which had been prohibited out of consideration to Austria, had been permittee to re-appear.

On the 15th and 16th, the Plenipotentiaries held no formal sitting, but were engaged at the festivities.

The fetes at Paris were very successful, and the grand entry of troops was made, headed by Napoleon.

The Emperor of France has granted a full amnesty to political offenders.

The reported Republican movement in Parma is contradicted.

The King of Prussia lay at the point of death, when the Indian sailed.

The triumphant entry into Paris of the army of Italy, took place on Sunday the 14th, and passed off with great eclat.

It is said that 50,000 French troops are to remain in Lombardy, and that France will not allow the graud dukes to return to Italy by force.

Queen Victoria has been on a three days' cruise among the Channel Islands. She landed at Jersey and Guernsey, receiving an enthusiastic welcome at each place.

Garibaldi had accepted the chief command of all the forces of Central Italy. He had arrived at Leghorn.

ACCIDENT ON THE FALL RIVER RAILROAD.—*Wonderful Escape.*—Last evening, as the steamboat train was passing Titicut, probably going at the rate of fifty miles an hour, down a hill, a horse and wagon were struck while crossing the track. There were four persons in the wagon—a man and three women. All aboard the train expected that the inmates of the wagon were killed or dreadfully mutilated. As soon as possibe the train was backed to the spot, where the passengers, instead of finding lifeless bodies and severed limbs, as they expected, learned that the entire party had escaped with only a few scratches. The wagon was broken, and parts of it lay at considerable distances from each other. The horse was injured on the head, but probably not fatally. The engine must have struck the horse and fore part of the wagon obliquely, and overturned it from the track, and to this the party doubtless owe their lives.—*Fall River News, 24th.*

ARREST OF J. V. HIMES.—On Saturday, Aug. 27, at the camp meeting of the Adventists in East Kingston, N. H., as Rev. Mr. Himes, superintendent of the meeting, was about leaving the pulpit, deputy sheriff Currier arrested him on a chaage of selling two books for ten cents each, entitled the "Christian Lyre," within two miles of the camp ground and in his family tent. He was taken before Justice Clark of Exeter, who fined him $5 and costs. It being a malicious prosecution in the estimation of Mr. Himes, he declined to pay the fine, or appeal and give bonds, and went to jail. We are informed that the deputy who took him, and who instigated the suit, keeps a restaurant near the meeting in violation of the laws of the State, and in defiance of the conductors of the meeting.—*Boston Journal.*

The Exeter News Letter confirms the first part of the above statement, but says nothing about the restaurant part of it. If it be true, he ought to be forthwith ejected from office; and it would seem that the complaint should have been dismissed.

A good chest and sound back-bone are as rare among our school-girls as a mother who cares whether it is so or no, provided her daughter is *fashionable.—N. Y. Ledger.*

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SURE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

Morning Chronicle.

☞ The Bangor Union boasts that the Penobscot Democratic Convention endorsed the Administration "up to the hub." We rather think they did by the adoption of the following resolution:—

"Resolved, That in James Buchanan we have a worthy successor to the chair once occupied by a Jefferson and a Jackson, and that we are proud to point to his administration as a glorious illustration of the excellence and efficacy of our National Government, when conducted in strict accordance with pure Democratic principles by a patriotic Democratic President."

TAX PAYING.—The promptness with which the taxes have been payed in Newburyport this year to save the discount does not indicate any scarcity of money. The whole amount assessed was $70,000, and of that sum $57,000 or more than 80 per cent. was liquidated before the 15th inst., when the discount could be saved. On the last day some $40,000 was paid by four hundred tax payers, which gave the Collector a hard day's work. We doubt whether there is a town or city where so large a proportion of the tax was paid on the 15th August, as at Newburyport.—*Herald.*

☞ Victory is the parent of dissension. The democrats of Kentucky are quarrelling about the Senatorship. Mr. Breckenridge wishes the place, and so does Linn Boyd. The former is Vice-President, and the latter is Vice-Governor, and has been Speaker. Both have had much, and both want more. If the quarrel should become extensive, neither may get the office.

☞ Adelberg, a German physician, has analyzed the Croton water, and finds a large amount of organic substances in a state of chemical decomposition and solutions of organic acids with alkalies. It was the Doctor's opinion that the decomposition of vegetable matter, and its separation into soluble organic substances, was caused by the presence of animal matter.

☞ The Archbishop of Mexico has excommunicated the whole liberal party of that country. They didn't appear to mind it much. That kind of thunder is harmless now, there being no lightning to make it effective. The ravings of enraged Roman ecclesiastics are ridiculous as those of a lot of old women. A fit of the toothache is of a thousand times more consequence than all the ravings of Rome.

The Russian Czar is "up to snuff," as he will not give so much as a single snuff box to the Gotham beggars, who went out in the Great Admiral, self-invited. The captain is to have a walking stick, and the others will be graciously allowed to "cut their sticks." The birch in Russia is said to be uncommonly good.

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from overwork, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in DEBILITY DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all Schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:—

CONSUMPTION, THROAT DISEASES, BRONCHITIS, CORNS, COLDS, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c. the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, one will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

MR. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Editors Chase Tribune, W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

MR. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3268, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

AYER'S SARSAPARILLA.

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford the effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUME, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASES, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many scrofulous disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it whenever it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting exalth. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly cspised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it to be a virtue which are irreducible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more tean assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should follow for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER's, and take no other. The sick wan the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—je14

AMERICAN & FOREIGN PATENTS.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington,
PRINCIPAL OFFICE,
76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the undersigned; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.

BOSTON, February 8, 1858.

MR. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to prosecute their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous complaints, and by its cooling and healing qualities cases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: I have heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance, being very wavy, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

CAPTAIN AMEE IS ON AGAIN. PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact bald. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds a pint and a half, and is more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

june23 2m THOMAS B. LAIGHTON.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and in no instance have the unfortunate victims of this number are inscribed upon his books as perfect cures.

Patients treated by letter by, addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with those who have fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. j2 d1y

SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* never been able to say of any other medicine, —NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak, in this matter, *"what we do know,"* after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the child from pain, but exhausts the child from pain, but and bowels, corrects, and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC.
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and surest REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* signature of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York
Price only 25 cents per bottle.

Morning Chronicle.

Portsmouth, N. H.

WEDNESDAY, AUGUST 31, 1859.

☞ The Dover Gazette of August 27th, speaks of the Democratic party in the following glowing terms:

We acknowledge that we are not entirely harmonious in all respects. It is not to be expected. We can afford to disagree. Our principles and our party tactics are exceedingly tolerant, and *broad* in their operations. We have hitherto managed to take care of ourselves as a party, and of the country.—The people have trusted us and will do it again. In fact, we claim, and have no doubt but we shall hold a large majority of the people, and by their own instincts of *right*. We have a great *variety* of interests to look after. Our operations are on an extensive scale. Our organization extends from Maine to Oregon and from California to Florida, and we have a very serious notion of stepping one foot over upon Cuba before long, and we can't tell where else. There is *no telling* our ultimate destiny. Our *principles* are *omnipotent*, and must prevail, and all the petty jarrings in our own camp, or the cursing and denunciations of outside barbarians cannot prevent it. Some of our men may *favor the slave trade*, some may favor a slave code for the territories, some may favor a Pacific Railroad, constructed by the general government; some may be in favor of a tariff and some of free trade, &c., and others may strenuously *oppose all these things* and be specially in favor of something else. But all this matters but little, so long as we know that the great popular heart of our party is right, and sound to the core.

With regard to the 'administration party' here in the north, some of them do not speak out quite so boldly as we could *wish* upon the doctrine of "popular sovereignty" in its *true* interpretation. But then we have never seen or heard of a northern Democrat, either administration or otherwise, who is not ready to support the *regular nominee* for President, without regard to his name or locality, always going upon the very reasonable assumption that none but a genuine Democrat will be nominated.

If we get at the true intent of the above extracts, a national Democrat may be a high tariff man or free trader, an internal improvement man or the contrary; may go for slavery and the slave trade, or go against both—and yet his *principles* be *omnipotent*! If two opposite principles were each omnipotent, and were set in motion, the result might be like the battle of the Kilkenny cats.

ERRORS CORRECTED.—Some weeks ago we copied an item which we found floating about in a certain class of papers, charging certain Black Republicans in different parts of Maine with insisting on the sale of some negroes inherited by them in the State of Missouri. The precise allegation was that the owner of the negroes had intended to set them free, but that, dying without a will, his heirs-at-law in Maine had insisted on the negroes being sold.

Now we learn from the Portland Advertiser, that this charge is very far from being true,—as it appears by the statement of Hon. Robert Goodenow that the heirs in Maine desired the emancipation of the slaves if it could be effected, but that by the law of Missouri it was found utterly impossible to prevent the sale. The statement of Mr. Goodenow is entirely conclusive. He states that the sale was made in consequence of a *suit* entered by the heirs in Missouri, and that *none* of the proceeds of the slave sale have yet been distributed, but the money he received was from other sources, and he adds:

The sale of the slaves was made by order of the Judge of Probate, by the administrator, without any consultation, consent or act of mine, or by any of my constituents to my knowledge; no intimation was made to me while at Boonville, by the administrator or by the guardian of the heirs there, that it had been the intention of the deceased to provide for the liberation of his slaves after his death.

The amount of the whole statement is, that the original story was a grain of truth in a bushel of falsehood.

FROM HAVANA.—The steamer Empire City left Havana on the 24th, and reports there was no news of importance when she left. The markets were dull. Freights were quoted a trifle lower than the last reported rates.

The Empire City sailed from Havana at 5 o'clock A. M. 24th, passing the U. S. mail steamship Philadelphia at anchor just outside the fort, discharging freight and passengers. She brings a fair cargo, 59 passengers and $776,031 in specie, chiefly in Mexican silver and bullion, to New York.

☞ The case of Frederick B. Brigham, the school teacher who attempted to poison his wife at Norwalk several months since, has been continued to the next term of the superior court in Fairfield county, to give Brigham's uncle, now responsible for the $5000 bonds, time to get his nephew in custody again.

Brigham is in California, and his wife (who did not die from the effects of the poison) has had a petition for divorce granted, and her name changed to Jane Smith, her maiden name.

☞ The "stump tail" milk question is up again in Cincinnati, where the Mayor is investigating the subject.

LETTER FROM TEXAS.

TWIN SISTERS, Blanco Co., Texas, August 15, 1859.

Dear Chronicle:—"Here am I, as you'll diskiver, far away from that rolling river," the Piscataqua, or from any other rolling river, in fact, for though Texas is a liberally watered country *on the map*, when a person comes to pass over three-fourths of the streams dry-shod, it does not take long to come to the conclusion that even geographers are liable to err.

The drought is now in its third month, having dried the small streams and made sad work with some of the larger ones. The Guadaloupe, which is a fine, bold running stream at Messrs. Lelands' Comal Ranche, is entirely dry at "Demijohn Bend," ("dry" name,) some miles below.

Recently the State election took place, the contest being betwixt Runnells and Houston for the Gubernatorial chair. The most exciting portion of the contest was for a few days previous, when the poor voters were bored to death (!) with speeches from both sides. Candidates opposed to each other travelled in company from precinct to precinct, speaking in the same hall on the same day, giving an opportunity for thrust and counter thrust.

Great quantities of sheep are being brought into the State, and I am afraid this branch of stock raising will be overdone, a quarter of a million having been brought into Texas the present year from Mexico alone, which number is expected to reach half a million before the first of December.

This post office takes its name from two members of the "Peak Family," who stand guard at the southern entrance of the valley, to prevent too great an influx of settlers, who might "drink the water of our fountains up, and leave our hills a desert."

Notwithstanding the assertion I have seen in some Northern papers that the Indian troubles are all the works of some "desperate speculators who wish to get the rich lands of the Reserve," I am inclined to think, after a residence of a month or two on the frontier, that, when the "varmints" get so bold as to murder a boy in daylight, within five miles of a town of 2000 inhabitants, when children and horses are stolen, when cattle are killed, and when not a horse can be kept north of here "for fear of the Indians," there may be something in it, after all.

One of the enterprising young men who own Portsmouth as their native place, Mr. Geo. F. Towle, has been elected County Surveyor of Bandera county. Success to him.

Texas needs railroads badly, and though her laws are very liberal in this respect, the roads progress slowly.

In New Braunfels molasses is 80c. per gallon, beans and rice 10c. per lb., and other things in proportion, all of which is laid to "the high price of freight," as great a bugbear as "the war" to buyers.

In San Antonio many articles can be procured at as reasonable rates as in Boston or New York, from the fact that the market is overstocked, having no outlet but the Mexican trains.

A curious wood may be found in Western Texas—the mesquite. It is of a mahogany color, has a delicate leaf, sharp thorns, is excellent for fire-wood, and is of so close a texture that a hub made of it in a green state will not shrink from a band then put on, nor crack as it seasons. Wherever it is found there will grow the mesquite grass, which stands the intense heat of the summer and is much liked by stock.

Most of the timber is gnarled and scrubby, but this I think will be in a measure remedied as the country is more thickly settled, from the fact that the great fires, formerly set by the Indians, and which killed out the young timber, will be kept away from the wood. But the tall, stately trees of the North, East and West, will never grow on a soil so parched and dry.

Persons are apt to anticipate too much of this State, but a short residence here is apt to undeceive. The florid style of correspondence of Kendall, Leland, and other interested persons, is accountable for this error, to a great extent. ION.

P. S.—On account of the large numbers of insects which abound here, I shall doubtless soon change my signature to "*Old Scratch*."

SOMETHING SAVED.—It is not often that a person is made to feel richer by a call from the tax collector, but such a case occurred the other day. A lady was surprised to receive a tax bill upon property valued at over $2000. Not being aware that she was the fortunate possessor of so much money she called upon the Assessors for information, and was told that the Savings Bank had returned her name as a depositor to that amount. Still amazed she called at the Bank to know what it meant, and was there reminded that some years before she had left some $300 or $400 on deposit, and was pleasantly informed that it had gradually accumulated to the goodly sum of $2300, which was at her disposal.—The lady was delighted with her good luck, and paid the tax-bill with alacrity.—*Salem Observer*.

☞ The annual election for State officers takes place in Vermont on Tuesday next, Sept. 6th. In Maine on Monday, Sept. 12th.

☞ Colonel Fremont, says the Mariposa Gazette, is at last, to some extent, out of trouble, as we are happy to know. He has settled his principal matters of difficulty, and is out of the hands of the "Sabeans" and Pawn Breaking capitalists. He has means to go on with his improvements, and will build a new quartz mill upon the Mercer river, for which he has ample water power. His mills now running are yielding very handsomely, as we are informed.

☞ The proprietors of the Boston Transcript announce that they have taken a long lease of the estate Nos. 90 and 92 Washington street. The old building, which has stood for the past three generations, is to be removed, and a new structure erected. It will have an iron front, four stories high, with a French roof on Washington street, and will extend one hundred and nine feet in depth to Devonshire street, where the building will be five stories high.

☞ The law taking effect in New Orleans on the 1st September, by which all free negroes arriving at that port must be lodged in jail until the departure of the vessel bringing them, was enacted by the Legislature of Louisiana last winter.

THE PEACH CROP.—The extent of the failure of this crop in Massachusetts is forcibly illustrated by the fact that usually the Shaker village of Shirley raises two hundred bushels of this luscious fruit, while the present year the product will not reach a single bushel.—*Trav.*

☞ The widow of Mr. Austin D. Moore, who recently died in Florida, leaving her $1500 a year, recently appealed to the Surrogate to set aside the will, on the ground that the laws of Florida give a widow one-third of the property. The Surrogate has decided in her favor. The estate is worth $300,000.

☞ The delivery clerk of Hecker & Brothers, wholesale flour dealers in New York, has been arrested for defrauding his employers out of $10,000 worth of flour, which had been sent at different times to a confederate outside.

☞ The Boston Traveller learns that Rev. Wheelock Craig, of New Bedford, declines the Professorship in Bowdoin college, to which he was elected at the late commencement.

☞ A clergyman, nephew of the late Chief Justice Marshall, recently lost his life by going over Niagara Falls.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

☞ Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

SPECIAL NOTICES.

Dr. J. Hostetter's Bitters meet with great favor as remedies for diseases of the stomach, and all other diseases arising from a disordered digestive system; and its component parts being entirely vegetable, it is more safe than the ordinary preparations offered to the public, while its pleasant effect on the system renders it vastly popular with those who use it. Dr. Hostetter's reputation is wide-spread, and the care with which he prepares his medicine, secures it always safe and reliable. The Bitters are most agreeable in flavor, and as it contains nothing that can impair the health, but, on the contrary, contributes to its preservation, this preparation must prove highly popular. It is a genuine and truly valuable article for any of the above diseases, and we sincerely trust that our readers may test its excellence.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry,

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

Messrs. SETH W. FOWLE & CO.,—*Gentlemen*:—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,

HENRY WOOD.

Prepared by S. W. FOWLE & CO., BOSTON. and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchins, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1858, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

R. R. Remedies are sold by Druggists generally.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontiturumenos.

☞ **Mrs. Winslow.** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.

This Gin, distilled in London, from sound Barley, under the surveilance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES of the URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., whilst the weaker sex will find by its adoption a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of water and air.

For sale in quarts at seventy-five cents, and in pints thirty-eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—NONE OTHER IS IMPORTED.

May be had in Boston of G. C. Goodwin & Co., 11 Marshall st.; M. S. Burr & Co., 1 Cornhill; S. E. Pecker, 20 Elm st.; J. Morton, 116 Blackstone st.; M. Davis & Co., 57 Blackstone st.; R. THE BEST LIGHT!!!

Cancemine Oil.

Every one is naturally desirous of obtaining the BEST LIGHT, at the SMALLEST COST; and this is secured by the use of Cancemine Oil,—a new article which is rapidly superseding the Kerosene Oils, for the following reasons, viz.:—It costs LESS, GIVES MORE LIGHT, WILL NOT SMOKE, and HAS NOT THE OFFENSIVE ODOR OF KEROSENE.

This Oil can be used in the ordinary Kerosene lamps; but an improved burner can be fitted to any lamp at a small expense.

This is by far the best light yet offered to the public. The subscriber has this Oil for sale in any quantity, also a supply of Lamps, &c.—A lamp may be seen in operation at store

The Best Medicine in the World.

YES—DECIDEDLY THE BEST—IS

Dr. Langley's Root and Herb Bitters!

They are made from the most valuable Roots, Herbs and Plants in the vegetable kingdom. They act at once upon the very seat of disease. They remove all obstructions from the internal organs—regulate the Bowels—purify the Blood—remove Humors—excite the Liver to a healthy action—give strength and tone to the stomach—cure Jaundice and Dyspepsia—create an appetite—increase and renew the circulation—remove all nervous diseases—cure Piles, Headache, Weakness, &c., and are the best medicine ever discovered for all Female Complaints. The purify, heal, strengthen, build up and keep in order "the house you live in."

Doctors' prescriptions, clothed in Latin verbs,
Now yield the palm to Langley's Roots and Herbs.
Forsake vile drugs and cull from Nature's store,
As did the Patriarchs in days of yore.
Roots, Herbs and Barks, the best in Nature's store,
From broad Atlantic to Pacific's shore,
From North to South, their healing virtues lend,
And in these Bitters prove the people's friend.
They'll strengthen, warm, your bodies vigorous make,
Rouse drooping spirits and new blood create.

So if you wish to feel well, act well, do well and keep well, use this standard valuable medicine.

Only 25 cts. for a pint, 38 cts. for a large bottle.

Sold by all dealers in medicine everywhere.

LOCAL.

☞ On Monday evening there was a grand gathering of officers and members of the Fire Department, the Mayor and other city officers, and other public men, at the house of Engine No. 1—when a splendid and valuable Silver Trumpet, of elegant workmanship, was presented to Capt. Deering, bearing the following inscription:

Presented to Capt. A. K. P. Deering, by the officers and members of Granite State Engine Co., No. 1. Portsmouth, Aug. 29th, 1859.

The Trumpet may be seen at the jewelry store of Mr. Bennett.

☞ The editor of the Bath Times gives a very philosophical account of a Democratic County Convention from which *his* set of Bath delegates were kicked out—or much worse than that, for the editor says—"The Bath delegates — the representatives of three-fourths of the Democracy—simply felt one turn of the screw, and their heads fell on one side as quietly as Lopez's did in Havana under the operation of the garotte.—The party garotte is a regular choker."

☞ The Robinson Sisters, four in number, all good singers, and well trained in singing together, are to give one of their beautiful and attractive concerts on Wednesday evening at the Temple, which will, as we hope, contain a good audience, tasteful as well as numerous.

RELIGIOUS SECTS IN NEW HAMPSHIRE. A member of the General Association, who reports his observations in the Manchester American, says:—

Rev. Mr. Lawrence, of Claremont stated that the Congregational order in the State in 1809 had one to thirty of the population: now it had one to fifteen. The number of churches within the State has more than doubled and the membership increased from 6,000 to 20,000. During the same time other evangelical churches have also increased to an equal or greater extent.—There are now about four times as many professors of religion in the State in proportion to the population as there were fifty years ago.

Mr. Lawrence is very good authority, in this matter, as he is the author of that valuable historical book, The New Hampshire Churches.

The statement means, no doubt, by "the congregational order," the *members* of orthodox churches, which in 1809 were 1 in 30 of the population, and are now 1 in 15.

It is also probably true that other evangelical (i. e. trinitarian protestant) churches have increased as much.

And now, if we look at the *non*-evangelical churches, viz., the Unitarian, Universalist, Christian, Advent, and Roman Catholic churches in New Hampshire, and compare their numbers in 1809 and 1859, we shall find a still larger per centage of increase in the number of churches and members.

All this, together, shows the truth of Mr. Lawrence's statement, that the professors of religion in the State are four times as numerous now, in proportion to the population, as they were fifty years ago.

And it follows that, as the orthodox congregationalists are now, as compared with themselves and with "*the world*," just *twice* as strong as they were fifty years ago—and as all the churches together are just *four times* as strong compared with "*the world*" in New Hampshire—so the orthodox congregational churches are now exactly *half* as strong relatively to other churches, as they were half a century ago.

We suppose this to be a fair statement of the whole ground, viz., that there is a large increase of churches, ministers, and members, of all denominations in the State; and that the *newer* denominations have increased somewhat faster than the *older* or standing order.

This might not always appear, on looking at the statements of any one denomination; but to understand the true state of the whole case it is needful to look at every point of it.

It is certain that New Hampshire employs more ministers in proportion to her population, than any other state in the union.

FROM CALIFORNIA.—The overland mail of the 8th inst., arrived in St. Louis, on the evening of the 29th.

There was a healthy demand for goods at San Francisco, but prices were unchanged.

Horace Greeley had gone on a visit to Col. Fremont.

A duel between Senators Gwin and Broderick was expected to take place immediately after the election.

☞ John Whipple and Thomas Hyfield, who were arrested at the Ashbury Grove Camp Meeting on Tuesday last for selling rum, were on Saturday taken from jail and examined before Justice Farley of Ipswich. They were found guilty of making seven sales of liquor, and were sent to six months in the House of Correction and to pay a fine of $50 and costs of prosecution. If the fine and costs are not paid, then three months' additional imprisonment is to be imposed.

☞ The Great Eastern is advertised to leave Liverpool for Portland on the 15th of September. We may therefore confidently look for her on or soon after the 25th.

THE GREAT EASTERN.—As this monstrous steamship is about to come to our shores, the following dimensions will be interesting to many readers:

Length between perpendiculars, 680 ft.
Ditto over all on upper deck, 691 ft.
Breadth of hull, 83 ft.
Height from bottom of ship to top of iron of upper deck, 58 ft.
Weight of iron in construction of hull, 7000 tons.
Ditto of ship, with machinery, coals, cargo and full equipment, 26,000 tons.
Draught of water at that weight, 30 ft. 6 in.
Number of rivets used in the construction of the ship, about 3,000,000.
Number of masts, 6; of these three will be square-rigged, as well as fore and aft rigged. The remaining three will be fore and aft rigged.
Total quantity of canvas used in sails, about 7200 square yards.
There will be two screw steamers, one carried on each side, abaft the paddle boxes, as jolly boats. Their dimensions are:—length 100 ft; beam 16 ft; measurement 120 tons; horse power 40.
There will also be about twenty ordinary boats carried in addition, with masts and sails complete.
Tonnage exclusive of engine room, 13,344
Gross tonnage, 18,915

AURORA BOREALIS ON THE WIRES.—*Montreal, Aug.* 29.—The Superintendent of the Canadian Telegraph Company's lines telegraphs as follows:—

"I never, in my experience of fifteen years in the working of telegraph lines, witnessed anything like the extraordinary effect of the aurora borealis between Quebec and Farther Point, last night. The line was in the most perfect order, and well skilled operators worked incessantly from 8 o'clock last evening till 1 o'clock this morning, to get over in even a tolerably intelligible form about 400 words of the steamer Indian's report for the Associated Press, and at the latter hour so completely were the wires under the influence of the aurora, it was found utterly impossible to communicate between the telegraph stations, and the line was closed for the night."

PHILADELPHIA, Aug. 29.—The Opposition Convention of Northumberland Co. have passed resolutions recommending Hon. Simon Cameron for the Presidency.

There is a rumor prevalent here this evening that the frigate Congress, which sailed from here on the 14th, has gone down with all on board. The story seems to have originated at the Navy Yard, but it is impossible to trace it to any definite source whatever. It has caused much anxiety among the friends of the crew.

PHILADELPHIA, Aug 30.—It is impossible to trace the rumor of the sinking of the frigate Congress, and it is now looked upon as a hoax.

SHOOTING AFFRAY.—*New Orleans, Aug.* 29.—A shooting affray took place between Dr. Foster and Dr. Choppin, physicians attached to the Charity Hospital, today. Professional jealousy was the cause. Dr. Choppin was dangerously wounded.

LOUISIANA SUGAR CROP.—The sagar crop of the present year will fall short of that of 1858. In West Baton Rouge, in 1858, the product was 21,515 hogsheads; for this year about 25,000. The reports from other parishes are much the same.

A clam merchant, meeting one of his fraternity the other day, whose pony might be considered as a beautiful specimen of an equine skeleton, remonstrated with the owner, and asked him if he ever fed him.—"Ever fed him! Come now, that's a good 'un," was the reply of the owner; "he's got a bushel and a half of oats at home, only he ain't got no time to eat 'em."

☞ The manufacture of coal oil or kerosene is carried on very extensively all over the country, and is said to be very profitable. The highest yield of oil from coal is said to be 110 gallons from a ton of coal.

Gov. Wise boasted in Congress a few years ago that there was not a single newspaper in all his district. He evidently rejoiced that his constituents couldn't read.—Now doesn't he wish that he himself could not write.—*Louisville Jour.*

JUDGE SAWYER.—The report is still "going the rounds" that Judge Sawyer will resign his seat on the bench this fall, with the added statement that he is going to St. Louis to practice law. But neither statement is true.—*Nashua Tel.*

☞ The Amoskeag Veterans propose to escort Ex-President Pierce, from the State line to Concord, where a public reception will probably be given to him.

☞ The steamer City of Washington, from Liverpool 18th August is one day the latest, but brings little news beyond Napoleon's Amnesty for all political offenders.

HYPOPHOSPHITES
OF LIME, SODA AND POTASH,
Originally discovered and prescribed by him as a Specific Remedy for
CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America, and established the claim of the discoverer, that they are a SUE PRE-VENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

Morning Chronicle.

☞ By the politeness of our old friend Mr. Freman G. Beal, of the U. S. ship Jamestown, we have a good supply of Panama papers.

Late news is given in the Star and Herald.

"The schooner Josefa arrived on the 16th inst., bringing news from David to the 12th inst.

The reports continue to be of a highly favorable character, and large quantities of gold continue to be taken out of the graves.

The party who went up to Chiriqui in the Josefa on the 20th July for the purpose of digging, are so well satisfied that they have concluded to remain, notwithstanding the heavy rains, which prevail at this season, and they are now successfully engaged in the diggings.

Mr. Hawes, who has returned for the purpose of taking up another stock of goods, has brought down a quantity of very splendid specimens. He calculates after a careful investigation, that he has seen at least two hundred and fifty thousand dollars worth of these gold images in the houses of poor people in David, but he thinks there must be a graat deal more he did not see as they were very shy about exhibiting them.

Among all the figures found, there is not one which represents either a horse, cow, pig, dog, cat, or any other domestic animal, strong proof that they were made by a race who existed prior to the introduction of these animals to this continent.

At present it would be unwise for foreigners to go there, as they would probably get fever from exposure to the rains, and they could not prospect much, owing to the swollen state of the streams. Persons in the United States, who contemplate seeking a fortune in Chiriqui, would do well to remain at home until December, when after several weeks of dry weather they can be traversed without difficulty.

☞ Gen. Joseph Lowe, after an illness of over a year, died at his residence in Concord, N. H., on Sunday, aged 70 years. He was a well known public-spirited citizen.

☞ About as many are returning from the Pike's Peak gold mines as are going on, and every few miles along the great North of the Platte route, you meet small trains.

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE and FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c. the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called, as one in ten suffers from Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

MR. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Evening Post*) are familiar with the following facts and circumstances:

MR. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he had bled freely, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in carrying the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULOUS AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with *this* pabulums of life disordered, there can be no lasting health, sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Acace bitter and painful disappointment has followed the use of the various quackeries called Sarsaparilla which flood the market, until the name itself is justly cepised, and has become synonymous with imposition and chest. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall restore the virtue to the name and place which it rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the high level it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their name to certify the unparalleled excellence of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER'S, and take no other. The sick can the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—je14

AMERICAN & FOREIGN PATENTS.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, 8 years—eleven in all.

76 STATE, OPPOSITE KILBY ST. BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through its facilities inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON, Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE, Late Commissioner of Patents.

BOSTON, February 8, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN T. SPRAGGARE.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

Boston, Jan. 1, 1859. R. H. EDDY.

EMPLOYMENT.

THE ONLY ARTICLE
UNRIVALLED IN THE MARKET,
WITH IMMENSE
HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and prevents all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful;* and if used by the young two or three times a week' it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Water Gilding establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn which I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used tho other remedies known to me, and I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPARED BY DR. SANFORD.

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, and by plying in their place a healthy flow of bile, invigorating the stomach, causing food to digest, well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the seeds of CHOLERA.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, prevents DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous and fashionable suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, through the medicines bestowed upon this number inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of sacrificing what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a shorter space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call upon the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, SEPT. 1, 1859.

QUITE A DIFFERENCE.—We have before us a series of resolutions, passed by a County Convention in a neighboring State, one of which reads:

"*Resolved*, That the theory proclaimed by Senator Seward, and adopted by the Republican party, of an "irrepressible conflict" between the free and the slave States, arising from a difference in their local institutions, is proved utterly false," &c.

No doubt such a theory might easily be proved false. But Mr. Seward never proclaimed it, and no party ever adopted it.—Senator Seward said there was an irrepressible conflict between *freedom* and *slavery*, which surely is quite another thing—and is morever quite true, and therefore impossible to be disproved, though it may be belied.

☞ A correspondent of the Richmond (Va.) Dispatch states that Captain John Doughty was washed from the deck of his sloop, when about five miles at sea, off Smith's Island. The sea was running very hard at the time, and being unable to regain his vessel he swam towards the shore and attempted to land; the breakers, however, prevented his doing so, and he then swam around the southern end of the island, where he made a second attempt. This failed also, and after having passed four miles along the beach, he was taken by a current and washed inside the cape. Here he was picked up, after having been swimming eight hours, and carried into Alexandria. He must have swam nearly fifteen miles, and that with his clothes on, except his boots, which he pulled off in the water. When rescued he was nearly exhausted, and must have drowned in a few minutes.

☞ The Banner says that negotiations have been attempted in Bath, Me., to unite the Unitarian and Universalist Societies under the pastoral ministrations of Rev. Dr. Sheldon, but without success—the Universalists declining to give up their separate organization; and though cherishing only the kindest and most fraternal spirit toward the Unitarians, they do not think the proposed union would tend to subserve the cause which both societies have ostensibly at heart. The Universalists have discharged their committee of conference, and negotiations are thus closed.

TWO VIEWS.—Hon. Isaac E. Morse, long a distinguished Democratic member of Congress from Louisiana, has written a letter, published in the Washington States, in which he says the next Presidential contest will be between Governor Seward and Judge Douglas, and that, of course, his support will be given to the latter.

The New York Herald asserts that the only Southern statesman who could command to-day a Presidential vote in the North is General Houston, of Texas; and the only Northern statesman who could obtain a vote in the South is Mr. Dickinson, of New York.

☞ Mr. Samuel Stickney, the oldest man in Beverly save one, while walking to the Standley Grove picnic grounds, on Tuesday afternoon, became exhausted in walking up the hill, and died immediately. He was a native of Boxford, aged 87 years, 9 months and 17 days. His mental faculties remained unimpaired to the last.

☞ J. M. Conwell, of the firm of Holmes & Conwell, liquor dealers of Cincinnati, whose sudden flight from that city has been telegraphed, is about thirty years of age, and had enjoyed an excellent reputation for morality, honesty and business habits.

☞ The Democratic County and Senatorial Conventions were held at Portland, Me., on Friday. The Argus says the nominations are entirely satisfactory, and will command a full vote.

☞ A mulatto woman named Wilson has been put in jail this week, at Portland, Me., to be tried for murdering a boy of 15 years, who lived at her house in Scarborough.—She burnt her house to conceal the crime. She will probably go to prison for life.

☞ The Saratogian has the painful rumor that Mr. John R. Houghton, formerly a merchant of Saratoga, perished from starvation on the Plains while returning from Pike's Peak, a few months since.

☞ The Great Republic Monthly, for September, is just issued by Oaksmith & Co., New York. It contains an illustrated poem, The Acorn, by Elizabeth Oakes Smith,—and many other curious articles.

The club-house property on Seventeenth street, Washington city, so intimately associated with the tragedy to which Philip Barton Key fell a victim, has been sold for $20,000.

Such genteel dens, in Washington, ruin many men, and are a disgrace to the country.

☞ The latest foreign news comes via steamer Jason, whose advices are by mail from Liverpool and London of the 19th, and by telegraph to Galway of the 20th.

The Peace Conference at Zurich appears to be doing nothing. Austrian matters of etiquette relative to Lombardy are being discussed.

The steamship Great Eastern leaves the river Thames on the 3d of September for Portland, Dorsetshire. From thence a trial trip will be made, and she will finally depart on the 15th from Holyhead for Portland, Me.

The proposition before the National Assembly of Tuscany, declaring that the dynasty of Florence could not be recalled, has been accepted.

The Modenese National Assembly is also taking strong grounds for national liberty.

Farini has accepted the Dictatorship of Parma.

The King of Prussia had rallied, and is expected to survive for a considerable time.

The Prussian fortifications at Augsburg, which were suspended on the announcement of peace, are vigorously renewed.

A collision had taken place on the railway line to Genoa, and six persons killed.

PUNISHMENT OF RUFFIANS.—That the failure to inflict certain and summary punishment upon ruffians is the great cause of disorder, riot, and outrage, admits of little dispute. The following remarks of the Philadelphia Bulletin are as applicable to other places as to that city:—

"As a general thing there is too much lenity shown to ruffians after they fall into the hands of justice. Judges and juries see the offenders when they are on their best behavior, and when they assume to be meek and gentle; they do not see their victims until their bruises are healed, and they do not appreciate the horrors of a scene of outlawry which the witnesses have not the skill or the disposition to picture fully. What is often believed to be a mere exhuberance of animal spirits, is generally an evidence of a depraved heart, and a savage disposition, and the rowdy is generally as cowardly as he is vicious. There is not a particle of chivalry about him, for he never indulges violence in defence of the weak and the wronged, nor does he measure his strength with those who are his physical equals. He joins a dozen brutes like himself to maltreat one weak man, and if he goes singly to work he takes care to be armed with a knife, revolver or slungshot, or with the murderous steel knuckles. Severe punishment inflicted upon such craven outlaws would have a salutary effect, and the brutes who have no generosity of character to keep their savage propensities in check, would be deterred by the wholesome fear of the law."

WOMEN FOR TEACHERS.—At the session of the American Normal School Association, just closed at Trenton, N. J., Mr. G. B. Emerson, of Massachusetts, said in substance that "In no foreign country had they yet learned that woman was the God-prepared teacher of children. He had seen in Switzerland great stupid lubbers going through the motions of teaching over the backs of boys, while women were at work in the neighboring fields. Some years ago a gentleman visited America, sent by the King of Sweden, to examine our schools, and he went back saying that he had found in the employment of women as teachers, the means of establishing schools in the poor mountain regions of Norway."

☞ The members of the family of Mr. Hewlett Peters, of 230 Clinton street, New York, consisting of five adults and four children, were all poisoned, Monday evening, while partaking of tea. The prompt application of remedies, however, prevented fatal consequences. Upon investigation it was ascertained that arsenic had been mixed with the sugar used in the tea, but by whom it was so mixed could not be conjectured.

☞ "Prof. Sweet," who was to make a "terrific ascension" over the Phenix river, R. I, last Saturday, fell splashing into the river, just as he got half way across, in consequence of the wire parting. The Professor, who is water-proof and courageous, proposes to try it again next Saturday. He don't mean Blondin shall have all the glory of doing these things.

ST. LOUIS, Aug. 30.—Lieut. Beale and party reached Kansas City on the 24th inst., from his second exploration of the 35th parallel. Lieut. B. has been absent ten months and has opened 1400 miles of wagon road, and travelled about 3000 miles. He reports an abundance of wood and water west of Albuquerque.

PRINCE OF WALES.—*Quebec, C. E., Aug.* 30.—The Chronicle this morning says, that the Prince of Wales, his tutor, and a Court Physician, may be expected to arrive here by the next Canadian ocean mail steamer.

☞ The results of the New York hog war up to this date, may be summed up in round numbers as follows:—Hogs driven out of the island, 4000; piggeries torn down, 1000. The 12th and 23d wards are the only ones remaining to be purged, and that work will probably be done this week.

☞ Jack-knives are dangerous tools in the hands of Yankees. Repairs and improvements have lately been made on the State House in Boston, and a paper says the whole inside has been tinned over, as also the sashes, to prevent boys from cutting.

☞ The U. S. ship Cumberland, from the African station, arrived at Portsmouth Lower Harbor on Wednesday evening.

DESTRUCTIVE FIRES IN CANADA.—*Toronto, C. W., Aug.* 30.—The most disastrous fire which has occurred at Toronto for several years, commenced at 12 o'clock last night, in the northwest corner of Victoria and Gould streets. Victoria Terrace, a row of six fine dwellings, owned by Sheriff Jarvice, was destroyed. Rev. Dr. Taylor and Rev. Mr. Darling are among those who are burnt out. A large amount of furniture was destroyed, and a very valuable library badly injured. The loss is fully estimated at from $35,000 to $40,000 which is partly insured.

Hamilton, C. W., Aug. 30.—At 3 o'clock this morning, the Roman Catholic church on the corner of Park and Sheaf streets, was discovered to be on fire, and when the engines arrived it was a mass of flames, and past saving, and it had evidently been burning for some time.

NAPOLEON'S AMNESTY.—The Times says:—For the first time the Emperor feels himself so strong in the affections of his army, and so safe in the loyalty of his people, that he can afford to be magnanimous. The early use to which he puts the power he has acquired by his successful campaign, is to publish among all nations a full and entire amnesty to all Frenchmen.

The London Daily News that orders are to be transmitted to Cayenne, and in many other unknown depositories of political victims, to let as many as survive go free.

M. Louis Blanc has addressed a letter to the Daily News, in which he admits that Louis Napoleon could scarcely do more for the political exiles than he has done! but asks: Why should the exiles return to France? He then replies: Better stay in the land of unfettered thought and freedom—better live where an exile is to remain a man.

Intelligence from the Island of Jamaica is important. The anniversary of emancipation was celebrated by ths scene of turbulence and riot, in the course of which several persons met their death. Quiet had been temporarily restored, but no one could say how long it would last. The Governor of the Island, like most of his predecessors, was rapidly growing unpopular.—*Boston Post.*

The most important part of this intelligence sounds like the old Samaica news we used to get *via Havana* a dozen or fifteen years ago, which was *manufactured* for the Southern market.

☞ The ruins of "Iranistan," the once princely abode of P. T. Barnum—where he was always glad to see his friends in the days of his prosperity—are being leveled off, preparatory to a new residence for the present owner, which will be placed considerably in rear of the old site.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

SPECIAL NOTICES.

Dr. J. Hostetter's Bitters meet with great favor as remedies for diseases of the stomach, and all other diseases arising from a disordered digestive system; and its component parts being entirely vegetable, it is more safe than the ordinary preparations offered to the public, while its pleasant effect on the system renders it vastly popular with those who use it. Dr. Hostetter's reputation is wide-spread, and the care with which he prepares his medicine, secures it always safe and reliable. The Bitters are most agreeable in flavor, and as it contains nothing that can impair the health, but, on the contrary, contributes to its preservation, this preparation must prove highly popular. It is a genuine and truly valuable article for any of the above diseases, and we sincerely trust that our readers may test its excellence.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry,

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

Messrs. SETH W. FOWLE & CO.,—*Gentlemen*:—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,

HENRY WOOD.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was entirely cured from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1853, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.

This Gin, distilled in London, from sound Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnappe so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES of the URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., whilst the weaker sex will find by its adoption a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of water and air.

For sale in quarts at seventy-five cents, and in pints thirty-eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—NONE OTHER IS IMPORTED.

☞ From the best accounts we can gath- of the transaction, the prosecution of er Himes, the Advent preacher at Exo- was not only malicious, but contempti- —and the complaint should have been nissed in the most summary monner by tice Clark.

t seems that the committee of the Ad- tists Camp Meeting had offered Currier, e Deputy Sheriff) the chance to keep ir Boarding or Refreshment Tent; but t he declined, and another man took the re, with the condition that he might sell reshments also to such outsiders as wished buy.

The next step was, that Currier planted tent for the sale of such things, within prescribed limits, and altogether too ar for the convenience or profit of the n who had properly undertaken the job. is of course was not agreeable to the nagers of the meeting,—and hence Cur- was very properly complained of and ed. He appealed.

It is also said that strong drinks were d, but it has not been proved that Cur- sold them.

Currier kept on selling in the same place, d very soon procured a complaint against ler Himes for selling two books in his n tent—on which the elder was (very properly) fined by Justice Clark, and nt to jail because he would not pay, ap- al, nor give bonds.

Unless this act can be explained away, deputy sheriff should be ousted forth- h, for the most contemptible meanness— d the justice should never be called upon try another case, until he shall arrive at ars of discretion.

☞ The concerts to be given on Satur- y afternoon and evening, by Father mp and the rest of the Old Folks, need y a mere mention, we suppose, to fill the mple. Besides the old Continental tunes, gues, &c., which they sing and play so ac- rately, they are to sing God save the ng, (we beg pardon, the Queen,) the arseilles Hymn, and Hail Columbia. Ei- er half of the concert will be worth the y for the whole of it.

☞ The lecture on intemperance, by r. S. M. Hewlett, of Wisconsin, delivered the Temple on Tuesday evening, was a e specimen of pungent satire, wit and mor, mingled with argument and seasoned th invective. Could he have given a sec- d lecture here immediately, the house uld have been crowded. We hope to ar him again at some future time.

☞ The House and Land on North Road, longing to Mr. James Hall, was sold at uction on Wednesday, by J. B. Adams, q., Auctioneer, for $780. Mr. George W. lumer was the purchaser.

Justice at New Market.—A New arket correspondent of the Boston Jour- l, gives the following clear account of the wdy who was stabbed by the organ grind- r about two weeks ago, showing that the wdies were the aggressors, and that the gan grinder only defended himself as well he could, by the only weapon he had, iz: a tool belonging to his trade.

An Italian organ-grinder, accompanied y a little girl, perhaps ten years old, strolled to the village just at night-fall, and was vited to play in front of one of the hotels. While playing, he was assaulted by some lf dozen bystanders, who had been in- lging quite freely in tapping the bottle. A fight followed, in which Smith French, ne of the leading spirits of the unprovoked ssault, was stabbed in the breast with a crew driver, and for some time was sup- osed to be fatally injured; he still lies in a omewhat critical situation. The organ rinder made his escape to the hotel, fol- owed by stones and clubs. Soon word was rought that French was dying, and instant- y the cry was raised by these rum-infuriat- d rowdies, "Take the Italian out and kill im."

He was dragged from the hotel, and they ould soon, no doubt have carried their reats into execution, had he not been res- ued by the officers of the law. They fol- owed him to the lock-up with cries of "Kill im," and threatened to take him out and ake his life. The next day the Italian was odged in jail to wait the result of French's ound. The indignation of the respectable ortion of our citizens was aroused at such n unprovoked outrage committed upon a uiet and inoffensive stranger, and every acility was afforded him for an impartial nvestigation of the matter. Last Thursday hearing was had before Esquire Shack- ord. W. B. Small, Esq. generously vol- nteered for the defense, and the Italian was triumphantly acquitted. The little girl n the meantime had been taken good care f, and provided with a suit of new clothes, and at their leaving, a generous purse was made up for their benefit, and three cheers were given them as they started.

On the day of the hearing in the above ase, three of those engaged in the outrage were arrested, and on Saturday were bro't before Esquire Shackford, who held them each in the sum of three hundred dollars, to appear at the higher court in October. Two of them, William Richardson and Farnum Willey, furnished the required bail, while the third, Horace Tuttle was committed to Exeter Jail. Another of the participators is also in Exeter Jail, having been commit- for another offense.

THE
BAY STATE RANGE.

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having

TWO LARGE OVENS
AND
SIX BOILING PLACES.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF, and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers buy one, and save
TIME, LABOR AND FUEL.

ITS ADVANTAGES ARE NUMEROUS
IT COSTS LESS,
IT OCCUPIES LESS SPACE,

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DISTRESS AFTER EATING, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which oil the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c., the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their extended train; one for the particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE completely recovered, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *fac simile* signature is upon every bottle.

☞ Price $2 per bottle, or three bottles for $6, with full directions for use. Write for Circular, which will give RELIABLE INFORMATION, and save from all possibility of deception. Sold wholesale, at the lowest discount for cash, at the Sole General Depot in the United States, by WINCHESTER, American and Foreign Agency, 49 John street, New York.

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be a great service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASES, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of these many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores; cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health and spirits for having cleansed their blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or wrecked by it.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been mislead by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Absence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly d espised, and has become synonymous with imposition and cheat. Still there is one compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing that the vigorous efforts we are possible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for as to recount the evidence of its virtues wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaints, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the most agreeable and efficacious cathartic of all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER'S, and take no other. The sick man the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—je14

AMERICAN & FOREIGN PATENTS.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, a ... r t ... ct of 1 37.

73 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and opinions of counsel or advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him t.. accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and the Accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWEN ... rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

EMPLOYMENT.

$50 A MONTH AND ALL EXPENSES PAID.—An Agent is wanted in every town and county in the United States to engage in a respectable and easy business, by which the above profits may be certainly realized. THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headaches, and other troubles incident to our all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, ALA., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Dec. 1, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 404 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS.

Is one of the best PURGATIVE AND LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of Bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated, cures CHRONIC DIARRHŒA in its worst form, as well as SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVERS AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

Why Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. j2 dly

The present important question with the people of Warsaw, is,
"Will Poland soon be an independent Kingdom."
AUERBACH & CO.
Believe it will not take place very soon, but they also believe in thanking their Customers and the public generally, for past and present favors, at their present small location,
NO. 32 Penhallow Street,
And it gives them pleasure to announce to their patrons that notwithstanding their Stock of
CLOTHING AND FURNISHING GOODS
is rapidly diminishing, yet they will, in return for past favors, sell their remaining Stock at REDUCED PRICES.
This opportunity affords a rare chance to everybody in want of such articles; and more especially for mechanics; for they can buy at the above place a suit of clothes cheap enough to correspond with their low wages.

Dr. B. S. Goodwin, Indian Physician,
Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.
ADVICE FREE.
Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.
THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.
Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.
No Mercury! No Bleeding! No Blisters!
Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

FRENCH
Steam Scouring and Fancy Dyeing,
IN BOSTON
A. LEWANDO pledges himself, from long study and practical experience in his native country and throughout Europe, in the art of Chemistry and coloring, that he can produce superior fast colors, and his mode of preparing goods for coloring is such that the fabric will retain its former strength and lively virtue, and in no instance assume that dull, decayed look, unavoidably produced by dyers in this country.
Particular attention given to Dyeing and Refinishing, in a NEW AND VERY SUPERIOR STYLE Silks, Satin, Velvet, Merino, Thibets and Cashmere Shawls, Canton and Italian Crapes, Gimps, Fringes, Chenilles, Piano and Table Covers, Hosiery, &c. Feathers colored and curled—by a newly discovered process, far surpassing anything yet offered to the public. He is prepared to dye and cleanse every kind of Ladies' and Children's Dresses, Silk, Velvet or Wool, plain or embroidered, without removing the trimmings, or taking to pieces. Spots taken out without fading or changing color.

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS.
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* never been able to say —NEVER HAS IT ONCE FAILED, IN A SINGLE INSTANCE, when timely used. Never instance of dissatisfaction used it. On the contrary, all are delighted with its operations, and commendation of its magical effects and medical virtues. We speak, in this matter, "*what we do know,*" after ten years experience, and '*pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC.
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and surest remedy in the world, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold throughout the world. Principal Office, No. 13 Cedar st. New York.
Price only 25 cents per bottle.

Mrs. Winslow's Soothing Syrup.

AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, Patent Office of 1837.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Reissues made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that no other office of the kind are the charges for procuring patents, or so successful. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure them an early and favorable consideration at the Patent Office. EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

I. P. Libbey, Watch and Clock Maker,

SUMMER RAMBLES.

ON THE WING, Aug. 13.

A young lady friend of ours, who does more thinking than many of her sex, and is not so careful to be always gracious in her converse with the lords of creation—laughs at the idea of great stupid men sighing for "the wings of a *dove*;" and thinks those of a turkey or goose would better befit them in their grovelling flight. Well, be that as it may, it seems as though we had been travelling on the wings of the wind of late; and so much have we seen to admire and enjoy within the last few days, that we hardly know just where or who we are. However, a few words from "here or hereabouts" will perhaps enable *you*, kind readers, to judge of our situation and sympathize with us in our joy—and though sympathy in grief is doubtless more necessary, we decidedly prefer to be congratulated than condoled with.

A fifty-mile ride over the staunch old Eastern road—grass-grown and free from dust, even in the drought—in charge of the gold-medal Conductor, Young, (why not say, a certain o'clock up or down train, Conductor so-and-so, as we do of a vessel, military or fire—or rather water—company?) left us in the village of Boston;—where, thanks to the amiable clerk of the weather and other kind friends, we spent a day or two most agreeably. Among others, we were specially indebted to Mr. Tracy of the Boston Herald, for editorial courtesies, which he is always so ready to extend to the "profession," (sometimes termed "craft," but not at all appropriate, inasmuch as the fraternity are entirely without that element in their composition and conduct.)

There is so *much* to see in Boston, that we can't see anything, and are always glad to get out of the city. We can't leave, however, without expressing our admiration of the new Franklin street, running from Washington—the finest business thoroughfare we ever saw anywhere. On the opposite side of Washington street, just below the Marlboro' Hotel, a fine block of three stores is being erected, to be ready for occupancy by the first of October. It is owned by Mr. William Sheafe, formerly of Portsmouth, but now a resident of Boston. The north store is rented by Carmi E. King, dry goods; the south store by S. H. Gregory & Co., paper dealers; and the central by Bigelow, Bros. & Kennard, the well known jewellers. The edifice will be a very handsome one.

Then, having taken a look at Boston's very uncommon Common,—glorious, luxuriant spot,—we don't care how soon we leave.

Well, as we were saying, we did up Boston in a couple of days; and then hunted up our old friend S. R. Niles, (he, the redoubtable, of the pioneer advertising agency,) at Cambridge—where we luxuriated for a while. Among other charming walks here, none present more attractions than a ramble in the celebrated and extensive gardens and nurseries of the Messrs. Hovey, which are always open to the public. They have about forty acres devoted to fruit, shrubbery and flowers, of almost every variety; and besides revelling with delight in this rich display for hours—on leaving, we took with us (through the polite attention of Mr. Hovey) a precious memento of the visit, in the shape of a splendid boquet. In addition to the general beauty of the grounds, the special attraction just now is a rare display of about five thousand Japan lilies, second to no flower save the rose.—They are in shape much like the tiger lily, but white or scarlet in color, with black spots, and deliciously fragrant. There is also a rare display of asters, verbenas and even roses. Don't fail to visit Hovey's nurseries at Cambridge, when you get near them—it will be "a joy forever."

The extensive grounds and little colony of buildings of Harvard College are beautiful. The new gymnasium is a neat circular brick edifice, and in our view the most useful structure of the lot. If the youth who abuse the advantages of these classic shades would employ more gymnastics and less pedantics, it would doubtless be to the interest of all who come within their influence.

For the benefit of readers who indulge in euchre, we will mention a new phase of this interesting and skillful game, we enjoyed at the house of a friend in Cambridge. Three-handed, we agreed to count up but one for a euchre; and two of us stood three points to the other's four. Well, D., the dealer, (standing three,) makes trump, after telling F. (also three) *not* to, and N. has passed;—and N. leads. F. has no suit, but obeys D.'s advice, "not to trump, as he (D.) has one," and D. takes the trick. A loud smile all around is the result, when F. finds at the end of the game, not only that by the collusion has he prevented N. from making *his* one point needed, but that he has actually aided to *two* points, and so is himself beaten. So, honesty is the best policy, yet.

There is much of interest, present and historic, in and about Cambridge and Mt. Auburn, beyond; but our stay was too short, and our time is not now long enough to enumerate or attempt to describe. A few words of our flying trip to Lynn and Nahant, and then home. F.

☞ The water-places in Virginia are going off under the hammer. They probably don't pay as well as the liquor places. The Fauquier White Sulphur Springs were sold last week. Seven hundred acres of land attached to the property were sold to Col. Wm. J. Green for $21 per acre. The remaining portion of 410 acres, and the buildings included, were sold to Mr. Huggin of Carolina county for $32,000.' The watering-place known as the Rockbridge Baths, in Rockbridge county, was sold to Wm. A. Mann for $21,000. The Cold Sulphur Springs, in the same county, were also exposed for sale, but bid in by the proprietor at $20,000.

☞ The Pennsylvanian, the accredited organ of the administration in Philadelphia, says:—

"It seems that the Illinois Senator has published a lengthly article, false in its history and vicious in its intentions, on the Territorial question, in the intensest of all Black Republican periodicals, Harper's *Monthly Magazine*."

☞ An Irishman named Mulholland was arrested in New York, Wednesday afternoon, on suspicion of being the murderer of the Hon. Mike Walsh. Mulholland was arrested at the time of the supposed murder, but subsequently discharged, since when he has kept out of the way in Kansas.

SAVED BY HER HOOPS.—A day or two since a lady at Salisbury Point was attacked by a vicious cow, that threw her upon her horns, but owing to the spread of the crinoline the horns did not reach her person, though they made sad work with the hoops, by which she was lifted from the ground and thrown over and over.

TOUCHING.—A few days ago, a bright little girl of probably three or four summers, who recently lost her father, came up to Prof. Wise, at the Jones House, and said:—

"Mr. Wise, won't you take me up in your balloon?"

"Why do you want to go, my dear?" asked the Professor.

"I want to see my Papa," was the touching response.

A tear was visible in the aeronant's eye, as he assured her that it was impossible for him to take her high enough to see her papa.—*Lafayette Journal.*

A fire-eating Irishman, covered with wounds received in duels, challenged a barrister, who gratified him by accepting.—The duelist, unable to stand without support, requested that he might have a prop. "Suppose," said he, "I lean against this milestone?" "With pleasure," replied the lawyer, "on condition that I may lean against the next." The challenger burst into a fit of laughter at the joke, and swore he would not fight so good humored a gentleman.

A TURKEY STORY.—We have had on hand, for some weeks, waiting to be used, the material for a turkey story, furnished us by a friend at Burlington, Vt., written the 6th day of this present August, and who also bestows upon us high honors for our "world wide reputation" for our "dog, cat and toad stories." But to the story—for the truth of every line, word and syllable of which our correspondent is responsible—here it is.

About the premises of the Lake House, in the delightful town from which our correspondent writes, there was an old hen turkey, who, with a desire perfectly natural to her race, and as we contend, entirely justifiable on her part, after performing the preliminary duty of laying a reasonable number of eggs, manifested a desire to "set." To this her respected owner seems to have had some insuperable, but we are justified in believing, utterly unreasonable objection. But the maternal instinct had become developed and it must have an object upon which to bestow the untold wealth of her heart's affections. With a taste which we would not lightly call in question, she betook herself to the hog-pen, where a litter of eight little pigs, spotless and pure as little pigs and little children always are, became the recipients of her motherly care. At the time of writing, the pigs had attained to the age of two months, and had already begun to exhibit those symptoms of inherent depravity so common to them, if not to the other race of which we have spoken in connection. But the motherly old turkey still persists in her labors of love, and utterly refuses to be seperated from them. If one, weary with "wallowing in the mire," lies down to rest, she spreads her wings over him with the utmost tenderness, and if he pokes his nose out from the soft covering, she tries to poke it back, and so she lavishes her love upon her swinish brood. But like ungrateful children, they do not manifest the slightest love in return, and are living every day in open violation of the command. They root her about and pull out her feathers, claw her tail and bedaub her sadly, and yet the faithful creature suffers on in silence.

Morale.—You can't make a whistle of a pig's tail, a purse of a sow's ear, or a turkey fit for Thanksgiving of the possessors of these appendages.—*Nashua Telegraph.*

☞ Rev. Mr. Armitage has resigned the Rectorship of St. Mark's Church, Augusta, to accept a call to become the Rector of St. John's Church, Detroit, Mich.

"Why are you always looking into the glass, madam?" "The glasses I look into help me to improve my appearance; those you look into degrade yours!"

CHOICE EXTRACTS.

No. 1,—from the Washington Constitution:—

"No Democrat has elevated his mind to the duties of this crisis, nor has duly estimated the consequences of it—some of them remote, but all most certain—who does not feel that his *chief* office just now, within his *sphere*, *is to heal dissensions*, reconcile jealousies, and sedulously to promote the harmony of that great National party, under whose auspicious ascendancy the United States have attained their glorious position among the nations of the world."

No. 2,—from the New Hampshire Gazette:—

"We know that the Patriot, and the Democratic papers *generally* at the North, represented, as most of them continue to represent, that the Kansas bill gives the Territory full power over the institution of slavery, but this, as our friend well knows, is mere *clap-trap*, indulged upon the supposition that the masses are incapable of appreciating truth and sound principle, and must be *humbugged*—just as the Wilmot Proviso talk was employed a few years ago. We submit that it is time that this practice was done away with, and the people treated to truth and sound reasoning. The time was when the Democracy of the North was strong and robust under this regime, and there can be little doubt that it would improve their condition to bring them back to it—it certainly *could not make it worse.*"

No. 3,—from the N. H. Patriot:—

"This is an attrocious libel upon the Democratic press, and upon the mass of the most able, upright and intelligent men of the country. * * * We intimated last week our purpose to enter into no discussion with political friends upon the points of difference among them in regard to the slavery question, believing such discussions to be not only profitless but injurious to the cause we all profess to support. And this determination is strengthened, so far as the N. H. Gazette is concerned, by the bad temper, bad manners and bad morality exhibited by that paper in the five or six lines in which it refers to us.

The Gazette denies, with much indignation, the charge that it advocates a "slave code." But this is a mere quibble. It says distinctly that if legislation is necessary to protect slavery in the Territories, such legislation should be granted. This is all that is meant by the term "slave code" such legislation as may be necessary to protect and sustain slavery in the Territories against the adverse action of the people thereof.—No one, even the most ultra slave protectionist, demands anything more, and the Gazette goes for this. * * * * *

The Gazette seeks to excuse its assault upon us by a bold falsehood.

No. 4, from the same N. H. Patriot.

A "DIRTY DOG'S" LIE.—The N. H. Gazette, under its new management, seems to aspire to become the jackal to a sick lion and the retailer of the lies manufactured by that "dirty dog" and toothless viper who has pursued us with such relentless hate and harmless venom for five years. It revives that fellow's mean lie to the effect that we sought but were denied admission to the Know Nothing camp. All we have to say of the statement is, that it is a *malicious lie*, and all we have to say of any one who repeats it is, that he is a wilful liar and a dirty dog, like the manufacturer of the lie. If the editor of the Gazette is ambitious of the distinction to be acquired by the course referred to, he is welcome to pursue it, and to all the glory that will result from it.

☞ News from Liverpool to Aug. 20, is of considerable interest.

A conspicuous lawyer, John Edward Butler, of London, has absconded a defaulter to the amount of £100,000.

The builders strike continued in London.

Napoleon has ordered two government steamers to proceee to Algeria and Guiana to bring back the political exiles.

The news from Italy and Austria exhibit signs of uneasiness on the part of the Austrian emperor, because the Grand Dukes are not more speedily put upon their pedestals,—and on the part of the people of Italy, a desire to keep them off forever.

☞ The Alexandria Gazette says that on the 28th inst., two servants at the farm of E. C. Broun, Esq., about half a mile from Middleburg, were playing with a loaded gun, and one of them was accidentally shot, upon which the other was so much alarmed that he reloaded the gun and shot himself.

☞ In Middlefield, Mass., on the 24th inst., Dr. James U. Church was making a professional tour in his wagon, when his horse took fright, and the Doctor was thrown out, by which his leg was broken, and he was so badly injured otherwise that he died on the 27th ult.

A young fop about starting down to New Orleans, proposed to purchase a life preserver. "Oh, you'll not want it," suggested the clerk, 'bags of wind don't sink."

Scandal, like the Nile, is fed by innumerable streams; but it is extremely difficult to trace it to its source.

Nothing is more odious than the face which smiles aboad, bnt flashes fury amidst the caresses of a tender wife and children.

SPECIAL NOTICES.

Dr. J. Hostetter's Bitters meet with great favor as remedies for diseases of the stomach, and all other diseases arising from a disordered digestive system; and its component parts being entirely vegetable, it is more safe than the ordinary preparations offered to the public, while its pleasant effect on the system renders it vastly popular with those who use it. Dr. Hostetter's reputation is wide-spread, and the care with which he prepares his medicine, secures it always safe and reliable. The Bitters are most agreeable in flavor, and as it contains nothing that can impair the health, but, on the contrary, contributes to its preservation, this preparation must prove highly popular. It is a genuine and truly valuable article for any of the above diseases, and we sincerely trust that our readers may test its excellence.

Dr. Wistar's Balsam of Wild Cherry,

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

Messrs. SETH W. FOWLE & CO.,—*Gentlemen*:—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,
HENRY WOOD.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

LOCAL.

NAVAL.—The United States ship-of-war Cumberland, Commander Mizroom, 28 days from Madeira, arrived in our lower harbor on Wednesday P. M., and on Thursday gave and received the usual salutes.

The sloop-of-war Dale, recently arrived at this yard, has been subjected to a survey, and condemned. The number of hands at present employed on the yard is small.

☞We understand that Rev. Mr. Holmes, of the Christian Society in this city, has sent in his resignation of his pastoral charge, to take effect Oct. 1st.—His activity, energy and industry will be missed here; but these qualities, with the fact of his former connexion with Antioch College, and his fresh acquaintance with the French and German languages, will doubtless procure some good place for teaching, with opportunity to preach, should he desire such.

☞The store No. 6 Market Square, between the Athenæum and Walker's clothing store, is being improved and refitted, for a News Depot, and is to be occupied in a few days by Mr. John H. Locke. It is an excellent location, and will be a fine store, and Mr. Locke's courtesy and attention to business will ensure success, as in the past. We are the more interested in his movements and welfare, from his having been for several years an efficient and faithful agent for the Chronicle.

☞We learn from a gentleman who was present when Elder Himes was arrested at East Kingston, for selling the Hymn Books, —that the prosecution was undoubtedly malicious, and that the prosecutor had manifested a purpose to molest the meeting and break it up if possible.

We perceive by a handbill, that there is to be an Indignnigation Meeting of Citizens without distinction of sect or party, held at the New Town Hall in Exeter, on Saturday at 2 o'clock P. M.—At this time the Elder, who is still in prison, will be brought out, and will address the assembly.

He will also preach at the same place on Sunday, at the usual hours.

THE COUNTY FAIR.—A meeting of the officers of the Rockingham Fair Association was holden in Exeter on Tuesday, and Exeter has been definitely determined upon as the place of exhibition, and Thursday and Friday, and Sept. 22d and 23d, as the time. Gen. Charles A. Nason, of Hampton Falls, will be Chief Marshal.—We are unable at present to name the orator. Immediately after the address, Friday, will commence the sale of cattle, sheep, swine, agricultural implements and products in the Fair ground, when a rare chance will be offered all desirous of purchasing or disposing of stock. On Friday, will come off the grand display of female equestrianism—two prizes being offered (the first a silver cup, and the second three dollars) for the best riders. And the exhibition will close with trotting matches on the Fair ground, where some lovers of the sport have undertaken to lay out a track for the purpose.

For the Chronicle.

AWAKE OUR CITY—An enemy is in our midst; an enemy more dangerous than an armed host. Where are our Spartan mothers, who sent their husbands and sons to defend their homes and firesides? Mothers and wives, arouse! lift up your voices! there is danger in your city—an enemy to virtue and good morals. The vile and licentious are thronging our city—fathers, husbands and sons are alike deluded by their wiles. Friends of good morals, let your voice be heard, until these dens of iniquity are driven from the heart of our city.

AN INJURED WIFE.

☞We are indebted to Mrs. Lowell Jenness, for a tasteful bouquet of superb dahlias, of shades from the purest white to the richest veritable dahlia color, interspersed with fragrant lavender and the beautiful golden myrtle.

Also, to Messrs. Hovey, of Boston and Cambridge, for a handsome bunch of rare flowers, including choice specimens of the magnificent Japan lilies, China asters, roses, &c.

Also to Mr. R. K. Oxford, of this city, for a fine dahlia plucked from a stalk in his garden, *ten* feet high.

☞A little boy, son of Dr. Adams Perry, fell overboard from a wharf near Tobey & Littlefield's shipyard, on Noble Island, a few days since. Mr. Moses Spinney, who lives on the Island, jumped into the water and rescued the little fellow, who travelled home as if nothing had happened.

☞The Oyster Saloon of Andrew Davis on Daniel Street was forcibly entered a few nights ago, and robbed of a quantity of silver change.

☞The Steuben county Poorhouse, near Bath, N. Y., was burnt on Saturday night. Six insane persons were burnt to death, and all the other inmates of the insane department more or less injured.

PORTSMOUTH TAXES.

Persons, Firms, &c., taxed $25 or more.

We give below, a list of 400 taxes and tax-payers in this city, for the current year 1859,—being a complete list of those who pay $25 or more.

The Assessors' books do not always show who the wealthy men of a town are, but they do show who pay the taxes, and therefore are a subject of interest.

GROVER & BAKER

SEWING MACHINE COMPANY,

No. 18 Summer Street, Boston,

MACHINES FROM $50 TO $125.

HEMMERS, $5 EXTRA.

TESTIMONIALS.

PORTSMOUTH, July 16, 1859.

Several months have now elapsed since one of these machines was first introduced for our family use. For several weeks those who attempted to operate it having had no instruction, it was regarded as of little value, although some work could be done. But no sooner had one of experience taken hold of it, giving the proper tension to the cotton, proper oiling, &c. to the machinery, than it worked admirably—and now for months it goes on like clock work, doing handsomely all the work submitted to it, and accomplishing as much work in an hour as could be done by hand in a long summer's day. These machines are decidedly popular. We have never heard of one being sold to procure another from a different maker,—while we have known others to be laid aside to give place to Grover & Baker's. Any one can operate them after an hour's instruction from an experienced hand.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

CHARLES W. BREWSTER.

PORTSMOUTH, April 12, 1859.

We have seen one of Grover & Baker's $100 Sewing Machines used to do the Sewing of two families, for the past year or more, to the perfect satisfaction of all concerned—without once getting out of order, or requiring the least repair.—We would as soon try to dispense with a Cooking Stove in a family, as to attempt to get along without a Sewing Machine. Money invested in a good Machine pays much more than legal dividend, in actual cash savings—to say nothing of the higher consideration, of comfort and convenience, nay, even luxury, it affords to the ladies of a household. Whatever may be the experience with other Machines, we never knew a Grover & Baker to be discarded or found wanting.

FRANK W. MILLER.

PORTSMOUTH, April 12, 1859

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others.

ALLEN & PAINE.

C. C. WHITTEMORE,

STORE NO. 7 DANIEL ST.

AGENT IN PORTSMOUTH

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

DYE YOUR HAIR AND WHISKERS.

By using Hutchins' Liquid HAIR DYE, you can color Red or Gray Hair to a beautiful Brown or Black. This is the best article in use. A lady says it is cheaper to use it than to by caps to cover her gray hair.

Lood at that gentleman's whiskers. Hutchins' Hair Dye makes them look so handsome. A new lot is just received for the accommodation of the public, by BRACKETT HUTCHINGS, No. 4 Market street june20

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over a I others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S

CORDIAL OF DANDELION,

SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.

This testimony of my wife is correct.

IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]

GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, which has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,

SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.

A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

THE

BAY STATE RANGE.

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having

TWO LARGE OVENS

AND

SIX BOILING PLACES.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF, and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers buy one, and save

TIME, LABOR AND FUEL.

ITS ADVANTAGES ARE NUMEROUS
IT COSTS LESS,
IT OCCUPIES LESS SPACE,

CONSUMPTION IS CURABLE!
BY THE USE OF
Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the
HYPOPHOSPHITES
OF LIME, SODA AND POTASH,
Originally discovered and prescribed by him as a Specific Remedy for
CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENCY VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PRESERVATIVE, and a
SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,
which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *fac simile* signature is upon every bottle."

☞ Price $2 per bottle, or three bottles for $5, with full directions for use. Write for Circulars, which will give RELIABLE INFORMATION and save from all possibility of deception. "My Mother's Salve" is a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.
"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.
Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck

The Sagamore House, Frost's Point,
IS NOW OPEN.
This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.
The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.
S. B. FITTS, Proprietor,
nu25w formerly of City Hotel, Newark, N. J.

DR. J. B. HUGHES,
Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.
Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.
DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inserted upon his books as perfect cures.
Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.
Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.
This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are universally lauded in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.
The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.
All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.
These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.
P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. j3 dly

THE ONLY ARTICLE
UNRIVALLED IN THE MARKET,
WITH IMMENSE
HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.
MESSRS. O. J. WOOD & Co.,
Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.
The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.
My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS,
Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.
PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.
You can publish this if you think proper.
Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept 9, 1857.
PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well clothed with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,
D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and sells for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $6 a bottle.

The Liver Invigorator.
PREPERED BY DR. SANFORD.
COMPOUNDED ENTIRELY FROM GUMS,
Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.
One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.
Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.
One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.
One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.
One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.
A few bottles will cure DROPSY by exciting the absorbents.
We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.
One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.
Only one dose taken before retiring, prevents NIGHTMARE.
Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.
One dose taken after each meal will cure DYSPEPSIA.
One dose of two teaspoonfuls will always relieve SICK HEADACHE.
Only one dose immediately relieves COLIC.

All who use it are giving their unanimous testimony in its favor.
Mix water in the mouth with the Invigorator, and swallow both together.
PRICE, ONE DOLLAR PER BOTTLE.
Dr. SANFORD, Proprietor, 345 Broadway, N. Y.
Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* we have never been able to say of any other medicine, —NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of the highest comendation of its magical effects and medical virtues. We speak, in this matter, *what we do know,* after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, WIND AND COLIC.
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York
Price only 25 cents per bottle.

AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington,
PATENT OFFICE DIED IN '57.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, SEPT. 3, 1859.

FROM AUSTRALIA.

FOOTSCRAY, Australia, April 29, '59.

Dear Chronicle:—Having but just arrived here from the Dandenong gold field, with nothing particular to do, and hoping it may interest some to peruse a true and faithful account of Australian life, I will now proceed to give you an unvarnished statement of what I saw on my last exploration in search of the elephant. Having heard most wonderful rumors regarding the diggings among the Dandenong ranges, I concluded to try them myself, and accordingly, on the first day of April, (O, day most appropriate !) in company with a mate, and with a big "swag," (American, plunder,) consisting of two blankets, a hammock, a tin kettle, called a "billy," a hatchet and gun, started to walk over the 45 miles between here and wealth. We encamped for the first night within fifteen miles of the diggings, by the side of a little brook, where we built a maimi, or hut of branches, made a good fire and some tea quite the reverse, and would, no doubt, have passed a pleasant night, but for one drawback,—a heavy rain

Next day we reached the ranges, and took a claim, and the following morning commenced a tent, which we finished before night, and commenced operations as gold-hunters. We sank about twenty holes the first week, but got only gold enough to pay our expenses.

At the end of a week we were joined by two others, whom we knew, and as three could do as well as four, at digging, we took turns in hunting for wild bullocks, which game was not unfrequently met with,—tho' not by us. After each of my mates had tried their skill and patience, without success, it came to me, and I took the old musket and dog, to show 'em what a Yankee could do. Sure enough, after rooting thro' thicket and bush for about an hour, I came in sight of an old bull, gazing in an opening. I watched a half hour or more, when finding that I couldn't get a *good* shot at him, and also fearful he might leave, I crawled to a bush which stood within about 50 yards of him, in the open space, and attacked him most gallantly in the rear with a bullet. He was evidently somewhat surprised, but immediately formed in order of battle, and charged upon the enemy, who countermarched in a masterly manner, leaving the musket to cover his retreat, and with the faithful dog acting as pioneer and vanguard. How far the old bull ran I don't know: but I didn't stop till I fell over a projecting root, into a thick bush, at least a half-mile from my gun, which I didn't find near sunset, when, thinking I had done enough for one day, I started for the camp, which I reached soon after dark. There I found that one of the party, called Jim, had been exercising his talents in making a "damper." This damper is made by mixing flour and water, and baking the dough in the ashes, and when done, it is considered by some credulous people to be suitable for human beings to eat.

Well! Jim had mixed his dough on a shovel, and in consequence of the shovel being an old one his damper was pretty fairly mixed of flour and sand. He had also dropped it once, and Tom had sat on it a few times—taking it altogether, I have no hesitation whatever in pronouncing it to be the worst damper, beyond all comparison, that ever was made. Many thanks to Jim's modesty—he hasn't tried to make a damper since.

We kept on at work, sinking for gold, till the 21st, when, on squaring up accounts, and finding myself sixteen shillings out of pocket, I thought I couldn't do better than give up gold-hunting, for a time at least. I walked to Sunbury, 40 miles, and from that place took the cars for Footscray. I was much surprised to find in Sunbury a railway depot fitted up in fine style,—waiting rooms carpeted and furnished with good chairs, small rooms containing soap, towels, brushes, and combs, with plenty of water for the convenience of passengers, and a number of police to keep order among the gentlemen when they get drunk, which they frequently do at the railway station bars, at all of which liquors are sold.

The more I see of this country, the more am I convinced that temperance is at a great discount. On the diggings nearly all the population go on a spree on Saturday night, and keep it up till Monday. One tent in three is a "groggery" shop, and the public houses are numerous and well supported. When a digger makes a good haul, he gets drunk on the strength of his good luck; and if unfortunate in his choice of a claim, he drinks plenty of rum to keep off despondency. Good Friday and Easter Monday, being holidays, were well improved, and the various lock-ups are crowded with gentlemen who were picked up in gutters and back streets. There are some temperance people here, though, for I saw, some time ago, a procession consisting of two thousand children, (Bands of Hope,) marching thro' the streets to the music of a brass band.—One party, numbering about 150, was made up of fine, healthy-looking girls, (read young ladies, if preferable,) of from 12 to 18 years of age. But, excepting the Band, (who didn't look very abstemious,) and the Marshals of the procession, not a male did I see over ten years of age. In passing one point on the line of march, they were hissed and hooted at by about fifty gallant fellows, who feared neither rum nor the law. With this single exception they were unmolested.—They made a fine show, particularly the young women.

Laborers are plentiful, and employment very scarce. No one can settle where he chooses, but must wait until government surveys a tract of land, and puts it up at auction, when the man of small means has the privilege of bidding against the capitalist, for a farm not half so good, perhaps, as one he would select for himself. In this way 3,000,000 of acres have been sold, but the principal part of the colony, 53,000,000 acres in hands of a few squatters, who use the land as sheep-walks and cattle-stations, and pay a mere nominal rent. Great exertions are being made to open the lands to actual settlers,—when 'tis done the times will improve, and not till then.

There is a law here, which seems rather queer to an American,—the "master's and servant's law," I believe it is. If a laborer hires out for any given length of time, he must stick to his agreement, which is perfectly right. But, no matter how he may be treated, he can get no redress at law,—if he pitches into "the master" he gets a year in jail for insubordination and assault, and if he clears out he is advertised for, as having deserted his hired service, and if caught, gets six months hard labor, breaking stone, on roads. Your humble correspondent tried his hand as a shepherd, for a squatter, at 30s. sterling per week, and board, and made out very well, for three weeks, when his tobacco gave out, and he went to the station for more, but was ordered by the overseer to go back to the flock, or else "look out," upon which he enquired of the overseer if he was anybody in particular, and was threatened with the law, and, (what no doubt the overseer thought was worse) the squatter. Now, I suppose Uncle Toby will think it perfectly right to keep 'ice' without his regular smoke, but he didn't think so himself, and declared his intention not to go near the sheep till the weed was forthcoming. The old squatter came at last, and talked of correcting the refractory shepherd but as said shepherd had a heavy stock-whip, and the squatter only the law, he contented himself with ordering him to his station, under a penalty of six months on the road, in case of refusal. Ice had nothing to do, (after consigning squatter and overseer to the *pit*,) but to obey, and went back in very bad humor,—let the sheep have their own way and run through the bushes, and positively refused to be "corrected,"—and played shepherd so well that the squatter was glad to get rid of him at last by paying him off, and giving him a written discharge.

But this letter is too long already, so I may as well bring it to a close.

Yours, ICE.

☞ Contrary to the popular belief, it is stated cattle, sheep and pigs sometimes eat the tobacco plant with avidity. A gentleman informs the Hampshire (Mass.) Gazette that two or three years ago he allowed his sheep to run under a shed where he had hung tobacco to dry, and they ate the ends of all the plants they could reach.

THE BROAD CHURCH CREED.—A disciple of Dr. Bellows, on being asked how long the creed of the New Catholic Church was to be, replied—"Why, as long as it is broad, to be sure."—*N. Y. Saturday Press.*

☞ A wealthy old gentleman of Texas, having fourteen fashionable daughters, all married, presented them each with one of Grover & Baker's sewing machines, with the hint that the one who should make the best use of the utensil should have the warmest corner in his will.

If you cannot reason or persuade a man into the truth, never attempt to force him into it. Times are altered since the fire and fagot, cutting off ears, drowning witches, and other holy games. But the same spirit still lives.

☞ A large quantity of oil was scooped up from the rivers, docks and streets after the fire in New Bedford, one man saving one hundred and fifty barrels. The referees chosen to decide what salvage should be allowed on this oil, awarded to the salvors three-fourths of the quantity saved by them. It sells generally for 25 cts. per gallon.

The annual income of Mr. Wm. Macdonald, the owner of Flora Temple, is eighty thousand dollars. He resides in Baltimore and is highly esteemed for his generosity and straightforward demeanor.—*Boston Herald.*

☞ A new law in Connecticut makes it a misdemeanor to drive a hired horse beyond the point bargained for. The first victim of the regulation was fined $5, and sentenced to be imprisoned 15 days.

An old writer says, "words are women, deeds are men." This accounts for the fact that many men are much more fond of words than deeds.

☞ A remarkable and perilous undertaking has just been accomplished in Worcestershire, England. Here is one of the tallest chimnies in the kingdom, being no less than 312 feet. Upon the chimney was a lightning conductor, but the action of the chemical gasses from the chimney having eaten away all the projecting portion of the conductor, the proprietor engaged a Mr. Brown, of Sheffield, to ascend to the top of the chimney by the exterior. Accordingly Mr. Brown prepared 24 ladders, each 21 feet in length, and having placed one in position at the foot of the chimney, spliced the second to it by ropes, at the same time securing it from motion by pins fixed in the chimney. In this way each of the 24 ladders was raised. The chief difficulty, however, was in fixing and ascending the last ladder, there being a cornice at the top of the chimney projecting three feet and six inches. However, this difficulty was cleverly overcome, and the ingenious and venturesome contractor, having ascended it, stood in safety on the top, and renewed the top of the lightning conductor. To ascend a chimney of this height by ladders, is a feat never before accomplished.

☞ A despatch to Traveller from Worcester, Sept. 1, says the People's Free School Convention was a failure, in numbers and character. The number present at any one time was not over sixty. Not a man of influence in the State was present.

After diligent inquiries of the reporters when the last political convention was to be held, it was voted to adjourn to the first of October.

A resolution was passed, declaring that if the Legislature repeal the law abolishing the school districts, and abolish the Board of Education, the organization will dissolve.

It was voted not to nominate candidates, but to wake up the people by agitation.

WASHINGTON, Sept. 1.—Gen. Lane, in a private letter, says in relation to the Presidency, he is content to place himself in the hands of his friends, and will take no steps to bring himself before the people as a candidate.

Judge Douglas intends leaving Washington on Monday next, proceeding via Pittsburg to attend the State Fair at Chicago, on the 12th inst. It is now probable he will be able, while on his way, to comply with the request of the Democratic State Central Committee of Ohio, to canvass the State so far as to deliver speeches.

Gov. Willard, of Indiana, and Gov. Sibley, of Minnesota, are at the National Hotel. Ex-Senator Soule is also in the city.

THE NAHANT REGATTA.—The regatta at Nahant on Monday next will be an exciting affair. Already many entries have been made, the list including several of the yachts which were in the first race, together with boats from Stonington, Portsmouth and Newburyport.

PORTLAND, Sept. 1.—In the trot to-day between Flora Temple and Princess, on Floyd & Bailey's Island Park, for a purse of $1000, Flora won in three straight heats—time 2:30, 2:26 1-2, 2:29. The weather was fine and the attendance large.

☞ The price of passage in the Great Eastern, to Portland and back, allowing the passenger to live on board during the stay in Portland, has been fixed at £42—about $210.

NEW YORK, Sept. 1. — During a squall last evening, yacht Edda, owned by Mr. Roosevelt, was capsized in the Sound, and two young ladies drowned. One was Miss Julia Waterbury, daughter of Lawrence Waterbury, Esq., of this city; the other a Miss Craven.

☞ A new "marble palace" which cost upwards of $200,000, has been opened in New York as a retail dry goods house.

A New York paper says that "a very great business is done in neck ties" in that city. Certainly not half so great as there ought to be.—*Louisville Journal.*

Tomkins, when called upon to hand in to the Income Tax Commissioner his list, wrote this admirably clear statement:—

"One old house all out of repair,
Two hogs, two sheep, and a poor old mare;
Thus you have my honest list
Pray don't let the toll exceed the grist."

CINCINNATI, Sept. 1.—This morning McKeehan and Blanchard's Pork House was burnt, with contents consisting of 3,000,000 lbs meat. Loss $50,000; fully insured.

BURNETT'S TOILET ARTICLES—For the Skin, the Hair and the Teeth. Mr. Joseph Burnett of Boston has produced from his prolific Chemical Laboratory, different articles of no common value.

Kalliston, Cocoaine, Florimel and Oriental Tooth Wash, make a valuable Toilet Quartette, each one the best article for its purpose to be obtained anywhere.

These are put up by the proprietors in small boxes or Cartons containing one package of each preparation; and the name of toilet companion has been applied thereto.

It seems to be Mr. Burnett's aim to make everything he makes at all, the *best*; and then telling the public of the fact in a thorough way, he relies implicitly and safely enough on large sales, and consequently good returns for trouble, care and outlay.

SPECIAL NOTICES.

Dr. J. Hostetter's Bitters meet with great favor as remedies for diseases of the stomach, and all other diseases arising from a disordered digestive system; and its component parts being entirely vegetable, it is more safe than the ordinary preparations offered to the public, while its pleasant effect on the system renders it vastly popular with those who use it. Dr. Hostetter's reputation is wide-spread, and the care with which he prepares his medicine, secures it always safe and reliable. The Bitters are most agreeable in flavor, and as it contains nothing that can impair the health, but, on the contrary, contributes to its preservation, this preparation must prove highly popular. It is a genuine and truly valuable article for any of the above diseases, and we sincerely trust that our readers may test its excellence.

Dr. Wistar's Balsam of Wild Cherry,

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

Messrs. SETH W. FOWLE & CO.,—*Gentlemen*:—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1855, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

Dr. Langley's Root and Herb Bitters.

They are made from the most valuable Roots, Herbs and Plants in the vegetable kingdom.—They act at once upon the very seat of disease.—They remove all obstructions from the internal organs—regulate the Bowels—purify the Blood—remove Humors—excite the Liver to a healthy action—give strength and tone to the stomach—cure Jaundice and Dyspepsia—create an appetite—increase and renew the circulation—remove all Bilious diseases—cure Piles, Headache, Weakness, &c., and are the best medicine ever discovered for all Female Complaints. The purify, heal, strengthen, build up and keep in order "the house you live in."

Doctors' prescriptions, clothed in Latin verbs,
Now yield the palm to laughing Roots and Herbs;
Forsake vile drugs and cull from Nature's store,
As did the Patriarchs in days of yore.
Roots, Herbs and Barks, the best in Nature's store,
From broad Atlantic to Pacific's shore,
From North to South, their healing virtues lend,
And in these Bitters prove the people's friend.
They'll strengthen, warm, your bodies vigorous make,
Rouse drooping spirits and new blood create.

So if you wish to feel well, act well, do well and keep well, use this standard valuable medicine.

BAY STATE RANGE

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having

TWO LARGE OVENS

AND

SIX BOILING PLACES

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, in which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the openings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day and with much less fuel too.

The ovens are splendid. I have baked five cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

LOCAL.

THE CONCERTS this afternoon and evening, by Father Kemp's troupe, will be rare entertainments indeed—not only to lovers of the ancient sacred music; but the programme is so varied as to suit all.

Their concert here last year, like those given everywhere else, proved them to be a fine band of musicians—the best drilled choir, and the most effective of its size, we ever heard. The veritable old folks, who don't go out evenings, will have a good opportunity to hear them this afternoon, and we advise them not to miss the treat.

As to the costumes of the troupe, all of which are singular, and some very rich and handsome—we dislike the idea in general, of dressing up for an old folks concert, but this choir deport themselves with such unexceptionable propriety, and everthing is so far from ridicule, burlesque, or trifling, that we almost entirely forgot our objections to their dress.

When concerts of all kinds are as scarce as they are here now-a-days, nobody who professes or desires to have a spark of regard for music, ought to neglect the opportunity to enjoy such entertainments as these, which this deservedly celebrated company will certainly give us.

☞ The New Hampshire General Association have agreed to adopt the Conference system, and the body is herafter to be known as the General Association and Conference of New Hampshire. The number of delegates, both lay and clerical, not to exceed sixty members, or one representative to six churches.

They voted to earnestly commend the [North] American Tract Society, Boston, and to recommend annual collections for its funds by the churches.

NEW HAMPSHIRE STILL PROGRESSIVE. The following extract from an article in the last number of the Concord Statesman, has the true granite vein:—

"There has an immense deal of wrong been inflicted upon the villages and agricultural property of New Hampshire; and so people abroad have received the impression that emigration and speculation have been the death of us. It is high time this wrong was redressed. It is time the public were set right, and made to understand that New Hampshire was never so good a State to live in as now. There may not be so much trade in *some* of the villages as there was years ago, but with some exceptions, the villages of the State were never so well kept as now; and as for farm property, it never was so well tilled, and never so productive as during the precise year of our Lord 1859, and never worth so much."

ERRORS ABOUT REV. DR. DANA.—Some writer, (whose statements are copied in the Portsmouth Journal,) in speaking of the late Dr. Dana, very truly says that "he was not only a fine scholar, but ever manifested the deepest interest in our educational institutions."

But then, very erroneously, he adds,—

He is said to have been the founder of the academies at Andover and Exeter, and one of the founders of the Theological Seminary at the former place. He preceded Dr. Abbot in the celebrated Phillips Exeter Academy.

A few dates will set this all right. Dr. Dana was born in 1771, and graduated at Dartmouth College in '88.

Exeter Academy was founded in 1781, when Daniel Dana was 10 years old, by donations of John Phillips.

Andover Academy was founded in 1778, when the little Dana boy was 7 years old, by donations from Samuel Phillips and John Phillips.

Daniel Dana, then, was in no sense the founder of either of these academies. And he was not a founder of Andover Institution, otherwise than by being an early friend of the institution, and holding an important trust under it. Its great money founder was Mr. Bartlett of Newburyport, and its great clerical designer was Dr. Spring and not Dr. Dana.

Daniel Dana did not *precede* Dr. Abbot in the preceptorship at Exeter. Dr. Abbot began there in '88, the same year young Dana graduated at Dartmouth, aged only 17 years. Dana was appointed preceptor of Moore's Charity School at Andover, in '88, as soon as he graduated, and staid there till '89, i. e. one year—then, or very soon afterwards, (we have not the date,) he was a *teacher* at Exeter, for we think about two years, with Dr. Abbot, under his preceptorship, not *before* him.

Then, sometime, he studied divinity, (with his father, we think,) and in '95 he was settled at Newburyport.

☞ The New Jersey State convention of the democratic party have just

Resolved, That we deeply regret and emphatically disapprove of the attempts now being made to build up a party in favor of reviving the abominable and inhuman foreign slave trade, and of repealing the laws of the land enacted against it, and we earnestly desire that those laws may be rigidly enforced.

This looks as if those attempts were *real*, and looked to a *party* to aid,—though all this has been stoutly denied in some quarters. It is true, though,—and this is not the last of it.

The N. Y. Independent of last week had a letter from a correspondent at Honolulu, who says that in some parts of the Sandwich Islands there is a lamentable falling away from the Christian faith among the native Christians, and that there is a disposition to return to their old heathenish idols and practices. The Traveller thinks this is incorrect, and the writer says he saw at the Missionary House, yesterday morning, seven bells, with the frames and all complete for seven different churches in the Sandwich Islands. These were ordered there, and are paid for by the native churches.—He thinks this does not look like running out, but it seems a queer proof of religion. It is something of a rarity, say people who have been there, to encounter a pious Sandwich Islander.

So says the Boston Post; and the latter sentences have some foundation in truth—yet they are peculiarly liable to mislead one class of readers. Church bells are not much *proof* of religion—but they are certainly a *sign* that the people who buy them make pretension or profession of it.

We know not what standard of *piety* the writer sets up, but it must be something outward and visible, otherwise it could not be *encountered* rarely or otherwise.

We are inclined to believe, from the testimony of those who have resided there, that the Islanders get more credit *here* for piety than they do at home; and that they are more inclined to worship their bottles and indulge their appetites, than to worship images. In short, that they are an imperfect set of mortals, with morals no better than we have in this country.

A FIRST RATE NOTICE.—The Manchester Republican says:

Horace Bonney, member of the Common Council from Ward Five, and landlord of the American House, keeps a "Branch House" at Hooksett, at the old "Clark Tavern." It is a notorious place, and receives quite an extensive patronage from the "fast boys" of Manchester. He has been tried and convicted, for selling liquor, at the Supreme Judicial Court for Merrimack county, now in session at Concord.—Ebenezer, father of James Clark, of the same establishment, was tried on three indictments, on two of which he was acquitted, and on the third the jury disagreed.—He was being tried on a fourth, but we have not yet learned the result. The names of landlord and occupants are enough to satisfy any one in regard to the character and uses of the "Branch." We recommend the place to the notice of the citizens, and especially the officers of Merrimack county.

☞ The Concord Democrat says the August term of the Supreme Court closed Aug. 24. The last case tried was that of State v. Ebenezer Clark. The respondent was up for selling liquor at the "old stand," known as "Clark's Tavern," in Hooksett.—By hook and by crook, he had got off on three other indictments, or rather on two, the jury not agreeing on the third. On this fourth he and his counsel made a hard fight. Among the desperate things said and done, they attempted to break down the reputation for truth of a respectable farmer of Chichester. But the jury found Clark guilty. He was not forthcoming for sentence, but his bondsmen will have to bring him in, and he must pay his fine of $50 and costs and look out for the future. Abuse of witnesses by "learned counsel for the defence," and the challenge of temperance men on juries, don't always pay.

CHICAGO, Sept. 2.—The machinists at Laporte and Adrian, of the Michigan Southern Railroad, struck yesterday and refused to allow anything but the mail car and engine to run. Passengers two left here yesterday morning, returned last night. The cause of the strike was the inability or refusal of the road to pay back notes. No trains have left here since yesterday morning.

All men who do anything must endure a depreciation of their efforts. It is the dirt which their chariot wheels throw up.

☞ On Friday morning, ex-President Pierce was handsomely received at Manchester, by the Amoskeag Veterans, under command of Col. T. T. Abbott, who made a neat and appropriate address, to which the ex-President replied in his usual easy and pertinent manner, addressing the soldiers and citizens assembled as his fellow citizens of the Amoskeag Veteran, and his fellow citizens of his native county of Hillsborough.

Ald. Chandler J. Wells, who is about the hardest hitter and the best billiard player in Buffalo, was robbed of his gold watch and fob chain by an adroit pick-pocket while getting out of the cars at the Central Railroad Station, in that city, on last Thursday evening. Mr. W., however, missed his property immediately, and, seeing it in the fellow's hand, made a grab at the fellow's throat and secured him. The thief was glad to get out of the Alderman's clutches into those of the police. Some years since Mr. Wells was on a Hudson river steamboat, when he felt a man's hand in his pocket. Putting his left hand stealthily behind him, he seized the thief by the coat, and, holding him fast, dealt him two blows with his right. The fellow escaped jail, for the reason that he lay for some six months with his jaw broken into splinters, and other severe injuries.—*Boston Post.*

TESTIMONIALS.

PORTSMOUTH, July 16, 1859.

Several months have now elapsed since one of these machines was first introduced for our family use. For several weeks those who attempted to operate it having had no instruction, it was regarded as of little value, although some work could be done. But no sooner had one of experience taken hold of it, giving the proper tension to the cotton, proper oiling, &c. to the machinery, than it worked admirably—and now for months it goes on like clock work, doing handsomely all the work submitted to it, and accomplishing as much work in an hour as could be done by hand in a long summer's day. These machines are decidedly popular. We have never heard of one being sold to procure another from a different maker,—while we have known others to be laid aside to give place to Grover & Baker's. Any one can operate them after an hour's instruction from an experienced hand.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

CHARLES W. BREWSTER.

PORTSMOUTH, April 12, 1859.

We have seen one of Grover & Baker's $100 Sewing Machines used to do the Sewing of two families, for the past year or more, to the perfect satisfaction of all concerned—without once getting out of order, or requiring the least repair.—We would as soon try to dispense with a Cooking Stove in a family, as to attempt to get along without a Sewing Machine. Money invested in a good Machine pays much more than legal dividend, in actual cash savings—to say nothing of the higher consideration, of comfort and convenience, nay, even luxury, it affords to the ladies of a household. Whatever may be the experience with other Machines, we never knew a Grover & Baker to be discarded or found wanting.

FRANK W. MILLER.

PORTSMOUTH, April 12, 1859

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them **The Best in the Market!**

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S

CORDIAL OF DANDELION,

SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.

This testimony of my wife is correct.

IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]

GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,

SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.

A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 13 CABOT ST., Portsmouth, N. H.

POLICE COURT AT EXETER.—Three persons, whom the Ballot calls "fast young men of Epping," were tried at Exeter, on Wednesday of last week, before Justice Thomas Smith, for trespass upon the property of H. G. O. Rundlett of Epping, in breaking up the bar of the Pawtuckaway House, and also for removing the front door of the house, and for other rowdyish and illegal conduct. Chase Pike was fined $8 and costs. Augustus B. and Thomas F. Caswell were bound over in the sum of $200 to appear at the next term of the S. J. Court, to be holden in this city on the 3d Tuesday of October.

DANCING AND WALTZING.—By an advertisement in another column, it will be seen that Mr. Sam'l Lamprey will commence a school for young Ladies and Juveniles on Wednesday afternoon next, at Rechab Hall. Mr. Lamprey is well known to our citizens as a successful teacher in all the various departments of the Terpisichorean art, and the large number of parents who have heretofore placed their children under his tuition, have been highly pleased with their progress in this graceful accomplishment.

IN BOARD OF ALDERMEN.—On Thursday evening—Petition of A. W. Haven and others, to have cross walk from the Market to North Meeting house removed on a line with the southerly side of Congress street—granted.

Petition of Edmund Davis and others, to have Sagamore road, (from Little Harbor road to Jones Lane) widened—referred to Committee on streets.

Voted and chose George J. Smart Health Officer, in room of Joseph Hart resigned.

RECEPTION OF EX-PRESIDENT PIERCE.—General Pierce arrived in Boston Saturday morning, in the steamer America, from Liverpool, and is stopping at the Tremont House a few days, before proceeding to Concord, N. H. On Saturday evening, says the Boston Courier, he was waited upon by the Democratic Ward and City Committee, attended by the Brigade Band, and a serenade of welcome was given him. After the band had played several airs, Mr. Pierce appeared at the window and was received with loud cheers by the large crowd of citizens assembled in front of the hotel.—He was introduced by Mr. Francis J. Parker in a few appropriate remarks.

General Pierce replied as follows:

I thank you cordially, gentlemen, for the manifestation of kindness which this call implies. After an absence from our shores much more protracted than I had anticipated when I left them, I found a degree of satisfaction in again planting my foot on New England soil quite unanticipated, often and earnestly as my heart has yearned for home.—(Cheers)

Even in these past two years many changes have occurred; some of them national in character, and bearing sorrow and profound sense of loss throughout the land.

The death of your neighbor and friend—the statesman, orator and patriot, whose fame was not limited to his own country—reached me on the other side of the Atlantic, but a few days previous to my embarkation. With all my sympathy with those who are bound to him by the dearest of earthly ties and whose loss is irreparable,—with all my homage for his genius, that which I felt stirring in my heart with a warmer and deeper feeling than all beside,—that which will cause his memory to be cherished by you as American citizens, beyond any mere intellectual superiority, is the fact that his patriotism was as steady, broad and glowing, as his eloquence was brilliant and his learning varied and profound. (Great applause.) I do not, of course, mean to speak the language of eulogy, but I cannot consent to stand before you, and in the pleasure which I experience in your kind greeting, and in being thus reminded that I have a place in your personal regard which neither time nor absence are likely to shake, and seem for a moment to forget the great loss which you especially, and which the nation, as a whole, has sustained in the death of Mr. Choate.

You do not, my friends, expect anything like a speech from me to-night, and if you did, I cannot fittingly respond to the expectation.

You will be glad to know that the great object of my voyage to Maderia and thence to Southern Europe has been partially realized:

For myself, I have during my absence found much to enjoy, and, I will add much to admire; but after all, I have come back more thoroughly convinced, than ever before, of the wisdom, strength, and durability of the institutions under which we live, and of the Constitutions which upholds them. We have no question of "the balance of power" to continually agitate and disturb us.

We need not give ourselves one moment's uneasiness about armaments by sea or by land, on the part of any foreign power. Whether these foreign armaments be increased or diminished—whether they be strong or weak—is to us, as a nation, a matter of indifference. With the great barrier of the Atlantic rolling between us and them, so long as we are true to ourselves, true to our theory, true to our honor and dignity, and just to them, they will have no motive, and, let me add, I believe they will have no inclination to interfere even if they had the material might, with our outward march of peaceful prosperity. (Renewed cheering.) We have only to cultivate the peerless inheritance which, through the interposition and blessing of God, has descended to us; to recognize and gratefully acknowledge His goodness; to obey law, and, first of all, the fundamental law of the land, and we cannot fail to secure an unchecked career of pervading, united prosperity and happiness. I can express no better wish for you, and for my country, than that these may be your and her possession.

Renewing to you gentlemen, my grateful acknowledgments, I bid you good night. (Prolonged applause.

SCULPTURE.—That fine specimen of Mr. French's workmanship, the bust of Rev. Dr. Peabody, is now on exhibition at Mr. Shores' bookstore. It is a perfect likeness, finished with artistic skill.

On our first page is a valuable suggestion made by Rev. Mr. Brooks, respecting a Statuary Department at Mount Vernon. We should like to see the skill of our native artist displayed in the reproduction of some of the Patriots and Statesmen of '76. He would do justice to the subject.

NAVAL.—Commodore Long, late in command of the Pacific Squadron, arrived in New York in the steamship Moses Taylor from Aspinwall, on Saturday. Commodore Long has been seriously ill, having never recovered from the injuries which he received from falling down the hatchway of the Merrimack when she was fitting for sea. He took leave of the officers and crew of the Merrimack at Panama, on the 16th inst. Com. Montgomery took command of the Pacific Squadron hoisted his pennant and was saluted by the vessels of war in the harbor. Com. Long has arrived at his home in Exeter.

CONSUMPTION IS CURABLE!
BY THE USE OF
Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the
HYPOPHOSPHITES
OF LIME, SODA AND POTASH,
Originally discovered and prescribed by him as a Specific Remedy for
CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY OR THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a
SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In most instances the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,
which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *fac simile* signature is upon every bottle.

Price $2 per bottle, or three bottles for $5, with full directions for use. Write for Circulars, which will give RELIABLE INFORMATION, and save from all possibility of deception. Sold wholesale, at the lowest discount for cash, at the Sole General Depot in the United States, by J. WINCHESTER, American and Foreign Agency, 49 John street, New York.

YOU HAD BETTER TRY
MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.
"**My Mother's Salve**" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.
"**My Mother's Salve**" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.
"**My Mother's Salve**" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.
"**My Mother's Salve**" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.
Directions for using "**My Mother's Salve**" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. BECK
BURRILL & HUNTING, SOLE PROPRIETORS,

THE ONLY ARTICLE
UNRIVALLED IN THE MARKET,
WITH IMMENSE
HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:
NEW YORK, Jan. 8, 1858.
MESSRS. O. J. WOOD & CO.,
Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.
The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Hair Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.
My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.
Cor. Columbia and Carroll Sts., Brooklyn.
LIVINGSTON, Ala., Feb. 14, 1858.
PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.
You can publish this if you think proper.
Yours, &c. S. W. MIDDLETON.
PHILADELPHIA, Sept. 9, 1857.
PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,
D. R. THOMAS, M. D.,
No. 464 Vine Street.
The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.
PREPERED BY DR. SANFORD,
COMPOUNDED ENTIRELY FROM GUMS,
Is one of the best PURGATIVE and LIVER MEDICINES now before the public.
These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.
BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.
One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.
Only one dose taken before retiring, prevents NIGHTMARE.
Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.
One dose taken after each meal will cure DYSPEPSIA.
One dose of two teaspoonfuls will always relieve SICK HEADACHE.
Only one dose immediately relieves COLIC.
One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.
Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.
One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.
One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.
One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.
A few bottles will cure DROPSY by exciting the absorbents.
We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.
All who use it are giving their unanimous testimony in its favor.
Mix water in the mouth with the Invigorator, and swallow both together.
PRICE, ONE DOLLAR PER BOTTLE.
Dr. SANFORD, Proprietor, 345 Broadway, N. Y.
Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

LOTTERIES.
THE LOTTERIES OF
WOOD, EDDY & CO.,
Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send money for tickets to Delaware or to Georgia, as the Lotteries of

The Sagamore House, Frost's Point,
IS NOW OPEN.
This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. This pleasant house is situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.
The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,
Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, properly the true description of the disease be sent by letter and directed as above.
Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.
DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.
Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.
Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.
This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.
The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.
All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.
These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.
P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. j3 dly

The present important question with the people of Warsaw, is,
"Will Poland soon be an independent Kingdom."
AUERBACH & CO.
Believe it will not take place very soon, but they do believe in thanking their Customers and the public generally, for past and present favors, at their present small location,
NO. 32 Penhallow Street,
And it gives them pleasure to announce to their patrons that notwithstanding their Stock of
CLOTHING AND FURNISHING GOODS
is rapidly diminishing, yet they will, in return for past favors, sell their remaining Stock at REDUCED PRICES.
This opportunity affords a rare chance to everybody in want of such articles; and more especially for mechanics; for they can buy at the above place a suit of clothes cheap enough to correspond with their low wages.

☞ Russian serfdom is one of the forms of slavery; but the determination of the Emperor is, first, that in the course of twelve or fifteen years serfdom shall be entirely abolished, and the serf shall be a freeman; secondly, that the house in which he has been living and a small portion of land shall become his property, or that of a free community whereof he is a member. The committees are to determine in what manner the house and land shall be paid for.

There are difficulties in the way, but they may be overcome.

In the meantime, the agitation is having a most favorable effect on the serfs themselves. They are awakening to a sense both of their rights and their duties. Intemperance is decreasing by means of societies voluntarily formed. These have prevailed to such an extent, that the framers of the excise duties have become alarmed at the diminished consumption of liquor, and have petitioned the government. But a circular has been issued by the Minister of the Interior, saying that sobriety deserves to be encouraged, and that no hindrances shall be laid in the way of the peasants forming temperance societies. This is a cheering indication in regard to the greatest of Russian vices. Intelligence, also, is rapidly expanding. There are at this time between fifty and sixty papers published at St. Petersburg, three-quarters of which are in the Russian tongue, and by far the greater portion started since the Crimean war. Nearly every local government also has its paper.

SECRETS OF THE SEX.—At a village called the "The Centre," in the northern part of Vermont, the boys and girls last month had a glorious dance and gay time generally.—A youth not having the fear of the bottle before his eyes, managed to get decidedly in the fog upon this unwonted occasion, and slyly withdrew under the bed of the ladies' dressing room to recruit. No sooner had he closed his eyes, than a pair of blooming damsels come in from the hall, and began adjusting their disordered ringlets. The girls had tongues, which ran in this wise:—"What a nice dance we're having! Have you heard anybody say anything about me, Jane?" "La, yes, 'Sally! Jim Brown says he never saw you look so handsome as you do to-night. Have you heard anything about me?" "About you! why sartain; I heard Joe Flint tell Sam Jones that you was the prettiest dressed girl in the room." Whereupon the dear things chuckled, "fixed up" a little more, and were starting off glibly for a fresh gossip, when our half-conscious friened raised himself upon his elbow, and quite intelligibly, though slowly inquired, "Ha' you heard anybody say anything about me, girls?" "Phaucy their pheelinks" at this juncture. They fled with an explosive scream.

THE SUSPECTED SLAVE TRADE.—The St. Augustine (Fla.) Examiner asserts positively that cargoes of African negroes are constantly landed in the United States, and publishes a copy of an agreement entered into between a Rhode Island captain, one Miller F. Wickman, commanding brig Favorite, and a firm on the African coast, for the delivery of eighty "fair and merchantable negroes." The Examiner adds that this cargo has been safely landed on the Southern coast, and the negroes found a ready market.

They that enter into a state of marriage cast a die of the greatest contingency, and yet of the greatest interest in the world, next to the last thrown for eternity. Life or death, felicity or a lasting sorrow, are in the power of marriage. A woman, indeed, ventures most, for she hath no sanctuary to retire to from an evil husband; she must dwell upon her sorrow, and she is more under it, because her tormentor hath a warrant of prerogative, and the woman may complain to God, as subjects do of tyrant princes; but otherwise she hath no appeal in the cause of unkindness.

☞ The Quebec Chronicle evidently thinks Uncle Sam is getting more than his share of good fishing. In a grumbling article on the subject it says:

We have been assured on good authority that Americans of the United States, have, this season, had a fleet of more than 1000 vessels, averaging 100 tons each, engaged in mackerel fishing in the estuaries and at the mouths of Canadian rivers in the Gulf; that every year since the treaty came into operation, there has been a large increase of these vessels in our waters, and in places where they have no right to be, in the river St. Lawrence itself.

OUR SCHOOLS.

The New York Ledger, which always has something of interest and real value to offer, recently contained a sensible and seasonable article under the above head, from which we extract.

Too much is attempted in our schools. That is their fundamental fault. Pupils are required to devote attention to eight or nine distinct subjects every day; whereas every teacher knows that no one can energetically and profitably attend to more than three; and of these three, but one should be difficult. Education does not consist in the quantity acquired. What is the essential difference between an educated and an uneducated person? It is the same as that between a wild colt and a gentle, spirited, trained horse. The educated man is one who, when he was a boy, did not do as he pleased, but was trained to do as he ought. The educated man is one who has acquired the grand art of taking pains. He is a regulated, developed person, who has gained by practice the ability to use his faculties to the best advantage.—*One* good lesson every day, faithfully learned, rigorously heard, and persistently reviewed, is better for this purpose than any other number.

All our teachers are overworked. No man can teach six hours a day, with the requisite spirit and energy, any more than a clergyman can preach six hours a day.—Fancy an eloquent preacher, after holding an audience breathless for an hour by a sermon full of learning and truth, dismissing the enchanted multitude only that their seats might be *immediately* re-filled with another crowd of fresh, expectant hearers.—That is what our teachers are expected to do, and *do*. And their task is more difficult than the preacher's; because the hearers of the latter will, in any case, sit still and hold their tongues, while the teacher's youthful throng will do so only as long as he holds them by tact or terror.

And that brings us to another most serious defect in our schools—the defective authority of the teachers. The teacher should be preeminently a man of authority; but his authority should come from his superior nature, and not from the exercise of material power—of brute force. He should be, in the highest sense of the term, a MAN—not a boy, nor a tyrant. He should be allowed to flourish no whip or other insignia of tyranny and badge of degradation over the backs of his pupils. If he cannot govern by the majesty of his mien—by the glance of his eye, let him quit the school-room and seek a sphere which he is qualified to fill.—The public whipping-post was long since abolished; there is no longer any flogging in the army or navy; and it is high time that bruisers of juvenile flesh were by law excluded from our school-rooms.

Another point which should receive attention is the symmetrical development and culture of children physically as well as mentally. They should have a plenty of healthful exercise and sound bodily training. The school should not, however, be turned into a ball or concert. Whatever is done in school should be done as work and not as play. Give children as much opportunity to play as you please; but let play be play, and work be work.

FROM HAVANA.—Steamship Cahawba, from Havana 30th ult., arrived at New York, made the run from New Orleans in 6 days and 11 hours, the quickest time on record via Havana. She left the latter port on the evening of the 29th. The money market at Havana continued very stringent.

A party of Americans had obtained permission to import cattle from Texas six months free of duty. The sugar market was very dull: stock 246,000 boxes, against 160,000 las year. Freight had slightly improved, and there were but few American vessels in port. The health of Havana was improving. The Cahawba brings $106,000 in specie.

☞ A rumor was current in Buffalo that two men and one woman went over the Horse Shoe Fall, on Thursday afternoon, during a severe gale. Nothing positive could be learned as to the matter, but that a boat was seen to go over, pieces of which has been recovered. The name of the boat was "Kate," and she is supposed to belong to Navy Island. The names of the parties are not known.

☞ The New Hampshire Statesman, at Concord, always a well printed paper, has just dressed itself in new type. It is not only a well printed, but a nicely arranged family newspaper; its column of New Hampshire items is very convenient for us, and we transplant some of them into our own columns.

☞ A new military company has been formed at Great Falls, under the name of the Granite State Guards.

SUMMER RAMBLES.

ON THE WING, Sept. 1.

Time is winging us away, sure enough. Summer has gone, and here is old Autumn coming right along. Well, let him come, "what makes the odds?"—

"For know, the best time to be happy and sing,
Is summer, is winter, is *autumn*, is spring."

And decidedly the pleasantest months for travelling are June and September—and since June has left us long since, let us make the most of September.

From Boston, the sail to Nahant, by steamer Nelly Baker, though very pleasant, being bordered all along with agreeable scenery and objects of beauty and interest, is more of a sea-voyage than we expected; and occupied, in our case, a couple of hours.

Nahant is "more of a place" than we expected—not "Nahant" the hotel,—we don't mean that; for we knew it was the largest establishment of the kind in America; but Nahant the town—for town it is, and one not likely soon to be wiped out, either, for it is most undoubtedly founded upon the rocks. It is almost an island, four or five miles out from Lynn, in Massachusetts Bay, and connected with that flourishing city only by a very narrow strip of land, for a long distance but just wide enough for the excellent carriage path, with the sea laving the beaches on both sides of it. Hence the name—Nahant, or Nahaunte, in the Indian dialect, being translated, the twin beaches. The promontory or cape is covered with numerous tasteful cottages, surrounded by ornamental grounds, chiefly the summer residences only of wealthy families from abroad. The location of the immense hotel itself, the Nahant House, is at the extreme head of the cape—which is more like Boar's Head than anything else we know of, only not so high, more rocky, and well supplied with trees and wells of excellent water.

To take charge of such an establishment as this, would seem to require the combined talent of a quartermaster of an army, a board of selectmen, and a foreign consul. The building is about four hundred feet long, four to seven stories high, and has good accommodations for one thousand guests! There were three or four hundred guests at the time we were there.

The house is richly furnished throughout, the furnishing costing about $60,000; and is lighted by gas made on the premises.—Water is pumped by steam, into supply tanks at the roof. There are large and excellent stables connected with the house; and Mr. Rand takes no little pride in his successful piggery, wherein he has about seventy porkers of all sizes.

The location of the Nahant House is all that could be desired—as really out to sea as the Shoals, and yet in view of most beautiful scenery, with a way of escape to land without crossing the water, if you choose. Professional pleasure seekers pronounce Nahant to be without a rival.

The Spouting Horn, a crevice in the rocks, through which the water spouts beautifully when the sea runs high; and Egg Rock, an immense high granite island, surmounted with a light-house, are chief among the numerous objects of interest about here.

Over this immense establishment, as well as the more beautiful, though less spacious, but hardly less celebrated Sagamore House at Lynn, Messrs. Thomas Rand & Sons preside, to the acceptance of everybody almost—for almost everbody goes there. Messrs. Thos. and Chas. E. Rand are found chiefly at Nahant, leaving Mr. T. B. Rand in charge of the Sagamore. Of a day's tarry there, and a delightful ramble in and about Lynn, we shall have something to say tomorrow. F.

We see it stated that the people of Nahant have been thrown into a considerable state of excitement by the discovery of a remarkable cave near the hotel, running directly under the ocean, at least thirty-five or forty feet beneath the level of low water mark. The dimensions of this cave are:—Greatest height 41 1-2 feet; length 73 feet; width 32 3-4 feet; of irregular oval shape. It has been named the Menagerie, from a fancied resemblance of some of the formations, to bears and lions behind the bars of a cage. From his chamber a passage runs back in the direction of the main land, about three hundred yards, under the bowling alleys and billiard rooms, about fifteen feet in height and not more than six wide. It terminates in a colossal apartment, from which passages branch out in five different directions, but all tend downward at such a fearful incline that they are more like precipices than pathways.

☞ The Portland Advertiser is "blowing" about their beautiful harbor—and well they may. It says, and no doubt truly, as to the destination of the Great Eastern—that "the whole talk about her going to New York, or any other place than Portland, is the idlest of gossiping rumor. She will come to Portland just as sure as she crosses the Atlantic, and she will not visit any other American port."

Do not allow yourselves to converse in a tone loud enough to be heard by others; it is the mark of a boor if in a man, and of want of refinement and lady-like delicacy if in a woman. A gentleman is not noisy;—ladies are serene.

APPLES.—There is a perfect glut of sweet Apples, in New York, and a scarcity of sour ones. Only a few sour Apples are arriving, and these are mostly small, and mixed with the large lots of sweets. Choice sours bring very high prices. A small lot of very nice Orange Pippins sold Thursday at $5. We quote:

Ladies' Blush, per bbl.	$3 00 a — —
Golden Sweets, per bbl.	2 00 a 2 25
Western, mix'd lots,	2 00 a 2 25
Common, per bbl.	1 25 a 1 75
Sour, common various kinds	2 00 a 2 50

☞ Benj. Hussey of Great Falls, has a calf four months old which weighs 450 lbs.

Ezra K. Tebbetts, of Great Falls, has a pig four months old, weighing about 200 pounds.

☞ Col. T. J. Whipple, of Laconia, has a Draco colt, sixteen months old, which weighs one thousand pounds.

☞ Carlton Eastman, of Hartland, Vt., went to Cornish, Saturday, to attend a circus. He was found near night in an insensible condition, and after an unsuccessful attempt, by the physician called, to resuscitate him, was carried home to his friends.—He died at 7, clock Sunday morning. It is suposed that he was drugged and then robbed of his money.

☞ A fire raged for several days last on three sides of Ascutney mountains, burning over large and valuable tracts of timber land. The fire originated in the careless stupidity of two young men, who discovered a swarm of bees in a hollow tree, and proceeded to smoke them out.. Having secured the bees and honey, they left the tree burning, and went off with their plunder.

The people of Oregon are evidently of opinion that it is a long Lane that knows no turning, and so they have refused to redeem Joe Lane's pledge of their State to the South for ten years. The fellow's chances of getting the Charleston nomination are about the zero point, because, of the "infidelity" of his State to the democracy. He can't ensure Oregon three votes for the democratic nominee. Such an underwriter can have no business with the stormy sea of politics. So the Orogonese have given Lane a turning.—*Traveller.*

ADVICE TO YOUTH.—In climbing a ladder, always look up—never down—for in doing so a fall is imminent. So in life; aim to keep good company with those above you, rather than those beneath you in intellectual capacity and acquirement.—Emulate your superiors. If you can't find them you are blind, if you won't find them you are not fitted for their society, and had better at once immerse your faculties in the mysteries of putty making.

WASHINGTON, Sept. 2.—The man who recently brought from Philadelphia to New York fifteen young ladies under pretence of taking them South, as school and music teachers, and then robbed of their money and baggage, was arrested here to-night by Chief Goddard and Lieut. McHenry. He was recognized as Hiram P. Leslie, heretofore employed as a laborer in the Patent Office. Some of our own citizens had been swindled by him. His valise contained a large number of letters from various parts of the country, the contents of which showed that he had travelled in the South and was extensively engaged in dishonest schemes. He has a wife living in Washington. Two large travelling trunks claimed by him are at the express office, and are supposed to contain many valuables belonging to his victims. He has been committed to jail to await a requisition from the Governor of New York.

☞ Gen. Morris is the most graceful song writer alive. Here is one of his last verses!

My lady hath a golden heart,
Free from the dross of wordly art;
Which, in the sight of heaven above,
Is mine with all its hoarded love!
Her love!
Her boundless wealth of love!

☞ Tiger Engine Co., No. 2, of Dover, have voted to attend the Firemen's Muster at Manchester, Sept. 14th, accompanied by the South Berwick Brass Band. This will be the largest gathering of Firemen ever known, over 50 different companies having given notice of their intention to be present.

☞ The coal miners of Pittsburg, Pa., numbering 2000, turned out in procession on Friday, on a strike, contending for the payment of their wages according to weight instead of measurement.

☞ The Episcopal Society in Dover have purchased a new bell for their church, from the foundry of Jones & Co., Troy, N. Y., weighing 1056 pounds.

SPECIAL NOTICES.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry,

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

Messrs. SETH W. FOWLE & Co.,—*Gentlemen*:—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,
HENRY WOOD.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not a sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1853, she commenced the Resolvent; on the 30th of May, twenty-one days after she commenced its use.

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF, and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the cookings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked three cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

LOCAL.

AGREEABLE ADORNMENTS.—Being in Portsmouth a few days since, (says the Concord Statesman,) and passing the Universalist Church at the time exercises were in progress, on going in we ascertained that the clergymen of that denomination were holding their annual convention. A large congregation had assembled, and public services were in progress.

The interior of the spacious church has within a year been entirely changed and renewed, and it is now one of the best houses of public worship in the State. But what we designed especially to speak of was the profuse and beautiful supply of boquets, arranged in vases on so much of the platform in front of the speaker's desk as could, without inconvenience, be spared for that purpose. Upon a projection, in front, and beneath the books of the choir, were other floral adornments in vases—the whole being in delightful harmony with the embellishments of the church.

Perhaps (remarks the Statesman) this is a custom so common that we only expose our ignorance by making mention of this particular display. Be it so; but if a usage elsewhere, it has not reached Concord—and we are a people who at least think ourselves apt to ascertain and adopt such new usages as are worth transplanting, and some that are not.

Messrs. Editors:—Can you inform me if the city burying ground, (called Cotton's burying ground,) on the South road, is let for a cattle pasture—as I have often seen sheep and oxen there during the night, and have also seen a good shepherd there ready to remove them before the morning travellers became numerous.

Will those who have charge of the ground give information? AN EARLY RISER.

☞ Wheresoever the carcass is, there will the eagles be gathered together; says the scriptural proverb. So wherever a ship-of-war is to be paid off, thither flock the land-sharks, gamblers, druggers, robbers, pimps and swindlers of all stripes. They are in this city now, of various ages, divers garbs, and both sexes, ready to *befriend* the Cumberland's men as they land, get them drunk, drug them, rob them, and leave them half dead.

☞ The Cumberland was towed up from the lower harbor to the Navy Yard, by steamer Bibb, which came from Portland for that purpose.

A portion of her complement of three hundred men, had liberty on Sunday, and considerably disturbed the usual quiet of our streets on that day, while wandering about, with their usual escort of sharks, imps and suckers of all sorts. Poor Jack! if you only could and would give a little more heed to the good advice that Rev. Mr. Stow, of the Boston Bethel, has been giving you here for a day or two, it would be vastly better for you and your friends.—You had better shift your course before it is too late.

☞ The first term of the Supreme Judicial Court for Strafford County, under the new arrangement, commences in Dover on Tuesday next. The Docket contains all the actions undisposed of on the old Dockets of the two fermer Courts, about 300 in number.

CAMP-MEETING TRAIN.—To accommodate the Camp Meeting near New Market Junction, an extra train will be run on the Portsmouth and Concord Railroad at half-past 7 o'clock A. M., on Tuesday, Wednesday, Thursday and Friday.

☞ Mr. Elijah B. Young, of this city, who has been employed for twenty years on the Eastern Railroad,—the last eight as conductor—resigned his situation on Thursday last, and has been succeeded by Mr. Daniel Philbrook, a gentleman well qualified to discharge the duties of the office.

☞ Elder Himes, who was arrested at a camp meeting at Exeter for selling books, and imprisoned because he would not pay a fine, was on Saturday taken from the jail on a writ of *habeas corpus*, and after a hearing before Judge Fowler, was discharged from custody. The people of Exeter and the adjoining towns held a meeting in Exeter Town Hall Saturday afternoon, "to express their opinion upon the outrage upon the rights of Elder Himes."

ST. LOUIS, Sept. 2.—The overland mail, with San Francisco dates of the 12th ult., has arrived.

W. P. Wilkins, a District Attorney of Sutters county, and a candidate for the legislature, was shot on the 9th of August, by Judge May of Yuba county, whose daughter Wilkins had seduced.

The convention in Carson Valley had framed a constitution for a Provisional government, which declared Carson Valley independent of Utah, and gives the name of Nevada to the territory.

Victoria dates are to Aug. 6.

The island of San Juan, between Vanouver's Island and the main land, claimed by our government as part of Washington territory, has been occupied by 60 United States troops, by order of Gen. Harney.—The matter would be compromised by the joint occupancy of the island until the British and United States governments could be advised of the existing state of affairs.

DEPLORABLE.—The down passenger on the Northern Railway, when near Danbury station, last Monday afternoon, came suddenly upon a man, lying upon the track stupefied by intoxication. It was found impossible to stop the train, and the poor fellows feet were so mutilated that amputation was found necessary. He was so insensible to the magnitude of the misfortune, as to remark to the conductor who hastened back to his assistance, while he looked at his lacerated limbs, "That is too —— bad: I did not mean to hinder the train." His name is said to be Trumbull.—*Statesman.*

☞ The Portland Argus of Sept. 2, states that Saml. McCracken of that city, was bound over for trial for keeping a drinking house and tippling shop;—and the same paper of Sept. 3, mentions a similar binding over of Thomas Collins, as a common seller.—Not quite a dead letter.

☞ Allen B. Burt, of Taunton, Mass., while excavating an old well near his premises a few days since, came upon a den of serpents, from which he took fifty black snakes, measuring in aggregate length more than two hundred feet; also, eight house snakes, and others of different varieties.

☞ Marriages are frequently made by two clergymen in these times, one reverend gentleman "assisting" the other. We must suppose this precaution is taken in order to meet the increased facilities for divorces that modern benevolence and law have provided. The couples are tied with double beau-knots.

☞ On Friday, Aug. 12, a dwelling house, owned by Mr. Benjamin Muchmore, in the east part of Orford, was destroyed by fire. It is supposed to have caught from a fireboard. The loss is estimated at $500.—Insured in the Gilmanton Co. for $250.

☞ Mr. Gerould, of Claremont, N. H., raised a stock of rhubarb, straight and handsome—measuring 30 inches in length, 5 1-4 in circumference, and weighing 2 pounds and 2 ounces. The leaf weighed 1 pound and 4 ounces more. It was planted in Mr. Gerould's garden one year ago last spring, and is of the Victoria kind.

☞ Horses in South America, says a gentleman who accompanied the Paraguay expedition, are so abundant as to be slaughtered for their hides and tallow. The general price is $3 to $10 for geldings broken to the saddle.

☞ Philip Reed, Postmaster of Poolesville, Md., has been arrested on a charge of opening and embezzling letters from the mail. He was examined on Friday last, and held in $5000 to answer.

☞ A fine stick of timber 74 feet in length, with a diameter after dressing, of nearly three feet at the larger end, was lately cut on John's river, in Dalton, or Whitefield.

ENVY.—The crop is always greater on the lands of another, and the cattle of our neighbor are deemed more productive than our own.—*Ovid.*

Fast men, like fast rivers, are generally very shallow.

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

MR. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

MR. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

AMERICAN & FOREIGN PATENTS.

R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, under the act of 1837.
76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending, such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.
Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]
GREENLAND, Nov. 20, 1858.

DR. SWETT—DEAR SIR:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

NORTHERN LIGHTS.

Although so common in our day that they are as much expected as the changes of the seasons, yet the appearance of the Northern Lights in our latitude is regarded as comparatively modern.—There is little doubt that there were at long intervals some displays in ancient times. Those "armies fighting in the skies," and signs in the heavens seen at the time of the destruction of Jerusalem, and on some other occasions, were no doubt rare displays of what is now so common to us. The first appearance of the phenomenon noted in England was in Jan. 1560. It was then called the *burning spears*. It was seen in 1564—and again in 1574, on two successive nights. In 1575, in 1580 and 1581, it was seen in other parts of Europe, but not in England. In 1621 it was observed in France, at which time Gassendus gave the phenomenon the name of *Aurora Borealis*.—From 1621 to 1707, in a period of 86 years, there is no mention of its being seen by any body. In 1707 a small display was made in November.—The next on record of any note is mentioned by Dr. Halley as occurring in March 1715: the brilliancy of which attracted universal attention.—We have before us a volume published in 1720, giving a detailed account which would fill two of our columns. The following extract from the first part of the description shows that the display was an almost exact counterpart of that seen last Sunday night:

"Out of what seemed a dusky Cloud, in the N. E. Parts of the Heaven, and scarce ten degrees high, the Edges whereof were tinged with a redish Yellow, like as if the Moon had been hid behind it, there arose very long luminous Rays or Streaks perpendicular to the Horizon, some of which seemed nearly to ascend to the Zenith. Presently after, that reddish Cloud was swiftly propagated along the Northern Horizon into the N. W. and still farther westerly; and immediately sent forth its Rays from all parts, now here, now there, they observing no Rule or Order in their rising. Many of these Rays seeming to concur near the *Zenith*, formed there a *Corona*, or Image which drew the Attention of all spectators. Some likened it to that Representation of *Glory* wherewith our painters in Churches surround the Holy Name of God. Others to those radiating *Stars*, wherewith the Breasts of the *Knights* of the Order of the *Garter* are adorned. Many compared it to the *Concave* of the great *Cupola* of St. Paul's Church, distinguished with streaks alternately light and obscure, and having in the middle a Space less bright than the rest, resembling the Lantern. Whilst others, to express as well the Motion as Figure thereof, would have it to be like the Flame in an Oven, reverberated and rouling against the arched Roof thereof."

Dr. Halley regarded the display as at a prodigious height, but no means were taken to ascertain it. Observations since made have in one case shown them to be 825 miles in height, and in another 460 miles.

On the 17th of December, 1719, the Aurora Borealis was first seen in New-England. It began about 8 o'clock in the evening and filled the country with terrible alarm—being viewed as a sign of the last judgment. It has since been more common, and we now can look calmly upon it as one of the magnificent displays of the glory of the great Creator.

AURORA BOREALIS.—The magnificent display made in the heavens last Sunday evening, which in grandeur equaled any like display for many years, has been generally noticed in New England, the Canadas, and as far south as Baltimore.

Its first appearance here was at about half past seven o'clock, in a light red column rising a little south of east, and gradually extending to the zenith. There was at this time no appearance whatever of the aurora north of the east. After the column had shot over the zenith and down the western sky towards the sunset-point, the yellow "merry-dancers" made their appearance in the north, and soon after eight o'clock, every section except the southwest exhibited commotion. Before nine o'clock the streams extended to the southwest, when from the several points streams centred in a coronal about ten degrees south of the zenith. This point seemed the grand centre from or to which the streams of various hues extended. We noted the position of the converging point hoping that from observation made at Boston and New York or elsewhere, some data might be arrived at of the true height of the electric currents.

At Boston, it is stated that the coronal was a little south of the zenith. Thus it appears that, in a distance of fifty miles there was but a slight difference in the bearing of that point—and the description of the display there, is much like the appearance here. Here the first streamers were a little south of east—at Boston they were in the east—and while our northern hemisphere was entirely clear of the aurora at the commencement, from Boston it was seen in the north—showing that some portions of the fluid were ascending at that time between this locality and Boston. There is no doubt that the display was five hundred to a thousand miles above our atmosphere.

At New York, it was noticed as being a *northern* display, extending up to the zenith.

On Monday night, the Aurora was visible between nine and ten o'clock. On Thursday night, Sept. 1st, about eleven o'clock, the horizon on the northeast presented the appearance of daybreak, and the light increased so that at midnight the watchman of the Steam Factory was able to inspect every room without additional light, and discern the smallest objects. It continued through the night, extending over every point of the compass, a quiet light of yellow and red tinges, with little commotion.

FUN.—One of our lawyers who has some time been Judge, was joking Mr. Hackett in the Athenæum, a few days ago, about his *nomination* to the vacant judgeship.

Mr Hackett said—"This is the first I have heard of it." Whereupon Judge O. took up the Concord Standard, and read the complimentary reference to Mr. H. in connection with the vacant judgeship.

Mr. Hackett.—"This is only a newspaper nomination."

Judge O.—"True; but you can take no *exception* to the terms in which it is made."

Mr. Hackett.—"That is, as we say at the bar, *there is nothing in it upon which I can go to the Supreme Court.*"

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of the greatest service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

ERUPTIONS AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMS, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASES, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of the corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health and live longer, for clean blood is life blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or out of order.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly espised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SURE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the desperate and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, NINOT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fail or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been to very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this county. Mrs. Moore's My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that it has a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $6 a bottle.

The Liver Invigorator.

PREPERED BY DR SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest, with PURPOSE OF BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures CONSTIPATION.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for a family removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

S. B. FITTS, Proprietor,
au25w formerly of City Hotel, Newark, N. J.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his advertisements will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. j2 d1y

MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* of it, what we have never been able to say of any other medicine, — NEVER HAS IT FAILED, IN A SINGLE INSTANCE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak, in this matter, "*what we do know,*" after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where from pain and exhaustion the infant is suffering in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST SKILLFUL NURSES EXPERIENCED and in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but and invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC.
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and surest REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices of others,* stand between your suffering child and the relief that will be SURE — yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York
Price only 25 cents per bottle.

AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, Examiner in 1857.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal opinions rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

TUESDAY, SEPT. 6, 1859.

A DAY AT LYNN.

The coach from the Nahant House, after a five-mile drive along the beaches, landed us at the Sagamore House, in Lynn. Here we felt at home—in fact, the Messrs. Rand have a faculty of making all their guests feel at home, whether they are old acquaintances or not. Lynn was sadly deficient of good hotel accommodations, until a company of enterprising gentlemen built this neat and substantial brick house, a few years since, for the credit of the city and their own interest; and invited the present landlords to take charge of it.

Lynn is really a flourishing city, situated between an inviting sea-shore and a range of no less attractive hills. Ocean street is very beautiful, being lined with handsome houses, the ornamental grounds of which, on one side, reach to the water. They have few or no very expensive buildings, public or private; but all seems to indicate general thrift and industry. "There is nothing like leather," you know, to build a city of; and no doubt the immense amount of shoe work done here, furnishing lucrative employment to the women and children as well as the men, is a great means of their advancement. Almost every store is a "shoe manufactory;" though we did observe a coffee mill, a spice mill, and a few other establishments which did not smell of leather—but they seemed out of place, and almost ashamed of themselves.

On High Rock, half a mile from Lynn Depot,—the wildest and most beautiful spot we ever saw so near any city,—live two of the original Hutchinson family: Asa and John. Here, in full view of a very extensive range of delightful land and water scenery, including all Lynn, Massachusetts Bay, Nahant, Chelsea, Swampscott, &c., these brothers own three neat cottages, and spend their time, when not singing for the public. It was here that Judson terminated his life. We found John at work in his garden, with an old suit of clothes on, not worth a rush—sociable and jovial as ever. Asa is now absent on a concert tour, with his children, we believe; and John informed us he intends to visit Portsmouth and the rest of down east this season, with his children. How well we remember the original Family's first appearance at the old Cameneum, nineteen years ago. How sweetly they sang, and how enthusiastically they were always received. No family, or troupe, or club, have taken away their laurels yet—and none ever won such universal favor.

Three miles or so from Lynn—and a pretty drive it is too, mostly through a wild, unfenced country, constantly reminding you of White Mts.,—is the famous, not to say infamous Dungeon Rock. Here, an old chap and his son have been digging for gold, off and on, for eight years. The legend or tradition of the place is, that on the top of an immense hill or mountain, pirates formerly hid treasures in a cave of rock; and that an earthquake or other convulsion of nature shook a huge rock, as big as a house, down over the entrance. "The spirits" advised this man to cut through this rock, and direct him how to dig. A crooked path, eighty feet long, has been blasted in the hardest of stone, and the said spirits promise an end and reward of the labor after ten feet more of such progress. We saw and traversed this "winding way," but we did not see any signs of gold. However, not all who call for "signs" are accommodated, you know—so the gold may be there yet. The digger has bought twenty acres of land about the rock, and lives very near it in a little wooden house.

He has commenced a new stone residence, but his invisible (green) advisers bade him abandon that work till the other was accomplished. All work in the rock, of course must be done by lamplight, and all fragments blown off are carried out in the hands or in buckets. The charges are lighted by means of a train. The workmen estimate it to be the work of a year or two now, to "open sessame;" and as the spirits do not allow them to work uninterruptedly, there is no knowing when the denouement will come. A history of the affair has been "written by spirit influence," (but the book was printed by some material typos,) and most visitors to the rock purchase a copy.

Thousands of people have visited the place—and its natural beauty, and the fine view therefrom, will well repay for the climbing, to say nothing of the curiosity about the cave. And as everybody levies a fee for being shown about the premises, perhaps the diggers are not such "confounded fools," after all. As the circus clown told the drunken man, it may be they are "fools for something," and the people befooled for nothing—even paying for it. It is the opinion of most of those who go there, however, and those who know the man best, that he really believes the story he tells, and confidently expects to find the pirates' plunder. We hope he may, but we should be loth to help him dig till he did, and wait for our pay from the proceeds.

A delightful ride about Lynn in the afternoon, and attendance on a hop in the parlor of the Sagamore in the evening, wound up our most agreeable day in the city of awls. As to the dancing, we "bossed that job," preferring to let the other gentlemen and the ladies present do the work.—and they seemed to enjoy it hugely, too, to the time of a full band of music drawn out of a piano. They have had these social dances, for the guests of the house and invited friends, at the Sagamore once, and at the Nahant House two or three times each week, during the season.

We noticed a man in the woods preparing faggots for the bakers. The dry branches of pine trees are cut into lengths of about three feet and bound in bundles convenient to handle, and make excellent fuel with which to "heat the great oven."

One reflection was forced upon our mind, in contrasting the enterprise and growth of Lynn and other new cities, with Portsmouth and others of the old ones possessing vastly superior advantages—and we will express it in the form of a question: How much more is a thrifty mechanic or manufacturer worth to a place, though he have no capital at all, than a wealthy man who will neither use his money himself nor trust it to others who would, to the advancement of said place? F.

PAY YOUR DEBTS.—Religion that does not make a man *honest*, is good for nothing. If a man professes to be a Christian, and defrauds his neighbor, that man's religion is vain. And he is dishonest who withholds from another that which is his due, when it is in his power to pay it. But what shall a man do who is in debt? Let him work hard and pay it. Deny yourself all the luxuries and very many of the comforts of life; be willing to take a humble place in society and mortify your pride; in dress and style of living be as simple and economical as possible; if necessary, live on bread and water, and labor diligently, until you satisfy the demands of your last creditor; but never lay up any money, nor spend a cent needlessly while you owe it. There is a looseness on the subject that is perfectly irreconcilable with the law of God and the maintenance of a good reputation in the eyes of the world.

Let no man be trusted who *neglects* to pay his debts. If by his conduct he shows that he has no *disposition* to meet his engagements, especially small debts, let him not be trusted. He that is unjust in little, will be unjust in much. He who defrauds will steal, and there is scarcely any difference between stealing and willfully neglecting to discharge a debt.—*N. Y. Observer.*

The best way to get out of debt, is to keep out.

TELEGRAPHIC FEAT.—A fellow bought in Lawrence a ticket for Dover, giving the ticket-seller a three-dollar counterfeit bill on a bank at Providence. He supposed his money all right until about an hour after, he presented his pile at the counter of the bank. The ticket-seller remembered distinctly the appearance of the man who passed him the bill. He rushed to the telegraph office and telegraphed the facts to the conductor, describing the rascal, and in a short time received a despatch from the conductor at Dover, saying that he had arrested the scamp and received three dollars in good money.

NO USE FOR TROWSERS.—On the morning the of meteoric shower in 1832, old Peyton Roberts, who intended making an early start to his work, got up in the midst of the display. On going to his door, he saw with amazement the sky lighted up with falling meteors, and concluded at once the world was on fire, and that the day of judgement had come. He stood for a moment gazing in speechless terror at the scene, and then with a yell of horror sprang out of the door into the yard, right in the midst of the fallling stars, and there, in his efforts to dodge them, he commenced a series of ground tumbling that would have done honor to a rope dancer. His wife being awakened in the meantime, and seeing old Peyton jumping and skipping about the yard, called out to know what in the name of common sense he was doin' out thar, dancin' round without his clothes. But Peyton heard not. The judgement, and long back account he would have to settle, made him heedless of all terrestial things, and his wife by this time becoming alarmed at his behavior, sprang out of bed and running to the door, shrieked at the top of her lungs—

"Peyton, I say Peyton, what do you mean, jumpin' about thar? Come and put your trowsers on."

"Trowsers, Peggy, what is the use of trowsers when the world's afire?"

ARREST OF A MISSOURI JUDGE.—Judge Watson was recently arrested at Keytesville, Chariton County, on the charge of having been one of the party who broke open the County safe, about a year and a half ago, and robbed it of some $5000.—The Grand Jury of that county, indicted him for grand larceny and burglary and he was required to give bail to the amount of $2000. This case attracts a great deal of public attention, partly from the fact that the accused is a man of considerable wealth, and at the time the crime was committed was one of the Judges of the County Court.—*St. Louis Democrat.*

☞ The next Market day under the auspices of the Essex County Agricultural Society, will be held at North Andover, on the 13th. Should the weather be favorable, a great gathering is expected.

A friend that you buy with presents, may be bought from you.

☞ The First Methodist Church in Boston, was dedicated May 15th, 1796. There are now ten Methodist churhes in Boston, with a membership of 2500. The Methodists are the second denomination in New England in numerical strength. Christ's church, in Salem street, is the only church remaining in Boston in which Charles Wesley officiated, and the old South is the only church standing in the city in which Whitefield preached.

A man gifted in figures lately visited Rockford, Ill., and while there saw so much chewing and smoking in the hotels, stores, offices, and public streets, that he, out of curiosity, made an estimate for the cost of tobacco for that single town. At a low calculation he made the amount $150 per day—or $50,000 per annum.

☞ The house of a Methodist minister in Navarino, N. Y., was attacked by ruffians in the night, in the absence of the man, and his wife discharged a musket load of buckshot among them. wounding several severely. Gallant, truly, for her,—but not exactly up to the teachings of her husband, unless he is of the hard shell order.

THE times are changed since science and literature were humble suppliants at the church gate, asking her permission to set their conclusions within her palings; and now religion is thankful if geology, scornfully passing by, does not throw her hammer at her head, and lampoon her in her own pulpit.—*Dr. Bellows, on "The Suspense of Faith."*

☞ The celebrated imported stallion Albion, has just died in Memphis, Tenn., of "inflamation of the bowels." His owner is said to have recently refused $10,000 for him. It seems to be fatal, to have a good price offered for an animal, and decline the trade.

THE FLAG AND NOT THE RUDDER.—Can any man look around and see what Christian countries are now doing, and how they are governed, and what is the general condition of society, without seeing that Christianity is the flag under which the world sails, and *not the rudder* that steers its course?—*O. W. Holmes.*

☞ A few days since, a son of Mr. Geo. Hoffman, residing at Hudson City, extracted one of his front teeth, which caused a continual flow of blood, and resulted in his death on Wednesday night. Several physicians were in attendance, but they were unable to render any assistance.

"See here, Gripp, I understand you have a superior way of curing hams. I should like to learn it." "Well, yes—I know very well how to cure them, but the trouble with me, just now, is to find out a way to procure them."

☞ So great was the late drought on Monhegan Island, that the people became dependent upon the main land for water for themselves, and also for their cattle, about forty head of which are kept there. Vessels were constantly employed for a considerable time carrying water from the main land, several miles distant, to the island.

THAT was a horrible affair, the murder of Dean and the sealing up his remains in a tin box! "What Dean?" asked half a dozen voices at once. Why *Sar-dean*, of course, was the pungent reply.

☞ Mr. T. C. Evans of New York, who recently went to London to persuade Mr. Dickens to revisit this country on a reading tour, has not succeeded. Mr. Dickens, it appears, cannot afford, at any price, to leave England (and 'All the Year Round') for the time which his voyages and tour would occupy.

BALTIMORE, Sept. 4.—The law and order town meeting to-morrow will be an immense affair. Rowdyism has already quailed. A full independent ticket will be nominated.

☞ The Arizona correspondent of the St. Louis Republican, writing from Tubec, August 17, says an express from Magdalena brings the intelligence that independence is about to be declared by Sonora and Chihuahua, and Gov. Pesquiera placed at the head of affairs. Pesquiera had been receiving for some time large supplies of cannons, small arms, and ammunition. He has also increased his army nearly 3000.

A vaporing Cincinnatian, at the Tremont House, expatiating on the vine-clad hills, &c., claimed that the Ohio was "the Rhine of the new world." "Yes," ejaculated X., "the *pork*-Rhine."

☞ The theatre at Cologne has gone the way of most theatres, and was burnt to the walls the other evening, having, it is surmised, been struck with fire by lightning.—The wife of the manager was burnt to death.

I am for that philosophy that fits us for the world, not that which teaches us to abandon it.—*Tremain (Ward.)*

GOOD WHEAT.—Hon. Thomas M. Edwards of Keene, N. H., Member of Congress elect, has raised a field of wheat which averages over twenty-six bushels to the acre.

ABSURDITY—Anything advanced by our opponents, contrary to our own practice, or above our apprehension.

☞ A negro woman in New Orleans has been arrested, charged with torturing a white boy in the most horrible manner.

ABUNDANCE—An imaginary quantity, of which every man thinks his neighbor possessed and himself deprived.

☞ Vermont will not permit a traveling circus to exhibit in her territory.

MACHINES FROM $50 TO $125.

HEMMERS, $5 EXTRA.

TESTIMONIALS.

PORTSMOUTH, July 16, 1859.

Several months have now elapsed since one of these machines was first introduced for our family use. For several weeks those who attempted to operate it having had no instruction, it was regarded as of little value, although some work could be done. But no sooner had one of experience taken hold of it, giving the proper tension to the cotton, proper oiling, &c. to the machinery, than it worked admirably—and now for months it goes on like clock work, doing handsomely all the work submitted to it, and accomplishing as much work in an hour as could be done by hand in a long summer's day. These machines are decidedly popular. We have never heard of one being sold to procure another from a different maker,—while we have known others to be laid aside to give place to Grover & Baker's. Any one can operate them after an hour's instruction from an experienced hand.

If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.

CHARLES W. BREWSTER.

PORTSMOUTH, April 12, 1859.

PORTSMOUTH, April 12, 1859

Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.

SPECIAL NOTICES.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Agent for Portsmouth, J. H. THACHER, cor. of State and Pleasant Sts., and No. 12 Market Sq Weeks & Potter, Boston, General Agents for the New England States.

Dr. Wistar's Balsam of Wild Cherry,

Bellou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscituously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

Messrs. SETH W. FOWLE & CO.,—*Gentlemen:*—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,

HENRY WOOD.

R. R. R.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1853, she commenced the Resolvent; on the 26th of May, twenty-seven days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

R. R. Remedies are sold by Druggists generally.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontitorumenos.

☞ **Mrs. Winslow.** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

The Best Medicine in the World.

YES—DECIDEDLY THE BEST—16

Dr. Langley's Root and Herb Bitters.

They are made from the most valuable Roots, Herbs and Plants in the vegetable kingdom.—They act at once upon the very seat of disease.—They remove all obstructions from the internal organs—regulate the Bowels—purify the Blood—remove Humors—excite the Liver to a healthy action—give strength and tone to the stomach—cure Jaundice and Dyspepsia—create an appetite—increase and renew the circulation—remove all Bilious diseases—cure Piles, Headache, Weakness, &c., and are the best medicine ever discovered for all Female Complaints. The purify, heal, strengthen, build up and keep in order "the house you live in."

Doctors' prescriptions, clothed in Latin verbs,
Now yield the palm to Langley's Roots and Herbs;
Forsake vile drugs and cull from Nature's store,
As did the Patriarchs in days of yore.
Roots, Herbs and Barks, the best in Nature's store,
From broad Atlantic to Pacific's shore,
From North to South, their healing virtues lend,
And in these Bitters prove the people's friend.
They'll strengthen, warm, your bodies vigorous make,
Rouse drooping spirits and new blood create.

So if you wish to feel well, act well, do well and keep well, use this standard valuable medicine.

Only 25 cts. for a pint, 38 cts. for a large bottle Sold by all dealers in medicine everywhere.

I shall re-open my School on THURS morning, Sept. 8. ISRAEL KIMBA

LOCAL.

☞ Notwithstanding the croakers, and the "hard times," it does sometimes seem as if we shan't all have to sell out and go West this year. We learn that a gentleman has offered $1500 for the small lot of land next the Stone Church, corner of State and Church streets, on which to erect a new building of some sort. It has a front of only about 25 feet, but is held at $1800. It is at present cumbered by an old blacksmith shop, which looks decidedly out of place amidst the good buildings by which it is surrounded.

The rubbish is mostly cleared from the adjoining lot, on Pleasant street; and Mr. Nowell's shoe manufactory will be commenced forthwith. The building is to be of wood, three stories, and will greatly improve the appearance of that part of the city. We hope some arrangement will be made to extend the improvements to the next lot, mentioned above.

SUNDAY.—*Messrs. Editors*:—If the gospel alone can't do it, is there no law which can close the liquor shops, alias grocery stores near the Spring, on the Sabbath?—At any rate, ought our *City* Market there be allowed to be opened on Sunday, as I am credibly informed it has been for a long time? INQUIRER.

If people who are too poor or too mean to subscribe and pay for our Daily, and yet must read it regularly every morning, will send in their names, we will furnish them gratis, rather than they should take the papers from the doors of paying subscribers. —*Bath Times.*

Chronicle ditto.

POLICE COURT, Sept. 3.—*Before Justice Odell.*—James Burke was accused of assault and battery, on Andrew M'Carty.—Plea not guilty. Found guilty, and fined $5; costs $4.50; bond $20. For lack of money mittimus, was issued.

☞ A butcher who hires pasturage near the Cotton burying ground, denies that cattle or sheep are seen in the cemetery, and calls on our correspondent for proof of his statements. We hope it is not so, but can't see any motive for misrepresentation in the matter.

☞ The High Schools have begun again, and the boys' recitation room remains in the same unventilated, poorly lighted condition. Thanks to the Aldermen, who refuse to concur in the plan of alteration recommended by the Common Council and desired by the teachers themselves.

The Cabot street school house don't seem to be making much progress, either—there can't be gotten a quorum of the Common Council.

☞ There has been considerable importation (not needed here, certainly) of the male and female creatures who infest brothels in Boston, for the *benefit* of the crew of the U.S. ship Cumberland, just arrived here.

And noisy and boisterous enough did the drunken sailors render our streets, Sunday night. Since the vagrant act can't touch the stranger loafers and thieves among us, and don't affect the resident ones, we wish they might all be licked out of town, as Tirrell was a year or two ago, or kicked till they couldn't get out. What a pity that Jack, while learning to defend the rights of his country, can't learn to protect his own manhood. Any person who sells these poor fools liquor, deserves to be cat-hauled; and as to the horde of pimps and runners now tagging after them, we should think the tars would throw them overboard before they get them in their meshes.

☞ Elder Himes, the Advent Preacher, who was put into Exeter Jail on the 27th of August, was released on the 2d of September.

It appears by the Exeter News Letter, that A. Currier, Esq., deputy sheriff, who was the complainant at whose instance the Elder was arrested, made the complaint "in avowed retaliation for a complaint that had been made by a committee of the meeting against Currier, for disturbing the Camp Meeting, by keeping a tent close to the meeting, for the sale of beer, cigars, &c. and for attempting to disturb the meeting, in fulfilment of a threat made some time ago, to break up the next Camp Meeting in East Kingston."

Elder Himes thought Currier's suit malicious,—we pronounced it contemptible, and thought any decent Justice would have discharged the Elder.

Alvah Wood, Esq., of Exeter probably thought so too. At any rate he procured a writ of *Habeas Corpus* on Friday, Sept. 2, on which Mr. Himes was taken to Concord before Judge Fowler, of the Supreme Court, who at once set him at liberty.

This release stamps Justice Clark's decision with "folly,"—and deputy sheriff Currier's complaint with malice and falsehood. He should be dismissed from his place forthwith.

The Mass Meeting at Exeter on Saturday, expressive of indignation at Mr. Himes's arrest, was fully attended. Dea. John F. Moses presided,—and addresses were made by Elder Himes and others.

☞ The concerts by Father Kemp's Old Folks Troupe, Saturday and Sunday, were excellent, of course. We don't think they render the continental fugue harmony—the veritable "old folks" music—"the songs our fathers sung," or perhaps more literally, our grandfathers,—commonly called the *ancient* sacred music, though not nearly so old as most of our other church music—we say, we don't think they can render this old music so well, so truly and naturally, perhaps we may say in so lifelike a manner—as the Portsmouth Old Folks Choir. But their entertainments are capital—varied, and in every variety attractive. The orchestra is fine, and in such brilliant pieces as Strike the Cymbal and the Marseilles Hymn, the effect of the cornet and trombone accompaniment is splendid indeed.

This troupe have given about five hundred concerts, and always open with Albert Laighton's exquisite Song of the Old Folks. After reading it, Saturday night, Father Kemp stated these facts, and also alluded to the author of the piece, which mention was received with applause by the audience.

This troupe has met the most unbounded success in all parts of the land, and are now intending to make a tour of Europe, where they will not fail of a cordial reception.

For the first time, Father Kemp's troupe gave a concert on Sunday evening, hoping to add something to the fund of our city mission. But this was not decided on till Saturday afternoon, too late for advertising in the papers. And probably through an oversight on the part of some of our city clergymen, the notice was not given from all the pulpits, so that the matter was not generally known—and but a small audience was gathered, aside from the complimentary tickets distributed.

By invitation of Father Kemp, a portion of the Portsmouth Old Folks Choir attended, and were seated in a body near the stage, and joined with the Reading choir in several pieces. Owing to the short notice, and the difficulty of notifying all the members, however, but a comparatively small number were present, and the parts not evenly balanced. Among those present, however, were the venerable Benjamin Akerman, Abner Greenleaf, and others whose heads a less number of years has covered with snow, but who still love the songs of auld lang syne.

We have only to repeat our previous opinion—that Father Kemp's Choir is the best-drilled and most effective of its size, we have ever heard. And when such entertainments as they give, and which are *every* where else received with universal applause, by crowded audiences, are offered here for a quarter—it passes all our understanding, why all our concert-going people, who profess such a longing for good music, don't turn out a full house.

CAMP MEETING TRAIN.—To accommodate the Camp Meeting near New Market Junction, an extra train will be run on the Portsmouth and Concord Railroad at half-past 7 o'clock A. M., on Tuesday, Wednesday, Thursday and Friday.

☞ The special tickets for passage to and from the late camp meeting at Hamilton, upon the Eastern Railroad, amounted to eleven thousand two hundred and twenty-two, which was a very handsome addition to the usual week's business.

☞ A foundry in Goerck street, New York, was blown up Friday afternoon by the explosion of the steam boiler, and out of fifteen persons employed on the premises, six were scalded and one man killed.—The catastrophe appears to have been caused by the lack of water in the boiler.—About two weeks ago, from motives of economy, the man in charge of the engine was discharged, and a boy of seventeen years was engaged to supply his place.—This youth was managing the engine at the time of the explosion.

☞ The ship Sir John Franklin, at Philadelphia, from Liverpool, reports having spoken, Aug. 16th, steamship England, 150 days from Calcutta for London, under sail. Her engines were out of order. She was short of provisions, and the crew had been subsisting on one meal per day for 50 days. The England had 38 passengers, most of whom were ladies and children. The Sir John Franklin supplied their wants.

SELF MUTILATION.—The Harrisburg (Pa.) Telegraph, of the 31st ult., says that Aaron Irely, a young man who had recently been pardoned out of the Penitentiary, where he had been serving a term for horse stealing, went on Wednesday last into a rolling mill in Centre county, and placed his arms between the blades of the large iron shears, which severed both instantly below the elbows. The only reason he assigned for the act was, that "his hands had been the means of sending him to the Penitentiary, and he was resolved they should not get him into trouble again." The stumps were then amputated by a surgeon, and he appeared likely to recover.

Men are never so likely to discuss a question rightly, as when they discuss it freely.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them **The Best in the Market!**

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S
CORDIAL OF DANDELION,

SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]
GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, which has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 13 CABOT ST., Portsmouth, N. H.

FIRE AND SUDDEN DEATH.—Friday noon the house of Mr. Wm. Coffin, jun. in Newburyport, caught fire on the roof, but was fortunately extinguished, with but trifling damage. The excitement of the fire caused the death of Tristram Coffin, Esq., the owner of the house, who suffered from heart disease. His age was about 65 years.

A fresh but witty Irishman, of the great family of the O'Regans, going inland for the first time, saw at Albany the steamboat Oregon, and instantly exclaimed:—"O-r-e-g-a-n, O'Regan; oh, be jabers! not four weeks in the country yet, and a shtameboat named after me!"

Dr. C. P. Bronson's New Cures
—FOR—
Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (but *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third above; if for Liver Complaints, &c., the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, one will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 2236, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

AYER'S SARSAPARILLA.

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Pure Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which lurk in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores; cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, purifying the blood ensures health, and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little if any, Sarsaparilla, but others no curative properties whatever. Acute bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the justly distrusted, itself has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.

CONSUMPTION IS CURABLE!
BY THE USE OF
Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the
HYPOPHOSPHITES
OF LIME, SODA AND POTASH,
Originally discovered and prescribed by him as a Specific Remedy for
CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America; and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEDED what could at first have been hoped for, when taking into accounts the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during this year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *faith in the efficacy* of this remedy is undiminished."

YOU HAD BETTER TRY
MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"**My Mother's Salve**" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"**My Mother's Salve**" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"**My Mother's Salve**" in a BURN OR SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"**My Mother's Salve**" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "**My Mother's Salve**" are simple. Every one that uses it knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. For Soreness of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck

THE ONLY ARTICLE
UNRIVALLED IN THE MARKET,
WITH IMMENSE
HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, ALA., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 50 per cent. more in proportion, and retails for $3 a bottle.

Only one dose immediately relieves COLIC.

One dose taken after each meal will cure DYSPEPSIA.

Every pint bottle contains 36 doses.

One dose often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

LOTTERIES.
THE LOTTERIES OF
WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every price is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be produced at the "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

The Sagamore House, Frost's Point,
IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insiduous inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints; assurance is hereby given, that a trial by any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. ja dly

We have put up and sold this article for over ten years, and *can say, in confidence and truth,* of it, what we have of any other medicine, never been able to say er did we know an NEVER HAS IT FAILED, IN A SINGLE INSTANCE, to EFFECT A CURE, when timely used. Never, contrary, all are delighted instance of dissatisfaction with its operations, and speak in terms of highest comendation of its magical effects and medical virtues. We speak, in this matter, *"what we do know,* after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILFUL NURSES in New England and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects, acidity, and gives tone and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC.
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be SURE—yes, ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York
Price only 25 cents per bottle.

AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, under the act of 1837.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, in all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on twelve rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

WEDNESDAY, SEPT. 7, 1859.

TRUE CHARACTER OF RUFUS CHOATE. Mr. G. S. Hillard, well known as a graceful writer, furnishes the Boston Courier a letter, in which Mr. Hillard the writer gives a touching account of Mr. Choate's illness on board the steamer, and of his landing at Halifax, leaning on the arm of Mr. H., with other circumstances, detailed as a sympathetic and gifted friend only can detail them. Passing to Mr. Choate's character, among many beautiful things, Mr. Hillard says:

I have never known a man with so sensitive and excitable a temperament, who had so sweet a temper. In all my intercourse with him I have never known a peevish or irritable remark to be wrung from him. If this were a natural *gift*, it was a very precious gift. If it were the fruit of discipline, it was a noble victory. In Mr. Choate we saw the finest of instruments always in tune.

Mr. H. thus sketches Mr. C. as a lawyer:

I do not think he had any natural taste or affinity for legal studies; and yet I think the profession of the law was exactly that which best suited his mind and temperament. This may seem somewhat paradoxical, but I believe it to be true. Mr. Choate's opinion on a point of *law*,—his advice to a client, especially in an emergency where there was a conflict between two opposite courses,—would have been *less* valuable than that of some of his contemporaries.—His mind was not *judicial*. He needed to have a *side* selected, and a *post* assigned; and then in behalf of that side, in defence of that post, all his splendid powers were summoned. The general public had only an imperfect sense of his greatness; enthusiastic as was the admiration with which he was followed. They saw the graceful flight, but the power of the swoop they did not apprehend. Only those who had been associated with him, or opposed to him, in a long and difficult jury trial, could know how wonderful a man he was. His conduct of a jury cause was from beginning to end a matchless and consummate piece of *art*, most admired by those who approached nearest to him in professional tact and experience.

This is all true to the letter. He was *not* a great *lawyer* in that high sense which perceives justice and aims to promote it; but he was great in the sense of ability to sustain a side, right or wrong,—"to make the worse appear the better reason"—and to make a soft jury believe that a wilful murderer killed a woman and fired a house in his sleep, or that the woman killed herself and then fired the house. This was the *art* of law most admired by such artists—most despised by men of plain honesty.

It is quite probable that Mr. Choate had not, as Mr. H. suggests, "any natural affinity for legal studies"—and we will suppose for a moment that he had happened to study *divinity* instead of law. Under this same view of character given by Mr. H. he might have been a most splendid preacher of the most absurd and dreadful doctrines, and would have defended his side of the question, and his post in doctrine, with the most consummate *art*, to the admiration of other great artists in his line.

We turn away from this to look at the mechanical and physical power of Mr. Choate, as portrayed by Mr. Hillard:

Mr. Dana said truly that Mr. Choate did not seem the natural and spontaneous growth of the soil of New England. He was something unique and peculiar; he was like no one else, and could be compared with none. The remark might be verified by reference to some points in which he was deficient; for he had very little of that manual knack, or faculty, which most Yankee boys instinctively acquire. He was very unhandy with his hands. He could not make a pen, or fold a letter, or harness a horse, or whittle a shingle into the likeness of anything. I doubt whether—since coming to man's estate at least—he ever caught a fish or shot a bird. He had no taste for any bodily exercise (except walking) or out of door amusement—for riding, or driving, or pruning a tree, or scratching in a garden, or pulling an oar. His resources and entertainments were mainly intellectual. He was always using his brain.—The want of this taste for out of door exercise and amusements was a misfortune; for if he had had it, he might have lived longer than he did, and enjoyed life more. His bow was always bent; and thus it broke too soon.

This is truth, every word truth. Mr. Choate was as truly a martyr or suicide, in this physical sense, as was Payson, the lamented pastor and revivalist, of Portland, many years before. Their lives were abridged, their comforts marred, their hopes dimmed, their fears magnified, *their bow broken*, for want of out of door exercise and amusement.

The following paragraph, the last we have room for, is as true as it is fine; and no man is better entitled to say such things than Mr. Hillard:

To his professional brethren, who were in the habit of meeting and talking with him, by appointment or accidentally, the death of Mr. Choate is a very great loss.—His wit was so frequent, his good humor so constant, his knowledge so various, his manners so gracious and winning, that every one looked forward with pleasure to the prospect of seeing him, and every one was glad of an opportunity to come within the magic circle of his presence. Wherever he went he carried with him an atmosphere of exhilaration. Whenever and wherever he was speaking, there was no sense of uneasiness or impatience. Wise men, good men, estimable men, lovable men are left behind; but there is none like him. In the words of Young "the great magician's dead."

MISTAKE CORRECTED.—A late writer says:—

Christ's church, in Salem street, is the only church remaining in Boston in which Charles Wesley officiated, and the old South is the only church standing in the city in which Whitefield preached.

The latter statement is an error, unless all the old chronicles and chroniclers of Whitefield's day were wrong;—for it has always been said he preached in the Brattle street meeting house. N. B.—The Old South and Brattle Square meeting-houses were not "churches" then,—but there were churches in the meeting houses, composed of men and women. We have no great objection to the term church applied to a house,—but the elder puritans had, as applied to *their* meeting houses, though many of them used the term freely, as applied to the edifices of the Roman and Anglican churches.

☞ Dea. Josiah Bumstead, an enterprising and much respected citizen of Boston, who had attained the venerable age of ninety years, while crossing Washington street, Friday morning, was knocked down and run over by a hack, and expired in a few hours. Deacon Bumstead was one of the original thirteen male members of Park street Church, and was elected deacon soon after the church was organized, in February, 1809.

Deacon B. had sixteen children, most of whom are now living. He was in his ninetieth year, and his wife, who survives him, is in her eighty-ninth year.

☞ On Friday afternoon, Hon. John P. Hale, his daughter and a lady friend, left Dover in a carriage, and stopped at the High School at Great Falls. Scarcely had the horse been made fast, when a newspaper was blown across the street, frightening the animal. He ran violently down the street, overturning the valuable carriage, and striking a post, broke his neck and dropped lifeless. A horse which can be thus easily frightened, is totally unfit for family driving.

☞ In Marion County, Ga., last week, a slave of Benjamin R. Matthews stole three hundred dollars. Pursuit was commenced, and for thirty six hours the negro was kept unceasingly on the run, fresh pursuers coming up to the chase. Just as the party gained on him he fell dead in his tracks.—A large bowie knife was found in his clenched fist.

☞ An exchange speaks of a *Lobster Factory* in some down east town. We did not suppose before that lobsters were made by artificial means. Innovation is the order of the day. The Bath Times thinks the Women's Rights ladies or the old bachelors will suggest a baby factory to be conducted exclusively by their own sex!

☞ It is stated that Rev. W. W. Allen, pastor of a Baptist Church of Keokuk, Iowa, was excommunicated on the 17th inst., by a council of Baptist clergymen, for advocating "open communion," and partaking of the sacrament in another church, with persons who had not been baptized by immersion.

☞ The Washington correspondent of the New York Herald understands that a movement is already on foot in Texas and several other South-western States, among the no-party men and independent men of all parties, who are disgusted with packed conventions and wire-pulling politicians, to call the people together in town and county mass meeting and nominate General Houston as an independent Jacksonian candidate for the Presidency.

☞ Fifteen or twenty persons were poisoned in Philadelphia last week by eating cheese bought of man who was selling it from door to door. No fatal results accrued however. The poison is supposed to have been in the coloring matter in the cheese.—Salphate of copper is use for that purpose.

'Joe, why were you out so late, last night?' "It wasn't so very late—only a quarter of twelve." "How dare you sit there and tell me that lie? I was awake when you came in, and looked at my watch—it was three o'clock." "Well, isn't three a quarter of twelve?"

☞ Philosophers say that shutting the eyes makes the sense of hearing more acute. Perhaps this accounts for the habit some people have of always closing their eyes during sermon time.

"Waiter! bring me a pickle for these here beans!" "Ain't got no pickles," replied the waiter. "No pickles!" ejaculated the bean-eater, "what are beans without pickles?" "Six and a quarter cents," replied John.

☞ The Juniata (Pa.) Sentinel notices the death of a celebrated horse once owned by Gen. Jackson, who had attained the age of forty-one years.

☞ Ex-Judge Henry F. French, of New Hampshire, has removed to Boston, and opened an office for the practice of law.

HOW ADVERTISING WON A WIFE.—A year or two ago, a young merchant of New York paid attention to a Philadelphia belle of admitted beauty, and at last offered his heart and hand. The suitor bore an excellent character, but he was not sufficiently known to the Philadelphia father, who, however, took occasion to look very carefully over the business columns of the New York papers, and the result was, that his consent was promptly given. Thus runs the story. He had read the advertisements of the merchant, and was so satisfied with their tone, spirit and tact, that full confidence was at once established, and the marriage speedily took place. Within a year or two this feature of publicity has greatly extended. That is to say, many wants are now advertised that were formerly regarded as beyond the pale of a newspaper. Indeed, it is the best medium, as well for the buyer as the seller. And this truth is every day becoming more fully recognized.

The true secret of success, in business of almost any kind, is through the agency of the press; and therefore the proprietor of a widely read and extensively circulated daily journal may properly be considered the patron of his advertisers. Business men usually consider themselves the patrons of the newspapers, when they avail themselves of the facilities for laying a map of their concerns before the public; but this is not so. The obligation lies upon the other party, and this obligation is most cheerfully acknowledged by those who have paid the most liberally for advertising, and have thereby made fortunes.

☞ A young man of good family in New Orleans, who is passionately fond of gambling, was playing cards with considerable ill-luck, and as a last throw, having lost all his money, staked a lottery ticket. He lost. After the game was over, the winner, having no faith in lotteries, proposed to throw dice for it, at twenty-five cents a chance. A bystander, "a poor fellow who never owned a hundred dollars in his life," accepted the offer and won the ticket. A few days afterwards a Havana steamer arrived, and lo! the ticket had drawn $25,000. The original owner, who had thus thrown away fortune, on hearing the news, was taken with an attack of brain fever, and is now in a sad condition; it is feared he will remain an idiot. The lucky drawer of the prize immediately invested a round sum in an assortment of the most flashy jewelry and garments, and has been leading ever since a life of continued revelry; he has become a fast man, and is following fast the road to ruin. The disbeliever in lotteries cannot forgive himself, and whenever he meets a friend, stops him and tells him the story. It has become such a mania with him that his friends avoid him and turn the corner as soon as they see him coming. He has had several quarrels at the gaming table, where the sight of the cards inevitably brings the oft-told tale to his lips. Thus one prize in a lottery has made one man an idiot, started another on the road to ruin, and crazed a third. A terrible price for one prize, certainly.

☞ Of the many methods of preserving fence posts from decay, none is perhaps more simple and cheap than the one of soaking them in blue vitriol. At a recent meeting of the Farmer's Club, in Hudson, N. Y., one of the members exhibited a post which, previously to being placed in the ground, had been soaked in a solution of blue vitriol, one pound of vitriol to twenty quarts of water. The post was pine, and when taken up was as sound as when first put down, eight years since. This solution is good for all kinds of timber exposed to the weather—fence posts, spouts, shingles, bean-poles.

DIMPLE says that Morphy's success as a chess player is not so very surprising, as he has been informed that in his early life he passed some two years with the *Pawnees*, during which time he led a *checkered* existence, and as the Indians were not in the habit of acting upon the *square* in their intercourse with the *whites*, it became necessary for Morphy to be very careful how he *moved*; furthermore he frequently passed his *nights* upon a rough *board*, with nothing to subsist upon but *checker*berries or dried *ches*tnuts.—*Bee.*

☞ Rev. F. Merriam, of China, Me., formerly of Exeter, has received an invitation to become pastor of the Baptist church in New Boston, N. H. He has accepted and enters upon his labors the 11th inst.

Writers speak in estatic terms of the appearance of the Empress Eugenie at the memorable fetes of the 14th and 15th of August. Never was beauty, say some accounts, beheld to greater advantage than on this occasion. Attired in white, enveloped in clouds of rich lace, through which her soft complexion was softened still more, she appeared the most perfect realization of imperial grace and dignity which has ever been beheld.

BUTTERMILK.—A physician in Louisville has discovered that by living principally on buttermilk, a human being may prolong existence to the period of two hundred years. Bring along your buttermilk!

"Union is not always strength," as the sailor said, when he saw the purser mixing his rum with water.

CALIFORNIA NEWS.—Governor Douglas had issued a protest against Gen. Harney's occupation of San Juan, and had sent a message to the Vancouver's Island assembly, declaring that British forces should be landed in San Juan. There is a doubtful rumor that the British steamer Satelite had attacked the Island and killed 30 Americans.

Do you know why the world is no better than it is? Because each of us believe that the warnings, the teachings, the wise inculcations, the hits at folly, the moral aphorisms, the shafts shot at vice and crime from pulpit, press and stage, are all intended for our right hand neighbor, and our left hand neighbor—our withers are unwrung.

☞ The Manchester Fire Engine played Saturday night at the fire, three hours and a half, without a let-up. It shows that it has good wind and bottom.

PROTECTION FROM MOSQUITOS.—Marry a pretty woman. It is a sure protection, as we can testify from experience. They never bite a man when they can get something better and sweeter.—*Milwaukie News.*

☞ An Arkansas paper says that many of the girls in that State grow six feet high. Prentice says they must be uncommonly well cultivated.

Women are called the "softer sex," because they are so easily humbugged. Out of one hundred girls, ninety-five would prefer ostentation to happiness—a dandy husband to a mechanic.

SPECIAL NOTICES.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry,

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

Messrs. SETH W. FOWLE & CO.,—*Gentlemen.*—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,

HENRY WOOD.

Wm. B. Oliver, Esq., of M. of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 20th of April, 1858, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

The Best Medicine in the World.

YES—DECIDEDLY THE BEST—IS

Dr. Langley's Root and Herb Bitters.

They are made from the most valuable Roots, Herbs and Plants in the vegetable kingdom.—They act at once upon the very seat of disease.—They remove all obstructions from the internal organs—regulate the Bowels—purify the Blood—remove Humors—excite the Liver to a healthy action—give strength and tone to the stomach—cure Jaundice and Dyspepsia—create an appetite—increase and renew the circulation—remove all Bilious diseases—cure Piles, Headache, Weakness, &c., and are the best medicine ever discovered for all Female Complaints. The purify, heal, strengthen, build up and keep in order "the house you live in."

Doctors' prescriptions, clothed in Latin verbs,
Now yield the palm to Langley's Roots and Herbs;
Forsake vile drugs and cull from Nature's store,
As did the Patriarchs in days of yore.
Roots, Herbs and Barks, the best in Nature's store,
From broad Atlantic to Pacific's shore,
From North to South, their healing virtues lend,
And in these Bitters prove the people's friend.
They'll strengthen, warm, your bodies vigorous make,
Rouse drooping spirits and new blood create.
So if you wish to feel well, act well, do well and keep well, use this standard valuable medicine.

Only 25 cts. for a pint, 38 cts. for a large bottle Sold by all dealers in medicine everywhere.

LOCAL.

☞ The air of satisfaction with which several of our young and recently-married gentlemen friends have, at odd times of late, informed us of the arrival of little strangers (though not unexpected) "at their house," has decided us in a matter which we have long been considering. There is really no good reason why the lists of births and intentions of marriage may not be published, as well as the deaths and actual marriages; and we intend adding these items to our columns, as soon as the arrangements can be made for procuring the intelligence in full and accurately.

☞ The Clipper Plows, manufactured by hundreds, in this city, by J. B. Wiggin & Co., are pronounced by all who have used them, to be as far superior to all other plows, as a clipper ship is to an old sugar-box hulk. The idea of the plow was taken from a clipper vessel; and like that, it has nearly straight "water (or ground) lines." These clippers are of several sizes, and without doubt are beating all creation in the shape of plows. See advertisement, and the plows, and you will want one of them; and after you have tried it, you will wonder how you ever got along without it.

For the Chronicle.

Messrs. Editors;—As to the first piece you published about Cotton's Burying Ground, we feel it our duty to inform the public that there have not been cattle and sheep pastured in the Burying Ground; and we defy the man to come forward and prove it. We should like to know who that "good Shepherd" is that comes and takes them out. Perhaps the "Early Riser" can give us some information as to who has taken potatoes, corn, squashes, &c., from our field, without permit. We don't think that folks who walk down in that part of the city so late at night and early in the morning, can be doing much good.

As to the second piece, we see by your next paper that the "Early Riser" comes out and says cattle and sheep are seen in the cemetery. We don't deny cattle and sheep are driven through the gravel pit, but we do deny that they are pastured in the Cemetery all night, or any part of it; and we will give any man ten dollars, to come forward and prove it.

NUTTER, GRANT & CO.

At the Portsmouth, N. H., Navy Yard the other day, the Commandant issued orders that all the cattle employed in the yard should be fed on cut feed, which were accordingly carried into effect. But one old ox who had been educated on long hay could not accommodate himself to the new diet, and it was reported to the proper authority that the animal wouldn't eat cut feed. "Not eat it!" exclaimed the head teamster, filled with holy horror. "By thunder! he *must* eat it. It's the Commodore's orders!"—*Post.*

☞ The two Lodges of Free Masons in this city complimented a large party of their Masonic brethren, invited guests, from Haverhill, Mass., and Exeter, with a collation at their new hall, on Monday evening. And on Tuesday morning, quite a delegation from both our Lodges took their visitors on a sailing excursion down the river. The whole party numbered fifty or sixty, and went in small sail boats. They spent the day very agreeably at Wood Island. We acknowledge the honor of an invitation to go down, but fearing that they might take their "gridiron" along with them to broil a fish, we deemed it safer to remain at home.

☞ The fine-toned organ at St. John's Church in this city, has recently been furnished with some new pipes needed, and thoroughly put in order, and Mr. Pearson engaged as organist. Though not so powerful as some others in this city, this organ is an excellent instrument, and we think plenty large for church purposes, especially with a quartet choir, or no larger body of singers than any of our Portsmouth choirs contain now-a-days.

The improvements in the fencing of the enclosure about the church, are also progressing, and will make the hill look much neater.

☞ An old gentleman informs us that there are twenty men in this city 80 years of age or over, and two of these are 90 years and over. He says he don't keep the account of the old ladies' ages—perhaps because they are not so readily ascertained, and possibly because "the hey-day in the blood is cool," and the old gent not so much interested in the fair sex as formerly.

☞ Rt. Rev. Carlton Chase, D. D., of Claremont, N. H., Bishop of the (Episcopal) diocese of New Hampshire, administered the rite of confirmation to sixteen persons, at St. John's Church in this city, on Sunday last.

CAMP MEETING TRAIN.—To accommodate the Camp Meeting near New Market Junction, an extra train will be run on the Portsmouth and Concord Railroad at half-past 7 o'clock A. M., on Tuesday, Wednesday, Thursday and Friday.

☞ The alarm of fire on Tuesday was occasioned by the partial burning of a pile of railroad sleepers on the C. & P. Road, near the North mill-pond.

I DIDN'T KNOW WHAT IT MEANT.

He gave me a knife one day at school,
Four-bladed, the handle of pearl!
And great black words on the wrapper said,
"For the darlingest little girl."
I was glad! O yes, yet the crimson blood
To my young cheek came and went,
And my heart thumped wondrously pit-a-pat,
But I didn't know what it meant.

One night he said I must jump on his sled,
For the snow was falling fast;
I was half afraid, but he coaxed and coaxed,
And he got me on at last.
Laughing and chatting in merry glee,
To my home his course he bent,
And my sisters looked at each other and smiled,
But I didn't know what it meant.

The years passed on, and they touched his eye
With a shadow of deeper blue;
They gave to his form a manlier grace—
To his cheek a swarthier hue.
We stood by the dreamily rippling brook,
When the day was almost spent,
His whispers were soft as the lullaby;
And—*now I know what it meant!*

☞ Liverpool dates to Aug. 24, are received by the North Briton.

There is nothing authentic concerning the Zurich Conference; but it is stated that favorable results were anticipated, owing to the friendly relations apparent between the representatives of France and Sardinia.

Several members of the English royal household are passengers in the North Briton, whose mission to Canada is supposed to have reference to the contemplated visit of the Prince of Wales.

It was presumed that Mr. Lever's offer for the Great Eastern was not entertained.

The Paris flour market was heavy, and wheat was also dull. The harvest, though not one of the most productive, will not be much inferior to past years, while the large reserves of old wheat will prevent any exaggerated prices.

Any of our readers afflicted with Scrofula, or Scrofulous complaints, will do well to read the remarks in our advertising columns respecting it. But little of the nature of the disorder has been known by the people, and the clear exposition of it there given, will prove acceptable and useful.—We have long admitted the searching and able manner in which DR. AYER treats every subject he touches: whatever has his attention at all, has a great deal of it; he masters what he undertakes, and no one who has a particle of feeling for his afflicted fellow man, can look with indifference upon his labors for the sick. Read what he says of Scrofula and see in how few words and how clearly he tells us more than we all have known of this insiduous and fatal malady.—*Sun, Philadelphia, Pa.*

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &C. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post,*) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S

CORDIAL OF DANDELION,

SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]

GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.

A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by DR. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

WILFUL MURDER BY THE MATE OF A BATH VESSEL.—We find in the English papers a report of the testimony at the Coroner's inquest upon the body of Daniel Witham, seaman on board the ship Mary, of Bath, who was killed by John W. Moody, mate of that vessel. The Coroner in summing up, said the evidence showed that the attack upon Witham was unprovoked; that Moody searched for a piece of iron with the lantern; that he put the lantern down, and then deliberately took up the iron pin and struck the man down with it. He must tell the jury that when an unprovoked attack was made on a person and death ensued, the offence was willful murder.

The jury returned a verdict of "willful murder against John W. Moody." The foreman also said he was desired to express the opinion of the jury that the conduct of the master and chief mate, in allowing the deceased to remain so long without a surgeon, was discreditable to them.

So it was, and the captain ought to have been indicted for being accessory to the murder after the fact.

RETIREMENT OF A SUCCESSFUL OFFICER.—At the recent anniversaries in Boscawen, Rev. B. P. Stone, D. D., (the able editor of the Congregational Journal,) resigned his office as Secretary of the N. H. Missionary Society, and Rev. William Clark, of Amherst, was chosen in his stead. The following very just tributes were awarded to the retiring officer, who so long and so successfully discharged the duties devolving upon the Secretary of that Society—who is not merely its recording and corresponding, but its fiscal agent.

Resolved, That as the Rev. B. P. Stone, D. D., retires from the office of Secretary of this Society, which office he has sustained 22 years, the members of this Society desire to express to him their gratitude for the long and faithful services which he has performed. The larger part of this time he was the Agent of the Society. In both offices he has enjoyed the confidence, and will have the gratitude of multitudes who have enjoyed the blessing of the gospel through his influence.

Before the motion to adopt the resolution was put, Rev. Dr. Badger arose and said, "that before the vote was taken, he desired, as the representative of the American Home Missionary Society, to express his hearty concurrence in the sentiment of the resolution. During the greater part of the period referred to, Dr. Stone has been the Agent, also, of the Parent Society.—Very pleasant has been our intercourse. A wise, able, devoted and successful worker has be been with us in the general cause. The result of his labors is his enduring monument; and the deep feelings of my heart, as well as my relations to the National Institution, prompt me to give him here this word of tribute."

☞ In the Police Court, Boston, Sept. 2, Rev. Dr. Edward Humphrey of Cheltenham, County of Gloucester, England, was arraigned on a complaint charging him with adultery with Mrs. Emily Harriet Comeyn, wife of Stephen E. Comeyn of Cheltenham. The defendant waived the reading of the complaint, and in default of bail in $800 was committed to wait examination. It is rather strange that he should not have given bail, as he was said to have brought over 40,000 pounds sterling to this country when they eloped, only two months ago.—Dr. H. is a member of the Free Church of Scotland, and had joined the Young Men's Christian Association in Boston. He left a wife and seven children at home, and Mrs. C. left a husband and eight children. Both the runaways are of good families, and are 40 or 45 years of age. He was detected by means of a daguerrotype likeness.

☞ In New York, on Friday, an officer arrested a female named Mary Ann McNulty, on the charge of stealing several dresses from the house of her late employer. She was taken into the office of the Deputy Superintendent, and while the officers were engaged in searching her, she was observed to put something into her mouth, and made a desperate attempt to swallow it. Efforts were resorted to to make her disgorge, but without effect, when an emetic was procured and administered, which speedily resulted in expelling what she had swallowed. They were found to be pawn tickets for the dresses she had stolen. The accused was taken before Justice Cornwell, and sentenced to the penitentiary for six months.

☞ By the overland mail, which arrived at St. Louis, on the 1st inst., we have Victoria dates to Aug. 6.

The Frazer River mining news is encouraging. Seventy-five thousand dollars in gold had reached Victoria within a fortnight.

Advices from Oregon state that the Poloz Indians were harassing Lieut. Mullen's wagon road expedition, destroying the mile-posts and burning the grass at all the camping grounds.

The Los Angelos "Vineyard" of the 15th gives an account of a battle between 50 troops under Major Armistead and 400 Mohave Indians, on the 4th ult., in which about 50 Indians were killed.

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the disease Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR THE DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do it in a more natural channel—that of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in its veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, disease can be no lasting exalth. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence bitter and disappointment have followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to apply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the sanction of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more tean assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and other eminent personages, have left their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER's, and take no other. The sick wan the best aid there is for them, and they should have it.

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PRESERVATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In most instances the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy." Of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE completely recovered, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained a world-wide reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, ILLS, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends, testify to its worth.

Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M. Beck BURRILL & HUNTING, SOLE PROPRIETORS,

No. 6 Tremont Street,

(Two doors south of Court st.,) BOSTON.

Will be found at all Apothecaries and Family Stores in the country. o15 1y

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudices without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, that you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance, very strong, being glossy and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

PHILADELPHIA, Pa., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 404 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPARED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS DISTRACTIONS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose taken after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

Is used as a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insiduous inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directions as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

Steam Scouring and Fancy Dyeing,
IN BOSTON
A. LEWANDO pledges himself, from long study and practical experience in his native country and throughout Europe, in the art of Chemistry and coloring, that he can produce superior fast colors, and his mode of preparing goods for coloring is such that the fabric will retain its former strength and lively virtue, and in no instance assume that dull, decayed look, unavoidably produced by dyers in this country.
Particular attention given to Dyeing and Refinishing, in a new and very superior style. Silks, Satin, Velvet, Merino, Thibets and Cashmere Shawls, Canton and Italian Crapes, Gimps, Fringes, Curtains, Piano and Table Covers, Hosiery, &c. Feathers colored and curled—by a newly discovered process, far surpassing anything yet offered to the public. MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of Mothers, her
SOOTHING SYRUP,
For Children Teething.
Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves, and
RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* of it, what we have of any other medicine, never been able to say —NEVER HAS IT FAILED, IN A SINGLE INSTANCE, to EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and commendation of its magical effects and medical virtues. We speak, in this matter, *what we do know,* after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in minutes after the syrup is administered.
This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with never-failing success, in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, WIND AND COLIC
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will ABSOLUTELY SURE this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper.
Sold by Druggists throughout the world.
Principal Office, No. 13 Cedar st. New York
Price only 25 cents per bottle.

AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, UNDER DATE OF 1837.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

Morning Chronicle.

Portsmouth, N. H.

THURSDAY, SEPT. 8, 1859.

A PAIR OF DEFINITIONS. — Senator Douglas, in his great article in Harper's Monthly, speaks of three classes of democrats entertaining three views of slavery—and he thus describes the first class, of which he is the leader:

First.—Those who believe that the Constitution of the United States neither establishes nor prohibits slavery in the States or Territories beyond the power of the people legally to control it, "but leaves the people thereof perfectly free to form and regulate their domestic institutions in their own way, subject only to the Constitution of the United States."

A neighboring editor has called Uncle Toby's attention to the above item, and after a careful consideration of the subject, he says it puts him in mind of the law which came from Moses, who was a leader in Israel long ago.

There was a code in those days called the Decalogue, or as we say, the Ten Commandments.

Moses maintained, we may suppose, that the *Decalogue left* the people of Israel perfectly *free* to control the institution of *idolatry* in their own way, *subject only to the Decalogue.*

Then the neighbor asks, what could be meant by *that?*

Uncle Toby answers, it has no *definite* meaning; for if the Decalogue controlled it the people did not; and if *the people* have the legal power to control slavery, the *constitution does not* control it. That instrument only contains the powers which the people have delegated or given up to their Representatives, Presidents, Judges, or Senators. All their *reserved* powers belong to the people still. If Mr. Douglas means that the *control* of slavery in the territories belongs to the *people* thereof, as the *first* part of the item seems to imply—that is one thing. But if he means that it is controlled by the *constitution*, as the *last* part seems to imply—that is another thing. It may be difficult to show how both parts can be true. One contradicts the other—the last swallows up the first.

☞ Vermont State election took place on Monday, Sept. 5. Mr. Saxe, the poet, who was the democratic nominee, is not elected, as nobody supposed he would be; but Governor Hall, republican, is re-elected; and the returns, so far as received, indicate the re-election of the Republican State ticket, by the same majority as last year, on an increased vote, and a small Republican gain in the House of Representatives over last year.

In twenty-one towns the vote for Governor stands as follows:—

Hall, Republican,	5226
Saxe, Democrat,	2657

This is about a two-thirds vote for Hall. Last year the same towns gave Hall, rep., 4977; Keyes, dem., 2484; Republican majority, 2573.

In 60 towns the returns show the election of 51 Republican representatives, 8 Democrats, and one no choice. Last year the same towns gave 49 Republicans, 10 Democrats, and one no choice.

☞ A solid young Irishwoman jumped heavily from the cars, at Cleveland, a few days ago, at the Lake Shore Depot, on to the planking between the rails, when the rotten plank gave way, and let her down in a dark and stormy evening, into the lake. She fell nine feet, into ten feet of water, but was rescued from drowning by Freeman Nutt, the depot baggage-master. Passengers should jump gently on the planking at the Cleveland depot, for it is built on piles over the lake, and there may be other unsubstantial planks, which no substantial Irish girl has yet tested.

☞ The English papers publish the report of Mr. F. C. Webb, the engineer recently employed by the Atlantic Telegraph Company to examine their unfortunate cable. He gives it as his opinion that a serious fault exists about 265 miles from Valentia, and between that point and the shore it is comparatively perfect; it might probably be repaired so as to render it available for signalizing.

☞ A Mr. Curtis of Boston, has recently visited Cape Cod, to purchase the cranberry crop, a large portion of which he has engaged at $11 per barrel.

One evening, after a weary march thro' the desert, as Mohammed was camping with his followers, he overheard one of them saying, "I will loose my camel, and commit it to God;" on which he took him up. "Friend, *tie* thy camel, and commit it to God."

☞ There are in Boston over nine hundred streets, courts, places, &c., while New York contains only about one third of this number.

☞ The New Hampshire State Convention of the Democratic party, is to be held on Tuesday, October 11, at the City Hall in Concord, at 11 A. M.

All other love is extinguished by self-love; beneficence, humanity, justice, philosophy, sink under it.

☞ A young lawyer in Chicago was recently sent to the Penitentiary in that city for ten days, for the crime of stealing ten cents. He was drunk at the time. He begged of the Justice to spare him the disgrace of imprisonment, but his tears were unavailing. The young man is a graduate from a New England college, and the son of respectable parents at the East.

☞ At Old Point Comfort, the party of U. S. soldiers stationed there are engaged in trying to wear out a gun weighing 15,600 pounds. It is loaded with ten pounds of powder, and carries a ball of 128 pounds weight. It has already been fired more than a thousand times. Near it are two guns which were fired 2500 times in Pittsburg. The object of the firing is to test the durability of the iron, and the gun will be discharged till it becomes useless.

☞ Our "adopted fellow citizens" from the green isle, seem to be rather disorderly in New York city about this time. Early on Tuesday morning, a bloody fight occurred between Irish Protestants and Catholics in Jackson square. One man, George Beatty, was mortally wounded, and several others badly stabbed. Others were maimed with clubs and paving stones. Ten arrests were made.

☞ The London papers contain several articles on the strike and lock-out of the operative builders, but they are not of much interest. Judging from the increase of the number of men at work, and the deficiency of funds to make up the allowances to the men, which had caused some grumbling, the movement is gradually becoming less formidable.

☞ When a child is taken with croup, instantly apply cold water—ice water if possible—suddenly and freely to the neck and chest with a sponge. The breathing will almost instantly be relieved. Soon as possible let the sufferer drink as much as it can; then wipe it dry, cover it warm, and soon a quiet slumber will relieve all anxiety.

☞ The Methodist Episcopal Camp Meeting near South New Market Junction, is fully attended, and conducted with much spirit and energy. A reporter says "on Tuesday, fifty-eight tents were upon the ground, mostly large company ones, some quite costly. The primitive simplicity of the tabernacles seem to be giving way to better accommodations."

☞ In New York on Tuesday, Mrs. Elizabeth Byrnes, female physician, was arrested for causing the death of Mary S. Visscher, through malpractice. Mrs. B. is a native of Roxbury, and claims to be a graduate of the Boston Female Medical College. A woman named Mary Smith was also arrested as an accomplice.

☞ There is said to be a field of broom corn this season, in the vicinity of Rockford, Ill., of nearly 800 acres. The seed was planted by machinery, the corn being drilled in rows, two feet nine inches apart. Ordinarily three acres will produce a ton. The crop this year will amount to $30,000.

☞ The New York Journal of Commerce says a regular stampede has taken place among military men in that city, of whom a large number are going East to attend the grand military encampment at Concord, Mass., Thursday and Friday.

☞ About half past eleven Friday night, the guests of the Profile House at the Franconia Notch of the White Mountains, were awakened from their slumbers by the alarm of fire. It proceeded from the dry-room of the laundry, but was extinguished without much damage.

A LADY HOREWHIPS A WATERING PLACE REPORTER.—A letter in the Post describes a horse-whipping administered by a lady to a newspaper writer at the Phalanx, New Jersey. Working up whatever information he could obtain, during an exploration visit at the Phalanx, and adding to it the spice of malicious gossip about several of the visitors, he described one of them as Lady Spanker, on account of her fondness for horseflesh, and compared her to Lola Montez from her love of cigar-smoking. A day or two after, while resting upon a sloping sward in front of the house, he was startled by the remark, rather sharply expressed, "I believe that you wrote this, sir?" and looking up from his lethargic position, he beheld his Amazon, with a copy of his production in one hand and a most elegant riding-whip in the other. Before he had time to reflect, he felt upon his shoulder-blade a sensation so peculiar that it might have been produced by some fifty fleas, which, all drawn up in a line, had made a simultaneous attack thereon.

In an instant he gained such an impetus to the bottom of the incline on which he reposed, that he was soon seen, amid the jeers of a number of ladies and gentlemen, floundering about in the muddy waters of a mimic lake, at the foot of the hill.

Eugenie, *l' Imperatrice*, is reported to be in the way to increase the imperial family of France. Though slow she is sure, and the Emperor may, as becomes a man whose empire is peace, have a large collection of olive branches around him in his old age,—and he grows old fast. French Imperial ladies ought, as Macbeth said of the amiable tigress whom he bedded and boarded, to give birth to male children only, females not counting anything in the gallant land of France. The Emperor should abolish the Salique law, as only a remnant of the old monarchy. It did well enough for the feudal ages, but is out of date in these times, when women have proved their capacity to rule and misrule. The English, who have admitted the right of regal succession in females, and in the female line, have found their account in their liberality, we should say their justice. We believe that Eugenie could rule France as wisely as her husband rules it, and that she could be as successful in establishing a dynasty as she is in helping create one.—*Trav.*

THE AURORAL DISPLAYS.—The recent displays of the aurora we believe have been witnessed further south than ever before, for we have no recollection of any mention of them so far south as New Orleans, in former times, and it is very rarely that they have been seen as far to the South as Charleston. The action upon the telegraph wires has indisputably settled the question that a simple excess of atmospheric electricity produces the light, and all its singular and interesting incidents. In both the recent cases, telegraph lines from west to east could be worked without the batteries, so abundant was the electric fluid moving in that direction, as it then happened. More decisive proof of the true character of the phenomenon could not be afforded. Whatever obscurity rested on the subject when seen where no test of electrical movement in the atmosphere could be applied, there could remain no doubt of its character when the shifting light of the sky was precisely represented by moving currents on conducting wire.—*Trav.*

RAILWAY ACCIDENTS IN ENGLAND.—A Parliamentary return shows that the number of persons killed by railway accidents in England in the six months ending the 30th of June last, was 128. The number injured from the same cause during the same period was 188. Of the killed, one only was a passenger whose death was to be attributed to causes beyond his own control; 59 were killed by their own misconduct, or want of caution; 9 were railway servants, killed by causes beyond their own control; 15 were killed by crossing at level crossings; 39 were killed in consequence of trespassing on the lines; and the deaths of the remaining five were not satisfactorily accounted for. The number of persons killed in Ireland during the same period was 13, and in Scotland 16. The total length of railways opened for traffic in the United Kingdom on the 30th of June last was 9796 miles, as against 9268 miles on the 30th of June, 1859.

SPECIAL NOTICES.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Dr. Wistar's Balsam of Wild Cherry,
Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated Journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.
The following Certificate from a distinguished gentleman is equally conclusive.
From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, N.H., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.
CONCORD, N. H., March 2.
MESSRS. SETH W. FOWLE & CO.,—*Gentlemen:*—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.
With respect, yours truly,
HENRY WOOD.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.
SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.
The fourth day she was much better. On the 29th of April, 1858, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,
SHE WAS SOUND.
Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.
Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

Jaundice.
This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

THE
BAY STATE RANGE

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having
TWO LARGE OVENS
AND
SIX BOILING PLACES

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, by which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF,
and can be set in a chimney or out in the room, as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the cooking being of
DOUBLE THICKNESS,
will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked nine cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers buy one, and save
TIME, LABOR AND FUEL.

ITS ADVANTAGES ARE NUMEROUS,
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,

☞ Atlantic Engine Company, No. 6, bert Foye, Foreman, will represent the e department of this city at the Firemen's ster at Manchester next week. They ll carry their tub with them, and be ac- mpanied by the Portsmouth Cornet Band. ey are to camp out while absent from me, and have procured the tents and oth- apportenances of the old Rockingham ards for this purpose. The Sixes will mpare favorably with most engine com- nies we have seen here from abroad, and e not easily excelled; and we think there not more than one band in New Hamp- ire, and *not* one of its size, with which e Portsmouth Band need fear comparison.

☞ The Band was out, serenading, a w nights ago, and played deliciously— tter than ever, say those who heard them; eir object being, in part, to play a newly arried couple into tune. We regret our sence from home, when we were thus nored by them with a visit, recently,— t then our neighbors had the benefit of is treat, as much as if we 'd been there. o their politeness was not thrown away.

THE GREAT EASTERN.—In order to ve some idea of the mammoth proportions f this magnificent steamship, a friend easured her length on State street. She 697 feet long, and if her stern were placed Thacher's store, corner of Pleasant reet, her bows would reach to the Rock- gham house. Three monuments like that Bunker Hill could be placed end to end her deck, and yet leave 18 feet of room each end.

☞ The number of deaths in this city r the month of August was eleven, as fol- ws:

Males four—aged 1 year 8 months; 22, , 59 years.

Females seven—aged 7 and 9 months; 56, , 81, 84, 100 years.

☞ Quite a frost was visible in this vi- nity on Wednesday morning. The sea- n has been uncommonly cold, and every onth, we think, has been attended by ost.

CAMP MEETING TRAIN.—To accomo- te the Camp Meeting near New Market nction, an extra train will be run on the rtsmouth and Concord Railroad at half- st 7 o'clock A. M., on Tuesday, Wednes- y, Thursday and Friday.

☞ In New York, Tuesday evening, there as considerable disturbance at some of the ammany primary elections. The excite- ent was intense in the 22d Ward, where eparations for a general fight had been ade, and two cart-loads of stones and oth- missiles collected at the polling place.— he police interfered and prevented a gen- al outbreak, but after the election a fracas curred between two politicians, which re- lted in the shooting of Johnson Heagan d the stabbing of Patrick O'Brien.

☞ Tuesday night, in New York city, at late hour, three men, evidently dead rab- ts, entered the press room of Williams & o., smashed the form of the Anti-Slavery tandard, and made good their escape. It supposed their object was to break up e forms of Porter's Spirit of the Times, hich is printed in the same office, so that could not be issued.

☞ The public fountain movement, hich has been so successful in England, is ot unfelt at Berlin, but the Berliners have fined it. On all the open places elegant tle structures of wood, painted white, and ore or less gilded, have been put up.— hey are about twelve feet by eight. Be- nd a narrow counter, adorned with water ants, two maidens serve out to the thirsty blic, goblets of soda water at the small harge of a halfpenny. They have many stomers, and the ingenious speculator is ing a lucrative business.

ILLINOIS STATE FAIR.—*Freeport, Sept.* —The Illinois State Fair here has at- cted a large concourse of persons, from l parts of the North and West. Fawk's team plough is here; also a new machine Vandorem & Glover of Chicago, hich, besides plowing, digs ditches, reaps rain and stacks it, and mows grass.— $500 worth of prizes will be awarded by e Committee on Thursday.

EARTHQUAKE AT FAYAL.—A correspondent of the Salem Gazette gives the following account of earthquake shocks at Fayal:—

"On the 25th of May, about 11 o'clock, P. M., we had three shocks of an earthquake. The first was sufficient to shake the houses slightly; about three minutes after another shock jarred every thing in the house, and, in a moment, the third shook the house so that we thought it would go over. They lasted a very short time,—sufficiently long, however, to frighten us half out of senses. Some of the people got out of their beds and went into the gardens in their night-clothes, and put up tents to sleep in, which they occupied several nights, thinking that if they got out of the way of the houses they were safe. Our houses are all built of stone and are very strong; if they were constructed as they are in the United States, they would have all been destroyed. Since this earthquake we have had very cool weather—about as cool as we (in Fayal) have it in January."

THE VENETIANS.—A Rovigo correspondent of the New York Herald gives a sad account of the treatment of the Venetians by their Austrian task-masters since the peace of Villafranca. He found Venice all sorrow, dessolation, and misery; St. Mark's square deserted, the coffee houses empty, most of the stores shut up. The millitary, however, amuse themselves by having the band play every evening in the square, and during these hours, even the few Venetians who repair there leave it.—Of the sixty politically suspected Venitians, who were arrested in May, nothing is known but that they have been taken to Josephstadt, in Moravia, all intercourse between them and their families being interdicted.

The widow of the late Count R., said: 'I had six sons; two of them fell at Solferino, one lost his eyesight by an Austrian ball, another had his arm shattered, one is a prisoner. Yet, I am willing to give the last one to make Venice free!'

MONTPELIER, Vt., Sept. 7.—We have the Representative vote of 32 additional towns, making 92 in all. They report the election of 79 Republicans, 10 Democrats, and three no choice.

In 33 towns the majority for Hall, for Governor, is 3256. In the same towns last year, his majority over Keyes (democrat) was 3259.

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about, through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]
GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CANOT ST., Portsmouth, N. H.

GAITS OF HORSES.

From a very interesting article in the N. Y. Spirit of the Times, we extract the following remarks. which come from a writer who seems to know what he is talking about.

The horse has four distinct natural paces, the Walk, Trot, Canter, and Gallop; any other is artificial, or a defect arising from a bad and imperfect education. Difficult as this may be to describe upon paper, I will endeavor to make myself understood. The walk is known by the feet beating time upon the road distinctly at regular intervals, thus, 1, 2, 3, 4, i. e., the off fore foot, near hind, near fore and off hind, one after the other; this is professionally called *equal action*, constituting soundness, and the deviation from this regular motion is called *unequal action*, denoting unsoundness from some cause.

The Trot differs from the walk, inasmuch as the beat upon the road is more like 1, 2, 1, 2, as if the horse had only two feet instead of four; this is produced by the off fore and near hind feet moving together, or nearly so, and the near fore and off hind doing the same, and this professionally, like the walk, constitutes equal action, or soundness.

When horses are going very quick they appear to move the fore and hind legs on the same side together, but this is only in appearance, not in reality; when pushed to the utmost trotting pace, some gallop with one hind leg and some with both. At that pace they go in all forms, and very few are able to maintain the pure trot.

The Gallop is used for racing and hunting; the word running is often used instead of Galloping. When horses are running a race, they are in the act of galloping, not running; a horse running is not galloping, and galloping is not running, except when the word race is also applied; a running horse is a trotting horse, not a galloping race horse—as I will endeavor to show.

The Pace is artificial, and is learned by habitually carrying a good horseman in a fast walk. None but perfect roadsters can do this; it is performed with the fore legs walking, and the hind ones trotting; the horse that can do this well, about six miles an hour, is valuable as a hack, and is called a pacing hackney.

Running.—The running trot is also artificial, mis-called a pacer. The run or running trot is exactly the same as the walk, but quicker, the feet beat time distinctly, at regular intervals, the same as the walk, 1, 2, 3, 4, no matter bow quick; this is running, and when well done is a very easy pace for both horse and rider.

There is a nondescript way of going which some animals are allowed to assume, consisting of the fore and hind limbs on one side moving together the same as if the fore and hind legs on each side were tied together, as is sometimes done with hill sheep, when they are mischievous, causing a motion as unnatural as it is ugly; it is an imperfection, arising from neglect, ignorance, or ill treatment, or all or any of them, easily remedied and should never be allowed.

The Canter is a modification of the Gallop, but shorter and slower, and the Amble is a modification of the Canter, still shorter, and still slower.

McKINNEY & CO., Ga. Savannah,

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure may be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASES, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of by parsly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsparilla for one dollar, Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Some bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justlyd espised, and has become almost synonomous with fraud and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more tean assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER's, and take no other. The sick wan the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—je14

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENCY VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SURE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In most instances the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure*. My *fac simile* signature is upon every bottle.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" is a BURN OR SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & Co.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly disfigured for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also recieving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPARED BY DR. SANFORD.

COMPOUNDED FROM BITTERS, FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of mercury, leaving the system free from the effects of medicine after a long sickness.

One dose taken before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

One dose taken at night, loosens the bowels gently and cures COSTIVENESS.

A few bottles will cure DROPSY by exciting the absorbents.

One dose taken after each meal, will cure DYSPEPSIA.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

One dose taken for JAUNDICE removes all sallowness or unnatural color from the skin.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal, will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from a reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jl2 dly

The present important question with the people of Warsaw, is,
"Will Poland soon be an independent Kingdom."
AUERBACH & CO.
believe it will not take place very soon, but they believe in thanking their Customers and the public generally, for past and present favors, at their present small location,
NO. 32 Penhallow Street,
and it gives them pleasure to announce to their patrons that notwithstanding their Stock of *CLOTHING AND FURNISHING GOODS* rapidly diminishing, yet they will, in return for past favors, sell their remaining Stock at REDUCED PRICES.
This opportunity affords a rare chance to everybody in want of such articles; and more especially for mechanics; for they can buy at the above place a suit of clothes cheap enough to correspond with their low wages.

Dr. B. S. Goodwin, Indian Physician,
Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.
ADVICE FREE.
Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.
THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.
Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.
No Mercury! No Bleeding! No Blisters!
Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

FRENCH
Steam Scouring and Fancy Dyeing,
IN BOSTON
A. LEWANDO pledges himself, from long study and practical experience in his native country and throughout Europe, in the art of Chemistry and coloring, that he can produce superior fast colors, and his mode of preparing goods for coloring is such that the fabric will retain its former strength and lively virtue, and in no instance assume that dull, decayed look, unavoidably produced by dyers in this country.
Particular attention given to Dyeing and Refinishing, in a NEW and VERY SUPERIOR STYLE Silks, Satin, Velvet, Merino, Thibets and Cashmere Shawls, Canton and Italian Crapes, Gimps, Fringes, Curtains, Piano and Table Covers, Hosiery, &c. Feathers colored and curled—by a newly discovered process, far surpassing anything yet offered to the public. He is prepared to dye and cleanse every kind of Ladies' and Children's Dresses, Silk, Velvet or Wool, plain or embroidered, without removing the trimmings, or taking to pieces.—Spots taken out without fading or changing color.

CONSUMPTION IS CURABLE!
BY THE USE OF
Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the
HYPOPHOSPHITES
OF LIME, SODA AND POTASH,
Originally discovered and prescribed by him as a Specific Remedy for
CONSUMPTION!
The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a
SPECIFIC REMEDY FOR CONSUMPTION.
Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."
BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,
which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure.* My *fac simile* signature is upon every bottle.
☞ Price $2 per bottle, or three bottles for $5, with full directions for use. Write for Circulars, which will give RELIABLE INFORMATION, and save from all possibility of deception. AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, under the act of 1837.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
Boston, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications. SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

FRIDAY, SEPT. 9, 1859.

REFORM SCHOOLS.—The incendiary burning of the Westboro' Reform School, renders some action in reference to youthful criminals necessary, and the present appears to be the most favorable opportunity for remodeling the Reform Schools, organizing them on proper basis and classification, and correcting the errors that have been hitherto committed in the organization and management. The Executive of Massachusetts, in calling attention to the subject, makes a long and valuable report, showing the defects and errors in their school, and even the loss by fire, all came by departure from the directions of Mr. Lyman, who devised the school, and who gave $50,000 to start it.

He advised a safe, strong, fire-proof building or buildings; that no scholar should go in under 14 years of age, &c.

It is obvious that the Institution had grown to an unwieldy and unmanageable size; that the inmates were not properly classified; that boys who are simply ungovernable or disobedient ought not to be herded with those who are absolutely criminal and vile, some of them even grown to be adepts in crime; and in reorganizing the Reform School, these errors should be corrected. Gov. Banks has forcibly demonstrated this necessity in his message, and has made some suggestions as to possible methods of reform in the system.

The New Hampshire Reform School is in its infancy. And therefore, if we are wise, we shall learn something valuable, not only from the errors of Massachusetts Schools, but also from the correction of these errors.

We observed that one boy was sentenced to our school the other day, who had been trying to set buildings on fire, in Concord we think. If any power exists in keeper or committee, whereby such a boy could be shut up in a fire-proof cell, when not at work, it would be wise to use it.

A boy of his years, (16,) and guilty of his crime, however, should not be mixed up with mere truants.

And when we build a new wing to the School, if we build one, let it be made like a great brick arch, and devoted to the *hard cases*. The present building is fit for those boys who deserve milder punishments only, and are not disposed to kill, burn and destroy.

☞ Bonner, of the New York Ledger, who is rather hard to catch, himself, speaking of his $10,000 fast team, says he would not have given one snap of his finger if they had not been *fast!* *We say this because there there is a nonsensical prejudice against what are too often contemptuously called 'fast horses.' We like horses of fast, quick, active movements, just as we like fast, active, energetic, go-ahead men. Whether it is exhibited in man or beast, we like to see *mettle*. But, say some, it is cruel to drive a horse at a high rate of speed; so it is, if you over-do the animal. But did it never occur to these well-meaning but mistaken people, that a fast, well-bred horse can travel at a three-minute pace for half an hour, with less labor and distress than a four-minute horse could travel at *his* best pace, for the same length of time. A man is more likely to overtask a common, slow horse than a well-bred, fast one—because the blood horse can endure infinitely more."

☞ Sir John Herschel attributes the appearance of the Aurora to agency of electricity. This wonderful agent, says he, which we see in intense activity in lightning, and in a feeble and more diffused form traversing the upper regions of the atmosphere in the northern lights, is present, probably, in immense abundance in every form of matter which surrounds us, but becomes sensible, only when disturbed by excitements of peculiar kinds.

"GOD IN HIS PROVIDENCE—A new work by Rev. Woodbury M. Fernald. We learn that a new work on the above subject is about to appear, by this writer,—who is a a native of this city,—presenting the subject in all its great branches, and treating it both philosophically and practically. We expect a full treatise, and have no doubt it will be a work of great interest, and destined probably to a very wide circulation. It will be issued about the first of October; published by Otis Clapp, Boston.

☞ At Hartford, Conn., on Tuesday, about noon, Giles Rollins, a carman, with two horses and a platform wagon, loaded with ale barrels, stopped before a store: his foot slipped as he stepped from the wagon, and he fell across the traces, striking the horses' heels, which started them and they ran furiously, the horses' feet striking his head and neck. He was taken up dead, his neck being broken. He was 35 years old, a single man.

Our wealth is always a temptation to others, and often a snare to ourselves.

☞ On Saturday last, says the Portland Argus, Wm. Edwards of Raymond was arrested for the alleged murder of a female named Sarah J. Verrill, about eleven years ago. The accused at that time resided in Poland. The girl, who is said to have been a low character, also resided in that town, and Edwards is said to have been familiar with her. One morning both of them were missing. Edwards was seen with the girl on the previous evening. He returned to his family in about four weeks, but denied all knowledge of the girl, and she has never been heard of since. Last week Joshua Edwards, a brother of the accused, made a confession, stating that he and William murdered the girl by tying or chaining her on a pile of brush, then setting fire to it, and burning her alive. Upon this confession William was arrested.

☞ On Wednesday, the Massachusetts State Militia Encampment at Concord, commenced under the most flattering auspices. The camp was regularly organized during the forenoon. There are nearly 6000 troops in camp. The most interesting event was the march to the Monument grounds and other Revolutionary localities. The distance was seven miles out and back, and over roads filled ankle deep with the very essence of dust. It was a hard tramp for the soldiers, but it was performed with alacrity. There were upwards of 4000 in the column. It was a magnificent spectacle.

☞ Eliza Cook sold her song "The Old Arm Chair" in 1831 for two pounds two shillings, and the purchasing publisher has made a fortune out of it, selling, it is said, half a million copies for fifty cents each, net cost to him not being over three cents. A Scotish bookseller invaded the copy-right, and was sued, and the case having gone through all the courts of Great Britain has just reached its end with the defeat of the Scotsman, and a cost to him of about $10,000. He will be likely to ignore arm chairs for the rest of his natural life.

☞ The Manchester Mirror thinks it probable there will be over sixty companies present at the Firemen's Muster in that city, Sept. 14, 15 and 16. We should think, from the returns, the companies will average 55 men, besides musicians. What a procession they will make, with a band of music to every hundred men! The Portland Band is going with a Newburyport company.

☞ Mr. James Smith, a citizen of Baltimore, returning home on Sunday night, had occasion to pass by a public house, at which some men were engaged in a disturbance, and Mr. Smith was struck in the back by a brick thrown by one of the party. While falling from the effect of this blow, his leg was broken by a blow from another missile, and then his pockets were rifled of the money they contained, about $12.

LIST OF SUICIDES.—The New York Times has published a list of the suicides which have been recorded in the papers of the United States during the last six weeks. The number is fifty-three, in which life was actually taken, and twenty more unsuccessful attempts. Domestic trouble was the cause in a majority of the cases, and straitened circumstances and disappointments in business led to what coroners' juries call the "rash act" in others.

SERIOUS ACCIDENT.—Conrad Swackhammer, editor of N.Y. Democratic Review, was thrown from his wagon Friday evening, in consequence of a collision with another vehicle, and so seriously injured that his life is despaired of. His right arm and collar-bone were fractured, and in addition he received internal injuries.

☞ The new Custom House at Chicago is represented as a very handsome building. It is built of Illinois marble, of a cream color, and is three stories high. The lower story is devoted to the Post Office, the second to the Custom House, and the third to the United States Courts. It is estimated to cost $450,000.

☞ A Louisiana paper in recording the death by lightning of "two likely looking negro men," says:

"The electric fluid of the clouds seems to be no respecter of persons. It would as soon kill a negro worth fifteen hundred and two thousand dollars, as a 'poor white man' not worth the powder and lead that it would take to blow his brains out."

☞ The telegraph states that on Wednesday the Republican and American conventions met to nominate a candidate for Governor of the State of New Jersey. A union was affected between the two parties, and much enthusiasm created thereby.

☞ Four boys who were playing in an excavation in a sand bank, at Dubuque, Iowa, were missed by their parents, when it was discovered that the bank had fallen upon them, smothering three to death.

☞ Dr. A. B. Crosby, of Hanover, recently removed from a lady in Franconia, an ovarian tumor weighing twentyeight pounds.

THE BEST PHYSICAL EXERCISE.—The true idea of education, says the Christian Reflector, is admirably unfolded in the late inaugural of President Samson of Columbian College, Washington. Dr. Samson writes of walking as a physical exercise, in the true vein of an experienced amateur. He, doubtless, has long practiced in this thing what he preaches to others.

As to physical education, much has been *said* about reviving old unphilosophic methods, and much has been *done* to keep alive a true philosophy. After all theorizing and experimenting, practical experience brings men back to value most highly, because it has proved to be valuable, the simple, cheap, universally possessed means of physical development and culture which constituted the perfection of man's material endowment in Paradise—the plain diet and simple exercise of that perfect abode; "everything good for food" together with the gentle working of every muscle and the quiet play of every organ that attended the "*walk*" of Eden. Like the mind, the bodily powers need food to nurture, discipline to control, and exercise to give them energy in action. It is the latter element that demands special notice.

Not to speak of the end sought, the mere luxury of locomotion in *walking* was meant to be the purest and sweetest to man, as it has been made the most constantly living of of our physical enjoyments; and he who, through indolence or false philosophy, allows himself to become a stranger to the ecstacy of an evening or morning ramble among the flowers and birds, might as well cease to be a man.

After all the inventions, erections, and temporary eulogizing of the gymnasium—after the costly experiment for a time of horse-back riding, nine-pin rolling, and other games; after the novelty of military drilling, too exacting on the time and purse of the student, too starched and mechanical in the cast of carriage it gives, and too demoralizing in its associations—after all devices, the wise man comes back to the simple old thing of *walking*. In the old beaten track the man of perfect health and physical development, hale and hearty, holds on the even tenor of his way, till staff in hand, he steps into his grave.

MORMON POLYGAMY.—Mr. Greeley, in one of his letters from Utah, says:

I have enjoyed opportunities of visiting Mormons and studying Mormonism, in the homes of its votaries, and of discussing with them what the outside world regards as its distinguished feature, in the freedom of friendly social intercourse. In one instance, a veteran apostle of the faith, having introduced to me a worthy matron of fifty-five or sixty—the wife of his youth, and the mother of his grown-up sons—as Mrs. T., soon after introduced a young and winning lady of perhaps twenty-five summers, in these words:—"Here is another Mrs. T." This lady is a recent emigrant from New York State, of more than average powers of mind and graces of person, who came here with her brother as a convert, a little over a year ago, and has been the sixth wife of Mr. T. since a few weeks after her arrival. (The intermediate four wives of Elder T. live on a farm or farms some miles distant.)

People who affect contempt for the press and its power, will find food for reflection in the manner Horace Greeley is received throughout his journey across the country to the Pacific coast, and especially in California. Everywhere on the route that is marked by the civilization of the white man—in remote Kansas, in Utah, under the shadows of the Rocky mountains, from the forts of the army, and the camps of the emigrants—the editor of The Tribune has had a welcome and received attentions that no official station in this country lower than the presidency would have commanded for any man. No senator, no ex-president, no preacher, poet, or politician, could make of such a journey so triumphal a march.—Something of the enthusiasm which greets Mr. Greeley is undoubtedly due to the respect for his personal qualities, but the chief source of the universality and heartiness of the attention paid to him lies in the fact that he is a representative man of the press, the chief creator and editor of one of the most famous and powerful journals of the world.—*Manchester Amer.*

CURE FOR DIVORCE.—Michelet, in his remarkable book L'Amour, mentions the following novel method of curing the disposition in married couples to become separated:—

"In Zurich, in the olden time, when a quarelsome couple applied for divorce, the magistrate never listened to them. Before deciding upon the case he locked them up three days in the same room, with one bed, one table, one plate and tumbler. Their food was passed in to them by attendants, who neither saw or spoke to them. When they came out, at the end of three days, neither of them wanted to be divorced."

A WISE ANSWER.—"You must not play with that little girl, my dear," said an injudicious parent.

"But, ma, I like her, she is a good little girl, and I'm sure she dresses as pretty as ever I do, and she has lots of toys."

"I cannot help that my dear," responded the foolish mother, "her father is a shoemaker."

"But I don't play with her father, I play with her, she ain't no shoemaker.

ILLINOIS STATE FAIR.—*Freeport, Sept. 7.*—The State Fair is a complete success; 25,000 people were on the ground, and receipts for the day amounted to $5000.—Fowke's steam mower mowed an acre in eleven minutes. The number of agricultural implements on exhibition is larger than any previous year. The Farmers' convention meets this evening for the purpose of discusing matters pertaing to agriculture. Friday will be the last day, when $16,000 in premiums will be awarded.

Respectfully announces that he will give one of his popular

Scientific Exhibitions

to the pupils of the various schools of this place, with the parents and friends,

On SATURDAY Afternoon, Sept. 10th,

AT THE TEMPLE.

The entertainment will consist of many amusing and brilliant experiments in various departments of Natural Science, among which are the following:

A boy will be suspended by electricity.
An iron rod suspended in the air, without touching anything.
A cannon loaded with water and fired with an icicle.
A bonfire built of ice.
The principle of the Telegraph explained.
Interesting experiments made with the Galvanic Battery.
A perfect working model of the paying-out machine used in laying the Atlantic Cable, will be exhibited, over which a small cable will be passed.
During the afternoon there will be a beautiful
BALLOON ASCENSION,
with a net and car attached.

☞ While the explanations will be adapted to the capacity of the pupils of the various schools, it is hoped that the experiments will likewise prove interesting to their parents and friends.

SPECIAL NOTICES.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Dr. Wistar's Balsam of Wild Cherry,

Ballow's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

Messrs. SETH W. FOWLE & CO.,—*Gentlemen*:—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,

HENRY WOOD.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1858, she commenced the Resolvent; on the 30th of May, twenty-one days after she commenced its use.

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

The Best Medicine in the World.

YES—DECIDEDLY THE BEST—IS

Dr. Langley's Root and Herb Bitters.

They are made from the most valuable Roots, Herbs and Plants in the vegetable kingdom.—They act at once upon the very seat of disease.—They remove all obstructions from the internal organs—regulate the Bowels—purify the Blood—remove Humors—excite the Liver to a healthy action—give strength and tone to the stomach—cure Jaundice and Dyspepsia—create an appetite—increase and renew the circulation—remove all Bilious diseases—cure Piles, Headache, Weakness, &c., and are the best medicine ever discovered for all Female Complaints. The purify, heal, strengthen, build up and keep in order "the house you live in."

Doctors' prescriptions, clothed in Latin verbs,
Now yield the palm to Langley's Roots and Herbs;
Forsake vile drugs and cull from Nature's store,
As did the Patriarchs in days of yore.
Roots, Herbs and Barks, the best in Nature's store,
From broad Atlantic to Pacific's shore,
From North to South, their healing virtues lend,
And in these Bitters prove the people's friend.
They'll strengthen, warm, your bodies vigorous make,
Rouse drooping spirits and new blood create.

So if you wish to feel well, act well, do well and keep well, use this standard valuable medicine.

LOCAL.

☞ Speaking of the arrival of the U. S. ship Cumberland here, the Ballot says:

"As is always the case on the arrival of every national ship with men to be paid off, the city is overrun with blacklegs, thieves, pimps, suckers, bawds and prostitutes, ready to seize upon "poor Jack" and rob him of his hard earnings; and it seems at the present time that the number of them is larger than on any former occasion. Jack must look out for himself—the city officials will afford him no protection."

Anybody about town for the last few days, and especially on Thursday, could testify to the truth of the above; though, as to the city authorities preventing the disgraceful transactions, of the occurrence of which there is no doubt,—it is not so easy, for want of legal proof.

Thursday the crew of the Cumberland were paid off, at the navy yard; and vehicles were in demand to convey the sailors and their luggage to this city. It is probable that within a fortnight, a very large majority of the men will have spent or been robbed of all their earnings, and find themselves shipped aboard other vessels, when they "come to their senses." (?) Well, so long as they will "put an enemy in their mouths to steal away their brains," (though it always, to us, was an evidence of a *lack* of brains—this guzzling of liquor,) just so long will this state of things exist.

☞ A regular meeting of the Board of Engineers was held on Tuesday evening last, at their rooms at the Court House, Chief Engineer J. G. Hadley in the chair.

Certificates granted to sundry persons as members of Engine Cos. 2, 3 and 4.

Certificates of sundry persons were revoked; and sundry bills approved.

Chief Engineer reported that he had found a large well on the distillery lot, south of Green street, in which was 21 feet and 4 inches of water at the present time, and was 12 feet in diameter. He had caused the same to be repaired for the use of the Fire Department, and stated that it could probably supply two engines for three hours—a very valuable addition to the present water privileges in case of fire in that vicinity.

After the presentation of the fire hat, the meeting adjourned.

☞ Richard Wallingford, a negro sent home in the U. S. sloop-of-war Cumberland, by the American Consul at Madeira, charged with an attempt to murder Capt. Crowell, of the American ship Protector, was on Monday brought before U. S. Commissioner Webster, on a complaint for the offence; plead not guilty. The evidence presented to the Commissioner consisted of depositions taken at Madeira, but no witnesses were present. The prisoner was committed to Portsmouth jail, having been ordered to reconize in the sum of $1000 for his appearance at the U. S. Circuit Court to be held in Exeter on the 8th of October next, and being unable to find sureties.—Marshall, District Attorney, for the U. S.; W. H. Y. Hackett, Esq., for the respondent.

☞ The annual meeting of the stockholders of the Portsmouth Steam Factory was holden in this city on Tuesday. The affairs of the company are reported to be in good condition, and a dividend of $3 per share is to be paid on the 15th inst.

The following named gentlemen were re-elected directors:—Ichabod Goodwin, John Knowlton, Wm. P. Jones, John A. Blanchard, Calvin W. Clark, Nath'l Goddard, Wm. Sheafe.

☞ Rev. Phineas Stowe, of Boston, has spent his time with the crew of the U. S. ship Cumberland, since her arrival here—giving them warning of the dangers which beset them, and good counsel as to their future conduct. In acknowledgement of his kind attentions, the crew have presented Mr. Stowe a handsome fluted silver Goblet, which we saw on Wednesday at C. T. Emery's jewelry store.

A CARD.

The subscriber would take this method of expressing his gratitude to the Board of Engineers of the fire department of this city for the beautiful Fireman's Cap presented him at the close of their meeting on Tuesday last.

For this and their uniform courtesy, and prompt performance of all their official duties on all occasions, allow me to pledge you a friendship which will always have a place in my breast.

J. G. HADLEY, Chief Engineer.

Portsmouth, Sept. 18th, 1859.

☞ Prof. Peck announces a very interesting and valuable entertainment for Saturday afternoon, at the Temple. Read his advertisement, and give the children 10 cents apiece. Mr. Peck is a stranger here, but comes well recommended, as having been very successful wherever he has been. He certainly appears well, and offers a very attractive and useful programme.

☞ We learn that two hundred tons of coal were taken from a vessel at their wharf, in three days, last week, for Messrs. E. F. Sise & Co. This is quick work—and it will be seen that they advertise it very cheap, to sell it quickly also.

☞ Maids or young widows in want of a husband, will see a chance for them advertised among our new notices this morning.

THE WEEKLY CHRONICLE,

Containing the news of the week, at home and abroad, as published in the six previous issues of the Daily Chronicle,—is printed on *Friday* morning, and immediately delivered by our carriers to subscribers in the city, or sent by mail to any part of the State or the world.

Terms of subscription to the Weekly Chronicle, only $1 per year in advance—sent by carrier without extra charge, to any part of the city and vicinity; or by mail, postage free, to any part of Rockingham County. Direct letters, "Chronicle, Portsmouth, N. H.

Single copies, price 3 cts., for sale at this office.

☞ On Monday night the baggage room of the B. & M. Railroad depot in Exeter was entered by means of false keys, and the burglars stole therefrom, two trunks, one bundle of clothing, one box of merchandise, two pairs of carriage springs, and one bundle of iron. They also stole a wheel-barrow from the depot, in which they then transported their booty to a grove of pines nearly opposite. The trunks and boxes were there opened, and some articles taken out,—the rest being found next day.

☞ Fanny Fern has been travelling this summer. She went to Lake George, and on the way upon the steamboat was very much annoyed by the tobacco smoke on the deck. She says some men seem to regard the beautiful Hudson only in the light of an enormous spittoon; and writes to the Ledger that "the only place where one is really in no danger of this nuisance at present is the church; though I am expecting every Sunday to see boots on the tops of pews, and lighted cigars behind them."

AN UNLUCKY CAMP MEETING.—The Methodist camp meetings are "in the full tide of successful experiment" this week, at Haddam and Danielsonville. The storm of Wednesday evening occasioned a terrible time at Haddam. The darkness was thick enough to cut with a knife, and the wind and rain were violent. In the general confusion carriages were broken and overturned, clothing drenched and torn, people bruised and muddied, and many, absolutely unable to find their way home, were hospitably entertained in the village. One lady had a wrist broken by an overturn.—*Hartford Press.*

TWINS BORN IN THE CARS.—There was a birth on the noon train yesterday from Boston to Providence. A woman whose destination was Lonsdale, R. I., gave birth to twins—a boy and girl—as the cars were nearing the Rhode Island line. The conductor made the best arrangements possible for such a sudden increase of passengers, and the mother and twins were left at Valley Falls, 'as well as could be expected,' and within a few miles of their journey's end.—*Worcester Spy.*

Napoleon III has published an amnesty to all political offenders. Considering that these offenders never had injured him, but had been injured by him, we ought to value his forgiving spirit at the highest rate. When men forgive those whom they have wronged, they ought to be set down as Christians. Louis Blanc will not be forgiven, but prefers the free air of England to the slavery-polluted atmosphere of France. What will Victor Hugo say to this great offer from Napoleon le Petit? He'd better leave the Channel Islands, which would be one of the first places pounced upon should France assail England.—*Traveller.*

☞ A young lady at a picnic in Gloucester, in passing a fire on the ground, caught her dress on fire. A young man immediately caught her, and carried her into the water, thus saving her from a severe burning. Her dress was destroyed, and his hands somewhat injured.

FINE WRITINGS.—The financial editor of a certain New York paper, in speaking of the great exportation of cotton that will take place this year to England, thus lucidly states what will be the effect thereof:

"It will check to some degree the phlebotomic drainage of the yellow current that vivifies the veins of our commerce, and to that extent delay or modify any morbific crisis likely to be induced by the febrile system of stimulation now predominant.

☞ Col. Samuel Green died at the residence of his son, Dr. G. S. Green, in Hartford, on Tuesday. He was 91 years old.—He was the oldest printer and editor in that part of the country; publisher and editor of the New London Gazette more than half a century ago.

☞ An insane lady, desiring to commit suicide, leaped out of a window in Philadelphia, but lodged upon an awning, broke gently through, and finally alighted on a peaceable patrolling policeman, fairly carrying him to the ground. He returned her unharmed to her friends, though he was slightly damaged himself.

☞ The editor of the Wiscasset Herald says it has been recommended to stop palpitation of the heart, to quit hugging and kissing the girls; but if that is the only remedy, he has determined to "let 'er palpitate."

☞ The New York Tribune publishes an appeal to the public from four colored men who are confined at Washington, on a charge of abducting a slave owned by Rev. Michael Robbins, which slave was found secreted on board schooner George Harris. The penalty of the offence with which they are charged is death. The men say they shipped on board the George Harris in Boston, early in August.

☞ A Washington correspondent says the seizure of the island of San Juan by Gen. Harney was entirely upon his own responsibility, and without any instructions from Washington. No doubt is entertained by the administration that the matter will be immediately and amicably adjusted, as the question of the Oregon boundary is now with the commissioners appointed for its determination; the action of our troops is considered of no importance as affecting the result.

VERMONT ELECTION.—Returns from 71 towns give Hall, for Governor, 12,814, Saxe 5123.

The same towns last year gave Hall 11,405; Keyes 5168. Hall's gain 1409.

For Representatives, 165 towns elect 144 Republicans, 17 Democrats, 4 no choice.

☞ The Utica Observer learns that a message was sent by telegraph, on Wednesday, from Albany to Kansas City, and an answer received within the short space of six hours!

At the 4th of July celebration in Geneseo, Ill., the following toast was sent in by a lady:—

The old batchelors of Geneseo: May they have the sore throat until they become willing to use a linen night gown sleeve with an arm in it.

☞ The Salem Provident Association has been dissolved, owing to a lack of public interest in its operations, and the difficulty of procuring funds.

☞ The Traveller says that at the afternoon service in Rev. Chandler Robbins' church last Sabbath, just *twenty-five* persons were present, several of whom arrived in season to hear the benediction. The hour had been changed from 4 to 3 o'clock.

☞ A call foe a political meeting at a drinking shop in New York, winds up thus: "Eternal vigilance is the price of liberty." Price of gin, sixpence per glass.

☞ The valuation of real estate in Rochester, N. Y., has decreased nearly a million dollars since last year.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,
A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.
Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.
[From Mrs. Ira Burnham, Exeter, N. H.]
I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.
Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.
[From Mrs. Ebenezer Blazo.]
GREENLAND, Nov. 20, 1858.
DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.
ENFIELD, Sept. 8, 1859.
Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.
This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

Dr. C. P. Bronson's New Cures
—FOR—
Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.
These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.
THEIR RANGE OF CURE:
CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.
THEIR PARTICULAR SPHERE.
It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.
Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, one will suffice.
There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.
From numerous testimonials we select the following:
A VERY INTERESTING CASE.
Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:
Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.
Dr. Bronson can be consulted either by letter, addressed to Box 2328, P. O., or at the office of the General Agents from 9 to 12.
These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

A NEW INVENTION.

GREAT ECONOMY

—AND—

CONVENIENCE.

THE

BAY STATE RANGE.

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having

TWO LARGE OVENS

AND

SIX BOILING PLACES.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers buy one, and save

TIME, LABOR AND FUEL.

ITS ADVANTAGES ARE NUMEROUS

IT COSTS LESS,

IT OCCUPIES LESS SPACE,

IT REQUIRES LESS FUEL,

IT WILL KEEP FIRE LONGER,

IT WILL DO MORE WORK,

IT WILL BAKE QUICKER,

IT WILL WEAR LONGER,

THAN ANY RANGE IN MARKET.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and world wide reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" is a BURN OR SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fail or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also reviving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to all purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.

Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insiduous inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by unscrupulous pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. j2 d1y

CONSUMPTION IS CURABLE!
BY THE USE OF
Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the
HYPOPHOSPHITES
OF LIME, SODA AND POTASH,
Originally discovered and prescribed by him as a Specific Remedy for
CONSUMPTION!
The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a
SPECIFIC REMEDY FOR CONSUMPTION.
Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * Out of twenty-*two cases in the third or last stage,* treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."
BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,
which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure.* My *fac simile* signature is upon every bottle.
☞ Price $2 per bottle, or three bottles for $5, with full directions for use. Write for Circulars, which will give RELIABLE INFORMATION, and save from all possibility of deception. AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office, Washington, under the act of 1837.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON, Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE, Late Commissioner of Patents.
BOSTON, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability as his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his FAVOR, by the Commissioner of Patents.

The Chronicle.

Portsmouth, N. H.

SATURDAY, SEPT. 10, 1859.

HAYTI.—Recent intelligence from Hayti is more favorable to the prosperity of that country than any which has ever before been received. It would be the greatest thing which could happen to the black race, (says the Traveller,) if Hayti could be brought to a progressive condition and prove herself capable of enlightened self-government and industrial prosperity.

The late accounts speak of a rapid improvement in the condition of the people.—The government is taking measures to improve the currency, and in various ways advance the condition of the people. The mines and forests are to be explored, a new college established at Port au Prince, a lyceum at Jacmel, a theatre erected, emigration of blacks from the United States encouraged, and an insurance company organized. President Geffrard had made a tour of the northern parts of the island, and was everywhere received with the greatest enthusiasm.

A long and well written article in the Feuille de Commerce argues the advantages of the emigration to Hayti of the free colored people in the United States. The writer thinks that Hayti should imitate the United States, and sell unreserved lands cheap to emigrants. It is suggested that the Hayti Government should establish emigration agencies in various parts of the United States.

The Port au Prince correspondent of the N. Y. Herald writes:

The changing of this empire into a republic has materially benefitted the country, and the people evince the greatest satisfaction at the downfall of the infamous Soulouque and his perfidious ministers. A wholesome imitation of the American forms of law is being introduced, which takes admirably well, and will ripen into perfection very soon. Coffee and logwood are coming to market in fair supply, and a large amount of both still remain in the interior. Trade is improving, and would at this time be very brisk were it not for the health of the port, which is very destructive to foreigners.

LIQUOR DRINKING.—Hall's Journal of Health says brandy tends to fatten, but it does not give strength; fat people are not not strong. On the other hand, it is a conceded fact in physiology that alcohol in evshape impedes the digestion of the albuminous portions of our food; that is, brandy makes no flesh, makes no muscle, gives no strength. The prize fighter does not want fat; one main object in his training is to get rid of it, and to replace it with substantial muscle, with flesh; hence when in training he never touches liquor.

The advocates of brandy triumphantly point at the ruddy-faced drinker with his apparently well developed muscle and well filled skin; but fat is a disease, is a puff; he has no agility of limb, no activity of body; there is no power in his arm, no courage in his heart, for he knows, and we do too, that a lean stripling of a plow boy of twenty, who never was drunk in his life, "could whip him all to pieces in five minutes."—Away, then, with the nonsense about brandy strengthening anybody. It weakens the head, it cowers the heart, and wastes away the whole man.

SCHOOLS AND STOKES.—The Springfield Republican says that as one of the most estimable citizens of that vicinity was passing by a school-house in the town of Becket, at recess time, he was stoned by a dozen or fifteen girls, and hit on the back of the neck. He turned about to investigate the character of the teacher and the rest of the scholars, when the feminine mob dispersed. He concluded to pass on. The correspondent of the Republican says, "I know nothing of the present 'school marm,' but I will hazard the that she is either the sister, daughter, aunt, cousin or niece of the committee man," and goes in strong for a town committee. He will find that favoritism will be exercised on any system.

NEW THEOLOGICAL WORK.—Phillips, Sampson & Co. announce a new work by the Rev. Edward Beecher, D. D., entitled "The Concord of the Ages." The publishers say the importance of the theme,—the eminent ability of the author and the universal interest excited by his former powerful and original work, "The *Conflict* of Ages," warrant them in calling attention to "The Concord of Ages," as one of the most remarkable essays in the domain of theology.

☞ Oliver J. Morgan of Louisana has presented to Bishop Polk, of that State, the handsome sum of forty thousand dollars, as the foundation of a professorship of agricultural chemistry in the "University of the South." This munificent donation makes up the entire amount of five hundred thousand dollars required by the charter for the establishment of the proposed university.

☞ The Independent or Houston party are reported to have a majority of 22 in the Texas legislature.

☞ A New York swindler was nicely caught the other day. On the 1st inst., James Ennar and his wife arrived in that city from Galena, Ill., bound to California. Before leaving home Mr. Ennar, who had heard of New York swindlers, prudently provided himself with a letter to Mr. Raymond, agent of the steamship line, his address, and found out how to get to his office. But no sooner had he landed than he fell into the clutches of a runner, and with his wife was taken to a down-town sponging house, and introduced to Mr. Phillips, at No. 109 West street, as Mr. Raymond. He presented his letter, which Phillips opened, and in a few minutes had bought two tickets at $175 each, or $150 more than the real price. Subsequently discovering the swindle, he went to the Mayor, who sent an officer after Phillips. The latter, however, had emigrated to New Jersey until after the steamer had sailed. The officers caused Ennar and his wife, to go aboard on steamer day, which they did, but returned from Sandy Hook to the city. Phillips, thinking they were gone, appeared, and was at once arrested.

☞ A Baptist Church was "recognized" at Seabrook, Thursday, Sept. 1. The new church has 25 members: it was organized July 10. Services of the Recognition were as follows:

Invocation and reading the Scriptures by Rev. S. Ilsley, of New York; Prayer by Rev. S. E. Brown, of South Hampton;—Sermon by Rev. B. P. Byram, of Amesbury; Hand of Fellowship by Rev. J. J. Peck, of Exeter; Prayer of Recognition by Rev. N. Hooper, of the Green street church, Newburyport; Charge, by Rev. Dr. Lamson, of Portsmouth; Prayer by Rev. C. H. Pearson, of Seabrook; Benediction by Rev. J. J. Peck.

It is said that the northern lights last Monday night so scared an old lady in Fairhaven, Mass., that she got up, dressed herself, said a prayer, took a pinch of snuff, and went to the meeting house, where she sat on the steps singing hymns till broad daylight.

We find the above precious item in an exchange; and the statements are all possible; but it is *not very probable* that a *frightened* old woman would sing hymns.—Those who wish to make items had better keep within the bounds of belief.

☞ At Jones's Wood, near New York city, a large concourse assembled on Wednesday, to see Signor Charini walk a tight rope 150 feet long and elevated 59 feet from the ground. He did it safely, though the Tribune says he seemed glad to finish the performance, and trembled violently when it was over. The N. Y. Herald says that towards the end of his journey the cable shook a little, and Signor Charini called out lustily and in very plain English to "hold those guy ropes firmer," which created amusement.

☞ A St. Petersburg letter says:—On the 20th of September the hereditary Grand Duke will enter his sixteenth year, and, according to the laws of the empire, will attain his majority and take part in the deliberations of the Council of the Empire, and be present at the Councils of Ministers. It is believed that on that day the general emancipation of the serfs of Russia will be proclaimed.

☞ The London Gazette, in its report of the trial of Ellen Rutter, only twenty-six years of age for the murder of her husband, Thomas Rutter, at Durley, England, on the 7th of August, says that the jury convicted her of wilful murder; and the Judge, putting on the black cap, passed sentence of death, declaring that it was a crime which their ancient law was not content with calling a murder, but called it treason.

☞ We notice the case of a young lady in Lyons, who was engaged to be married, and who was predisposed to corpulency.—Some of her young friends ridiculed her stout figure, &c., which at the time only excited her laughter. Subsequently she died, suddenly, and a post mortem examination showed that her intestines were burned up by acids, which she had taken unknown to them, to stop the growing fatness. She died the victim of ridiculous vanity.

A SINGULAR CHARITY.—The Oliver Smith Fund for the benefit of indigent boys and girls, indigent young women and widows, will reach the required sum of $400,000 in October next, when it will become available for the purposes designated in the will. There will then be distributed, annually, to 21 boys who have faithfully performed the conditions of the will, $10,800; to 18 girls, $5400; to 54 industrious young women for marriage portions, $2700; to 54 indigent and deserving widows, $2700.—*Northampton Gazette.*

☞ The Providence Post states that last Sabbath a prize fight was had just across the river in Seekonk, by two Providence bruisers, one of whom was whipped and the other ought to have been. On the same day there was a boat race on the Seekonk river, between a boat from Pawtucket and another from Pawtuxet, for a prize of $25.

☞ There is a decrease in the produce trade of Chicago alone, for the year ending August 31st, of *eleven and a half million* bushels of grain, indicating a loss to Chicago by the crop failure of 1858, of two hundred and fifty thousand dollars in commissions alone.

☞ A well authenticated case of sudden whitening of the hair by fear, is given by a staff surgeon in the English army of India, who saw the jet black of a captured Bengalee become gray on every portion of his head in the half hour he stood before the authorities for examination.

☞ The President has been called upon to remove General Burnet—the "gallant sojer" who recently got Gen. Jackson's snuff-box—from the post of Surveyor General of Kansas, on the ground that he is never sober enough to attend to the duties of his office.

☞ John C. Underwood, of Virginia, has been addressing the Republicans of Portland, giving glowing accounts of the great and substantial progress which free speech and free principles are making on the soil of the Old Dominion, even against the multiform obstacles that have to be contended with.

THE POTATO CROP OF IRELAND.—The Irish papers of the latest date say the potato crop of 1859 promises to be the finest grown in Ireland since the good old times, when the market value of that article of food ruled from 24 to 36 cents per cwt.

THE BIBLE IN NEW YORK PUBLIC SCHOOLS.—The rule adopted by the Board of Education required the reading of the Bible in all the schools of the city on Monday last, and any teacher refusing to comply, his salary was to be stopped.

Jones sat blissfully listening to the voice of his adorable Arabella, as it reverberated the plaintive ditty in the caverns of Luzerne. "What a splendid voice for a hennery," he rapturously exclaimed, as her note melted into echo. 'How so?" demanded the loved one, in astonishment. "Because the echo repeats the lay," replied the miscreant.

☞ The New Orleans Delta says that Bob Harlan of New York, the colored man who accompanied Mr. Ten Broeck to England, and who is one of the best race managers in the United States, won $30,000 on the recent successes of the American horses.

"A ruffian shot at me last night," said a penurious gentleman, "my life was saved by the ball's striking a silver coin in my vest pocket."

"Whoever takes aim at your heart," replied one who knew him, "is very certain to hit a coin."

☞ The English papers announce the death of Mr. Hall, the unfortunate aeronaut, who, it was announced by the previous arrival, had fallen from his balloon, when at the height of 34 yards.

☞ The school teacher swindler, Hiram P. Leslie, has arrived in Philadelphia, where two indictments have been already found against him.

☞ Senator Douglas is stumping and making speeches in Ohio, designed to promote his own nomination at Charleston, and his election to the presidency.

3 DAYS LATER FROM EUROPE.

The Royal mail steamship Europa, Capt. Leitch, from Liverpool, Sunday 27th ult., arrived at Halifax Sept. 7th.

The U. S. sloop-of-war Plymouth, put into Cadiz Aug. 12th, in eight days from Cherbourg, and left on the following morning without being admitted to Pratique.

ZURICH CONFERENCE.—A Berne telegram of the 24th says:—According to intelligence from Zurich, the French and Austrian Plenipotentiaries had regulated the settlement of the affairs of Lombardy with the consent of the Sardinian Plenipotentiary—and the arrangement is expected to be confirimed by the different sovereigns.—The affairs of the Duchies are to be treated of directly between the Courts of Paris and Vienna.

The impression prevailed that the Conference would be successfully concluded early in September. Austria is said to have modified her instructions.

GREAT BRITAIN.—Nothing of political importance has transpired.

Queen Victoria was about to pay another visit to Scotland, and had determined to journey from London to Edinburg during the night, at a uniform speed of forty miles per hour.

The potato blight is said to be committing considerable ravages in some parts of Ireland.

The protracted strike of shipwrights on the Tyne has terminated, men getting increased wages.

Energetic efforts were being made to throw doubts on the guilt of Dr. Smethurst, the convicted poisoner, and to obtain a commutation of the sentence of death.

Much interest had been evinced at Liverpool in a trotting race, which occurred near that place, in which several celebrated American horses, including Jack Rossiter, Mountain Boy and Dreadnought were engaged. The race was won easily by an English horse named Daw, in two three mile heats, much to the surprise and joy of the crowds assembled, as it was considered a certainty for the American horses.—Large numbers of Americans were on the course. The American horses obtained second third and fourth plates, in a field of seven horses.

Ten Broeck's American two year old colt Umpire won two more races at Stockton, and is a permanent favorite for the next year's Derby.

The Paris Hospitals have inherited under the will of Lord Henry Seymour, £36,000 per annum.

The Liberals in France are represented as being disappointed at the number of eminent men who decline availing themselves of the amnesty. Their presence in France it is contended would be advantageous to the cause of liberty.

☞ There was a large gathering of the citizens of Baltimore, Thursday afternoon, to take measures for municipal reform in that city. Everything passed off quietly.

Cæsar "thought that he had done nothing, while their remained anything for him to do."

☞ The Manchester American says Hon. N. B. Bryant and family leave the present week for St. Paul, Minnesota, which State will probably be their future residence.

PHILOSOPHIC ENTERTAINMENT.

PROF. N. F. PECK

Respectfully announces that he will give one of his popular

Scientific Exhibitions

to the pupils of the various schools of this place, with the parents and friends,

On SATURDAY Afternoon, Sept. 10th,

AT THE TEMPLE.

The entertainment will consist of many amusing and brilliant experiments in various departments of Natural Science, among which are the following:

A boy will be suspended by electricity.
An iron rod suspended in the air, without touching anything.
A cannon loaded with water and fired with an icicle.
A bonfire built of ice.
The principle of the Telegraph explained.
Interesting experiments made with the Galvanic Battery.
A perfect working model of the paying-out machine used in laying the Atlantic Cable, will be exhibited, over which a small cable will be passed.

During the afternoon there will be a beautiful

BALLOON ASCENSION,

with a net and car attached.

☞ While the explanations will be adapted to the capacity of the pupils of the various schools, it is hoped that the experiments will likewise prove interesting to their parents and friends.

Tickets 10 Cents. Doors open at 2½; lecture to commence at 3 P. M.

SPECIAL NOTICES.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry,

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

MESSRS. SETH W. FOWLE & CO.,—*Gentlemen*:—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,
HENRY WOOD.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1858, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

Jaundice.

This yellow coloration of the skin is characteristic of an incressed secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontitorumenos.

☞ **Mrs. Winslow**, an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. The Best Medicine in the World.

YES—DECIDEDLY THE BEST—IS

Dr. Langley's Root and Herb Bitters.

They are made from the most valuable Roots, Herbs and Plants in the vegetable kingdom.—They act at once upon the very seat of disease.—They remove all obstructions from the internal organs—regulate the Bowels—purify the Blood—remove Humore—excite the Liver to a healthy action—give strength and tone to the stomach—cure Jaundice and Dyspepsia—create an appetite—increase and renew the circulation—remove all Bilious diseases—cure Piles, Headache, Weakness, &c., and are the best medicine ever discovered for all Female Complaints. To purify, heal, strengthen, build up and keep in order "the house you live in."

Doctors' prescriptions, clothed in Latin verbs,
Now yield the palm to Langley's Roots and Herbs;
Forsake vile drugs and quit from Nature's store,
As did the Patriarchs in days of yore.
Roots, Herbs and Barks, the best in Nature's store,
From broad Atlantic to Pacific's shore,
From North to South, their healing virtues lend,
And in these Bitters prove the people's friend.
They'll strengthen, warm, your bodies vigorous make,
Rouse drooping spirits and new blood create.

So if you wish to feel well, act well, do well and keep well, use this standard valuable medicine.

Only 25 cts. for a pint, 38 cts. for a large bottle Sold by all dealers in medicine everywhere.

THE

BAY STATE RANGE.

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having

TWO LARGE OVENS
AND
SIX BOILING PLACES.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."
* Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,
A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.
Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.
[From Mrs. Ira Burnham, Exeter, N. H.]
I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.
Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.
[From Mrs. Ebenezer Blazo.]
GREENLAND, Nov. 20, 1858.
DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.
ENFIELD, Sept. 8, 1859.
Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.
This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

Dr. C. P. Bronson's New Cures
—FOR—
Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.
These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.
THEIR RANGE OF CURE:
CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.
THEIR PARTICULAR SPHERE.
It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.
Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.
There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.
From numerous testimonials we select the following:
A VERY INTERESTING CASE.
Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:
Mr. ELDER was actively engaged in the last Presidential campaign, and the intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.
Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.
These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

From the Journal.

U. S. FRIGATE CUMBERLAND.

THE SAILOR'S GIFT.—REV. P. STOWE, of the Mariners' Church, Boston, has spent several days in Portsmouth the past week, in endeavoring to do good to the mariners of the Frigate Cumberland, which arrived here last week. Before the departure of the Cumberland on her late cruise, some of the crew presented Mr. Stowe with a silver cup, a token of their general feeling. This cup some worthless fellow has stolen from its owner. No sooner was the fact known, than the noble tars made a move to supply its place with a new cup, and on Thursday afternoon presented it to him in due form by one of the sailors. It may be seen in the window of Mr. Emery's jewelry store on Market Square.

On Thursday, the payment of wages was made to the crew, amounting to $80,000. Rev. Mr. Stowe informs us that sixteen of the men placed $4600 in his hands to be kept for them. Of the balance, from present appearances, Poor Jack will part with the largest part in a few days, for the benefit of the landsharks and the cormorants which gather on such occasions.

We are pleased to learn that the Rev. Phineas Stowe, of Boston, the Seamen's Preacher, will give a public lecture at the Temple on Tuesday evening next, Sept. 13, on the subject of Seamen, and present some facts which will interest the public. The cup will be re-presented on the occasion by one of the seamen.

A CURIOUS DOCUMENT.

It will be recollected that in 1806, the celebrated John Randolph of Roanoke visited Europe, attended by his slave. In these days, if the principles of the administration were carried out, that slave would have been marked like Randolph's trunks, "J. R." or like his dog, with his master's name on his collar, showing whose property it was,—and that name would have been claimed to be the same security to that chattel, as to any other. But there was too near an alliance between the property and its owner to be labelled as a chattel, and so the SLAVE goes abroad bearing his Passport that he is a CITIZEN of the UNITED STATES, and in the name of his country all persons are commanded to let him pass freely, without any molestation or hindrance.

We copy the following Slave's Passport referred to above, from a collection of autographs which we have recently met with. It is headed with a seal, bearing the National Eagle, surrounded by the inscription—"Legation of the U. S. o America to G. Britain."

"JAMES MONROE, *Minister Plenipotentiary of the United States of America to the Court of Great Britain:*

These are to desire all whom it may concern to permit ESSEX WHITE (a domestic of the Honorable John Randolph, a Member of the House Representatives of the United States from Virginia,) a *citizen* of the United States, to pass freely without giving, or suffering any molestation or hindrance to be given to him, but on the contrary affording him all requisite assistance and protection.

The said Essex White is forty-three years of age, five feet six inches in height, ... eyes. . . . mouth, ... nose, ... forehead, ... chin, ... complexion, ... hair and eyebrows, ... face, ...

In witness whereof, I have delivered to him this Passport, to be in force for . . . .

Given under my hand and Seal of the Legation this fifteenth day of April, in the year of our Lord one thousand eight hundred and six, and of the Independence of the United States the thirtieth.
JAS. MONROE."

Here we have the official protection of the United States, given half a century ago to a slave as a *citizen* of the United States. Yet hear what the Washington Constitution, the newspaper which is the administration organ, now has to say in attempting to console the ultra slaveocrats, in view of their not being likely to get a slave code for the whole country:

"It is as unwise as it is untrue to attempt to draw *distinction* between *slave property* and any *other* species of *property*, and to require the passage of special laws for the protection of the former.—Slaves are property just as money, household furniture, CATTLE or silver spoons are property. The federal courts will apply the same laws to slave property as they do to all other property, and those are ample to the purpose; and if a territorial legislature should attempt to pass laws hostile to slavery, the federal courts would treat such legislation as void, and apply the proper remedies for the correction of the evil."

Wonder if Essex White would be permitted to go into any of the territories, or into the Northern States, with a passport as broad as that which gave him freedom and protection in a foreign country as a *citizen* of the United States!

LAUNCH.—Ship Georgiana of 1100 tons, will be launched on Monday next, at about 11 o'clock, from the yard of Messrs. Marcy & Petigrew.—She is owned by Peter Marcy of New Orleans, and Marcy & Petigrew of Portsmouth, and will probably be put in the freighting business,—as fine a ship as floats the ocean.

LAUNCHED.—A beautiful schooner of 115 tons, named "Lizzie M. Stewart" built by Neil and Matthews, for Samuel Adams and others, was launched on Monday morning last, at about six o'clock, from the old yard of Capt. Samuel Badger, on Kittery Foreside. She is to be commanded by Capt. John Stewart who is part owner, and is intended for a Boston and Portsmouth packet.

THE NEW FALL FABRICS.—Messrs. JONES & MENDUM are preparing their new establishment with all convenient speed—but it does not interrupt their other business—for they are now opening a very extensive assortment of Fall Fabrics of all kinds, of which they will give some particulars next week.

FINE FOR CREATING A FALSE ALARM OF FIRE.—In the Police Court at Bangor, Me., Daniel Quimby was fined $20 and costs for wantonly creating an alarm of fire in that city in July last. The action was brought against him by the Treasurer of the city.

HORRIBLE CRIME IN BOSTON.—The Boston Olive Branch for this week contains an editorial article, stating positively that hackmen at the depots of that city are in league with keepers of houses of ill-fame, to entrap young women who arrive in the cars to those haunts of vice.

From the N. H. Gazette.

BACKS OUT.—Our valient and excitable friend of the Patriot abandons the controversy which he so unfairly commenced with us. He has assailed us with a large amount of abuse and denunciation in his own "peculiar and beautiful style," which we think has done him as little credit as it has us harm, but he has steadily avoided the true issue. Low epithets are not facts, nor fishwoman invective argument, or we should have been annihilated—"wiped out." As it is, we are not conscious of experiencing serious injury.

We had hoped to bring our dear brother to the point sometime, and [induce him] to vindicate the doctrine we had been instrumental in causing him at a late day to distinctly avow, but we fear we must give up the [thought. We charged him, in copying and endorsing the Union Democrat's article relating to ourselves, with ignoring at once the Constitution, the Dred Scott decision and the Cincinnati platform, and declaring for unrestrained *squatter* sovereignty, or the *inherent* right of the people to form and regulate their domestic institutions in their own way and time, and establish or exclude slavery at their pleasure. This charge he has not met, because he could not meet it; for if the people in the Territories possess the right of self-government inherently, there is no rightful power above them, and hence the Constitution has no application in their case, the authority of Congress is a usurpation, the Dred Scott decision an absurdity, and the Cincinnati platform, in assuming that they are subject to control until they possess the requisite numbers to form States, a piece of arogant dictation and folly.

We tell our brother in all kindness and candor that he has got to abandon this ridiculous heresy, and that at no distant day. He is mistaken in the idea that a doctrine so absurd and indefensible can in any way tend to promote the success of the Democratic party: like its prototype, the Wilmot proviso, it can only bring injury to the Democratic cause. He estimates the people erroneously when he supposes that they can be misled and inspired by such nonsense. Does he think that the Charleston convention, next year, will sanction and affirm this dogma?—and what thereafter will become of it? When, like the Wilmot proviso, it is numbered among the things of the dead and past, we hope not to hear him plead the weak and stultifying excuse of ignorance for having advocated it.

NEW HAMPSHIRE STATE FAIR.—No State has given to the public better annual exhibitions of its agricultural industry, its resources and extent being taken into consideration, than New Hampshire.—The present year the State Fair will be again held at Dover, October 5, 6 and 7. The field in which the Fair will be held contains about thirty acres.—It is well situated in the south part of the city, and abundantly supplied with water. It is but a short distance from the depot. There is to be a third of a mile track, and two mammoth tents will be erected on the northern side, one for the articles of exhibition, fancy goods, &c., the other for the Judges.

The premiums are much larger than they have ever been before, and it is thought that there will be the finest display of fruits, vegetables, mechanical productions, horses and cattle ever made in New Hampshire. The plowing and drawing matches will be quite interesting. Trials of speed will constitute quite a feature, private purses being made up, viz: $100, $50, $25 for trotting horses; and they are also offered prizes for pacing, running and walking. The latter, by the way, is an excellent feature, for fast walking horses are very desirable animals, and will often get over the road on a ten or twenty mile journey, quicker than horses which can trot their mile in quicker time. The ladies will have a chance to exhibit their equestrian skill, and $50 will be offered in premiums for best family horses driven by a lady; also for best driving in open carriage; and a silver cup is offered for the best riding, in saddle, by a lady.

Hon. Jacob Collamer of Vermont will deliver the address.

The Manchester Cornet Band will furnish the music.

Arrangements have been made with the different railroads, and with the steamers on Lake Winnepissogee, to carry stock free.

The officers of the society are William F. Estes of Dover, President; Hon. Frederick Smyth of Manchester, Treasurer; Aaron Young of Dover, Secretary; James H. Butler of Nottingham, Nathaniel White of Concord, David Buffum of Walpole, Kendrick Dickerson of Alexandria, Dana Woodman of New Hampton, Directors. The General Superintendent is Capt. Samuel Hanson, 2d, of Dover, and the Chief Marshal is Col. George H. Pierce of Dover.

With such an enterprising and active management, the fair can hardly fail to be successful. We have not yet learned of any arrangements for the accommodation of visitors from this section of the State, though it is to be hoped that a boat will be run across from Knight's ferry to Dover point, by which the distance to Dover would be reduced to one half as compared with the present routes to that city. A small steamer, would make a good job for two or three days, in carrying passengers, should the weather be faverable.

MUNICIPAL.—In Board of Aldermen, on Thursday evening—The Chief of the Fire Department asked to have a well near the Eastern Railroad Depot cleared out for use. He also reported that he had found a large well on the distillery lot, south of Green street, in which was 21 feet and 4 inches of water at the present time, and was 12 feet in diameter. He had caused the same to be repaired for the use of the Fire Department, and stated that it could probably supply two engines for three hours—a very valuable addition to the present water privileges in case of fire in that vicinity.

Voted—That Mr. Robinson F. Berry be notified to alter the grade of the side walk in front of his house on Austin Street to conform to the line fixed by the Street Commissioner.

A communication from Gov. Goodwin respecting the appointment of an agent to supply the City Agent with liquors was referred to special Committee.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has established an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Palliative Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like Diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wounded skin speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck

WITH IMMENSE
HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. City Railroad establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD,
COMPOUNDED ENTIRELY FROM GUMS.

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest, well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose and a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of mercury after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

LOTTERIES.

THE LOTTERIES OF
WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order, and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious invrade of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicine.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. j2 dly

Morning Chronicle.

THE FINAL VERDICT ON RAREY'S SYSTEM.—The London Field of Aug. 11, in a long and able review of Mr. Rarey's method of taming vicious horses and his practice under it, thus sums up the deficiencies of the system.

We have frequently admitted and asserted that Mr. Rarey shows wonderful skill in handling horses, and especially in dealing with vicious horses. We have contended also, and we believe proved, that beyond a doubt he cannot permanently tame a vicious or alter the nature of an ill-tempered horse. Cruiser is *not* tamed. He returns to his vicious habits whenever released for more than a day from Mr. Rarey's personal influence. He *cannot* be ridden, nor even be managed, by any one except Mr. Rarey, and indeed cannot be dealt with at all, except with extreme caution. He has more than once relapsed into the normal state of viciousness, which Mr. Rarey admits seized upon him some three weeks ago when he disabled his groom. Mr. Rarey's system of "throwing" is dexterously done by himself; but neither in his nor any other person's hands could it be made of use in "breaking" horses.

All that we deem Mr. Rarey to have done is to confirm what every intelligent breeder already knew—that kindness is more effective than cruelty, patience than haste, gentleness than harshness, in dealing with the horse. Mr. Rarey shows beautifully in practice how kindness, and gentleness, and patience win the affection of the horse.—But, we repeat, he only illustrates what we all knew before, and, to the extent of our power, practiced. Does any English master of horses, of ordinary intelligence, practice cruelty or encourage its practice by his servants? On the contrary. What owners have daily to contend with is the brutality of grooms and stablemen. They want tame servants, or a specific for taming them. And we re-assert therefore, without fear of contradiction, that in Mr. Rarey's "throwing," and "straps" and "subjection," there is no virtue, no utility. For his exhortations to the practice of kindness and gentleness, he has our thanks—and for these only. He is the foremost among the disciples of his own creed; but his creed is not new, or novel, nor does it entitle him to the lavish praise which is heaped upon his head. The tricks with which he amuses and startles a fashionable crowd are worse than worthless. When Mr. Rarey has converted grooms and stablemen to his mode of handling, he will have done good—they it is who need taming.—But this is a work which will require many Rareys, and we fear several generations, to accomplish.

IS IT SAFE?—The Boston Christian Era says:—

The increase of vice and crime in our large cities has become the subject of general remark among all all observers.—More than once has it been intimated that it is no longer safe for an unsophisticated young man or woman—especially the latter—to leave their country home of innocence and purity, to seek employment in our cities. So artful and numerous are those who seek to mislead and ruin the young, unprotected and unsuspecting, that their escape is almost as improbable as is that of a lamb among wolves. Parents in the country who send their sons and daughters into our cities to live, should understand this; and understanding it, they will be less ready to sacrifice the virtue and honor of their children by sending them hither.

We see that the Olive Branch has taken hold of this matter, and boldly charged that "there exists in Boston an organized conspiracy to entrap innocent and unprotected protected women who come to this city from the country, and compel them to a life of prositution; and that Hackmen are in league with brothel keepers to accomplish this gross and in'amous outrage." The Journal has denied the charge, but we fear that the evidence of its truth is too abundant to be discredited.

The Era then makes the following plain statement:—

We say with the Branch, it is not safe for an unprotected female to come to our city at any time in the night and commit herself to the care of a hackman. Some of them are among the most virtuous of our citizens; but some of them, we have reason to fear, are "in league with brothel keepers" and other vile characters. Only a week since one of them was sentenced to three years' imprisonment for a gross outrage upon a lady whom he carried where she could not deliver herself from his power; and this punishment does not half equal his crime.

MONDAY, SEPT. 12, 1859.

SOMETHING DROLL.—The Bath Times fairly and fully quotes Judge Taney's plea in the Dred Scott case, where he talks about its being difficult to realize now, that the negro at the revolution and a hundred years before had been treated as if "he had no rights which the white man was bound to respect."

Having done this, the Times goes on to say:—

It will be seen that Chief Justice Taney, instead of stating his *own opinion*, is plainly expressing the "opinion in relation to that unfortunate race" which prevailed in the world *at the time of the Declaration of Independence*. That he did not sympathize in this opinion, and that he did not suppose the opinion was generally sympathized in at the present time, is abundantly evident from his own language. "*It is difficult at this day to realize*" such a state of public opinion, is the language of Judge Taney. * * * * * If a clergyman should tell his people it was now difficult to realize that a hundred, or two hundred years ago the burning of heretics was approved in the Church, would any one be so perverted as to infer that he sanctioned the fire and the fagot? And yet it would be no more unwise or unfair or illogical than to charge Judge Taney with endorsing the opinion expressed in the caption of this article.

This parallel between the judge and the preacher is pretty as far as it goes, but let us run it out one inch farther, says Uncle Toby, and then see how it looks.

The minister, after saying "it is difficult now for us to realize that the church burnt heretics two hundred years ago," proceeds to drop a heretical brother into unquenchable fire, where he is roasted till he dies.

So Judge Taney, after saying "it is difficult for us to realize" that the negro a hundred years ago was counted as one who had *no rights* that a white man was bound to respect,—but who might be bought and sold,—and after preaching a long sermon about matters and things in general,—winds up his discourse by *denying* the negro Dred Scott the only *right* claimed, viz. the right to own himself, and by decreeing him to be a chattel slave.

Judge Taney's real act in the case, is precisely parallel with that of the supposed priest, who burns the heretic to-day, at the close of the same sermon in which he marvels at the burning of John Rogers, long ago.

☞ The Excursion party to Quebec, with the Chestnut St. Society of Lynn, arrived on Wednesday morning, having been nearly twenty-four hours en route. The arrival of the excursionists was entirely unexpected to the citizens of Quebec, and not a house or hotel was open to receive them. A colored man offered to pilot the crowd, numbering over seven hundred people, to the hotels, but on reaching them no amount of pounding on doors and other noises could awaken the landlords or servants.

At length some one proposed three cheers, and they were given with the whole strength of Yankee lungs. Those yells had a marvelous effect in disturbing not only the proprietors of the hotels, but every one within the radius of a mile. Heads were thrust out of windows, and anxious inquiries were made as to whether Quebec was safe or lost. The excursionists were all housed after a fashion, and during the day visited the various places of interest in Quebec. They were treated with great kindness by the Canadians, and their stay rendered as pleasant as possible.

THE BIBLE IN SCHOOLS.—At the recent annual meeting of the American Institute of instruction, at New Bedford, this question was discussed. It was argued by the advocates of its use, that it was not a sectarian book, that its daily reading would lead to a greater interest in it, and thereby greater benefit from its lessons. On the other side, which seemed to be maintained by most of the disputants, it was argued that to compel its reading, was a violation of the right of private judgment, that it was unjust and inexpedient because of the disgust and distaste for it begot by using it as a common text-book, and because of the prejudice against it felt by conscientious Catholics. Some advocated the reading by the teacher of select passages from the Bible. The question was asked, where does the responsibility of religious education rest? Not with the State, it was said, and consequently the State has no right to compel the reading of the Bible or any other religious book in the schools.

☞ A tavern-keeper of Harrisburg, Pa., was arrested on Monday last, and held for trial, at the suit of a widow, whose husband had died a few days ago from the effects of drinking to excess at the tavern of the defendant. A civil suit for damages will also be instituted.

☞ Bayard Taylor has gone to California on a lecturing tour of three months, for which he is to receive $5000. His wife accompanies him.

☞ Not many days ago, we gave an extract from Mr. Douglas's great article in Harper's Monthly, in which he maintained that the Constitution left the people of a territory perfectly *free* to establish or prohibit slavery, *subject* only to the Constitution! Now we give an extract of the speech of the same Mr. Douglas at Memphis, Tenn., Nouember, 1858, as published in the Dover Gazette, Jan. 1, 1859, showing how much *sovereignty* the people really have, in his opinion—and also what he *means* by being subject to the Constitution. Here is what he says:

Several gentlemen have called on me and asked me what I meant or thought by this doctrine of *popular sovereignty*. I mean that I stand by the Constitution as our fathers made it; by the constituted authorities as they exist; by the decision of the Supreme Court as they are pronounced.—(Applause.) By the decision in the Dred Scott case it will be found, by reading Chief Justice Taney's decision, that slaves are decided to be property on an equal footing with other property, and that consequently the owners of that species of property has the same right to take it into a territory as the owner of any other property. (Cries of "good" and immense applause.) The Illinois Democracy accept that decision as the authoritative exposition of the Constititution, and on that point I concur. Hence, under the Constitution, there is no power to prevent a Southern man going there with his slaves more than a Northern man.

That is to say, popular sovereignty means that slave owners are *sovereign* to hold slaves in a territory, and nobody can prevent them.

SPIRITS OF THE TIMES.—For about thirty years there has been published in New York an excellent sporting and literary paper, called "The Spirit of the Times." It is a very able and valuable journal, has been much improved within the past year, and has a world-wide reputation and circulation.

A couple of years ago, Wm. T. Porter, one of the editors of the Old Spirit, as it is called now-a-days, left the parent concern, and with George Wilkes started a new paper, called "Porter's Spirit of the Times." This also has been ably conducted, and won great favor. Some time ago Mr. Porter died, and now Mr. Wilkes has started a third paper, which he calls "Wilkes's Spirit of the Times," which is for all the world like the other—and that was good enough.—Wilkes is as smart as any of them, and knows how to make a good paper. Among other rich things from his pen, he this week commences the life of Flora Temple, which will be well worth a year's subscription to all lovers of the horse.

The publication of Porter's Spirit is announced to be continued, as usual, by Dayton & Co.,—so there will be plenty of Spirits, though they are not a very amicable or loving family, each of them suiting their readers much better than they do each other.

☞ The Media (Pa.) Advertiser says that a school teacher in Delaware county beat a little girl, thirteen years of age, for a trifling offence. He also hung her up by the thumbs, the joints of which are either wholly or partially destroyed from the effects. At the time of this occurrence great excitement was produced in that neighborhood in consequence, and some went so far as to threaten to take the law into their own hands. The teacher has been discharged, but not otherwise punished.

☞ Mr. A. M. Billings, late of Claremont, N. H., who formerly owned the trotting mare Princess, has recently found and purchased the sire of that now famous animal. He is about fifteen years old, and a powerful goer.

☞ The principal locality for the manufacture of steel in England is Sheffield.—Here the Swedish iron, reduced from the magnetic ore, and containing some manganese, is used. During five years 20,000 tons were made. One hundred and twenty furnaces were in active operation, and the quantity of coal annually consumed has been calculated to reach 250,000 tons.

☞ On the Grand Trunk Railroad, on Wednesday week, a man named McDonald, formerly of Bangor, Me., and who had been at work in the mills at Sherbrooke, was killed. He put his head out of a car window, when it came in contact with some obstacle, carrying away the upper portion of the head.

☞ At St. Louis, on Sunday, a man styled "Paddy the Piper," a steamboat deck hand, plunged into the river to save a chicken which had flown into the river from the deck of the steamer and alighted in the water. The man was carried away by the strong current and drowned; the fowl swam ashore and was saved.

☞ A man named Edrington, who was in custody of a sheriff, on a charge of murder, jumped overboard from a steamer on the Ohio, on the 1st inst., intending to swim ashore and escape, but was drowned in the attempt.

☞ Two brothers in Maine, by the name of Rich, have been lately married to two sisters by the name of Wing, and have removed to Illinois. This is only a new verification of the old adage, that riches take to themselves wings and fly away.

☞ A Paris correspondent says that a romantic marriage has just taken place there. At the Theatre du Palais Royal, about a year ago, was a young actress only seventeen years of age, and remarkably handsome; but in spite of her youth and beauty her success was not great. A wealthy Moldavian, who had shortly before lost his wife, and who had come to Paris to dissipate his sorrow, saw her, and was exceedingly struck that she exactly resembled the dear departed. He returned several times to the theatre, and became fascinated with her. At length he sought out her parents, requested permission to become a suitor for her hand, requested permission to become a suitor for her hand, and was accepted; and a few days back by lawful marriage he gave her his name and fortune, the latter consisting of 60,000 francs a year. The Moldavian is named Sterian—the young lady is daughter of M. Panier, responsible editor of the Charivari.

FROM LIBERIA.—Dates from Liberia are of the 31st of July. Small pox prevailed extensively at Monrovia.

The Quail, a new war steamer presented by the English government to the republic, had arrived from Plymouth. President Benson immediately went on a visit to the chiefs to the leeward, in the Quail. Everything was quiet at Cape Palmas. Independence day was celebrated with great eclat. The English cruisers were taking slave prizes on the coast. A number of vessels from the United States had arrived at Monrovia with colored emigrants.

DESTRUCTION OF HARMONIA HOTEL.—*New York, Sept.* 9.—About 2 o'clock this morning the Harmonia Hotel, in Hudson street, Hoboken, was discovered on fire.—Mr. Baerse, the proprietor and his family, had retired to bed late, as a concert and dance had been given that evening. After the flames, which had not reached the front part of the building, had been subdued, and the front examined, the firemen found the dead bodies of Mr. Baerse and his three daughters, side by side. Mrs. Baerse, who now lies insensible, received serious injury from jumping from the window to the balcony. Her eldest daughter Mary was caught in the arms of Mr. Herring, who had ascended a ladder to assist their escape. An inquest is being held.

BARNSTABLE, Sept. 10.—The Grand Jury have returned bills for wilful murder against Samuel S. Rich, for the killing of Ebenezer S. Ward; and against Charles Albis for killing Adeline Pells.

☞ A German named Huber, from Boston, a pianoforte maker, committed suicide in Philadelphia, on Friday, in a fit of temporary derangement.

A HARD DAY'S WORK.—We are informed that one of our practising physicians, who often officiates for absent clergymen on the Sabbath, yesterday preached three times, attended a funeral, and performed the marriage ceremony, besides making ten professional visits and prescribing for three or four office patients. To accomplish all he walked twelve miles during the day. Beat this who can.—*New Bedford Standard.*

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores; cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more tean assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a djuner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our Ameritan Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER'S, and take no other. The sick wan the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—je14

Portsmouth, Sept. 6, 1859.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry,

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who have suffered, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

MESSRS. SETH W. FOWLE & CO.,—*Gentlemen*:—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,
HENRY WOOD.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1853, she commenced the Resolvent; on the 30th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

The Best Medicine in the World.

YES—DECIDEDLY THE BEST—IS

Dr. Langley's Root and Herb Bitters.

They are made from the most valuable Roots, Herbs and Plants in the vegetable kingdom.—They act at once upon the very seat of disease.—They remove all obstructions from the internal organs—regulate the Bowels—purify the Blood—remove Humors—excite the Liver to a healthy action—give strength and tone to the stomach—cure Jaundice and Dyspepsia—create an appetite—increase and renew the circulation—remove all Bilious diseases—cure Piles, Headache, Weakness, &c., and are the best medicine ever discovered for all Female Complaints. The purify, heal, strengthen, build up and keep in order "the house you live in."

Doctors' prescriptions, clothed in Latin verbs,
Now yield the palm to Langley's Roots and Herbs;
Forsake vile drugs and cull from Nature's store,
As did the Patriarchs in days of yore.
Roots, Herbs and Barks, the best in Nature's store,
From broad Atlantic to Pacific's shore,
From North to South, their healing virtues lend,
And in these Bitters prove the people's friend.
They'll strengthen, warm, your bodies vigorous make,
Rouse drooping spirits and new blood create.

So if you wish to feel well, act well, do well and keep well, use this standard valuable medicine.

Only 25 cts. for a pint, 38 cts. for a large bottle Sold by all dealers in medicine everywhere.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF, and can be set in a chimney or out in the room, is most convenient.

It will warm the coldest kitchen in the city with an extra room if desired.

Wood or Coal may be used for fuel, the fittings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the care of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT

"I am delighted with the Range, it will pay for itself so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half an hour, and with much less fuel too.

The ovens are splendid. I have baked 12 cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

CITY, COUNTY AND STATE ITEMS.

☞ The Rev. Mr. Gower, whom many of the children will remember as the gentleman who, in the Temple, sang temperance and Sabbath school hymns with them at the opening of the panorama of the "Drunkard's Progress," died at Farmington, on the 24th of August. He was a Baptist clergyman of devoted piety, and the latter days of his life were given to the establishment of Sunday Schools and Temperance Societies among the young. He was a graduate of Brown University, class of 1846.—He appeared in perfect health when here, with every promise of life and usefulness.

☞ It is understood that Mr. Samuel J. Dodge leaves his grocery stand in Daniel street this morning, and carries his stock, experience and skill in business to the store of Moulton & Blaisdell, on Market square, where his friends (who are numerous in this city and vicinity) will readily find him, as prompt and obliging as ever.

☞ On Friday night, near midnight, a dinner pail and lantern were found in the street, by a house not far from the Portsmouth Steam Factory.—If the *owner* will call at the Chronicle office and prove property, paying of course for this notice, he can hear from the missing articles.

LAUNCH.—Ship Georgianna, 1100 tons, will be launched to-day, at about 11 o'clock, from the yard of Messrs. Marcy and Pettigrew.

As Mr. Jacob M. Emery of West Newbury, was crossing the river between that place and West Amesbury, a short ago, in a small boat, about twelve feet in length, he was surprised at being boarded by an unceremonious passenger who claimed more than half of the boat, being seven feet high when erect. His mutinous disposition retarded the progress of the craft, and but for the remarkable presence of mind on the part of the skipper, who quietly gave him his own way, would have ingulfed the boat and all on board in the watery element. As Mr. Sturgeon had left home very suddenly, he did not take his pocketmonie with him, so that the only remaining means for collecting the toll was "to take the body," the proceeds of which was found to be sufficient to cover all expenses, including detention. This is an unusual case, but sturgeons have been known to accomplish the same feat.—*Newburyport Herald.*

FIRE IN CONCORD.—A fire broke out in the rear of Main, between Warren and Pleasant streets, Concord, N. H., on Saturday morning, from which it communicated to several out-buildings in the immediate vicinity, and to the splendid Odd Fellows Hall. The whole loss will probably exceed $30,000.

☞ The fair weather of last week was very favorable to the religious camp-meetings, and also the great military camp-meeting of Governor Banks and the Massachusetts Militia, at Concord, Mass. The latter closed on Friday, with a review and other ceremonies.

The column was one hour in passing a given point. Six thousand soldiers, foot and horse, marching together in one magnificent round, made a scene of grandeur. It was witnessed by at least 50,000 spectators At the close of the review, the military formed a hollow square, into which the Legislature was escorted by the Ancient and Honorables. Within the enclosure were the Commander-in-Chief and Aids, General Wool and Staff, the Adjutant General and Staff, Governor Goodwin of New Hampshire and Staff, Governor Turner of Rhode Island and Staff, and the Major Generals of the Massachusetts troops, attended by their several staffs.

Governor Banks introduced Gen. Wool in a speech to which the General made an appropriate reply.

Immediately after the dismissal of the troops, Brigadier General Butler was called upon by Gen. Wool, accompanied by others. Speeches were made complimenting Gen. Butler, who replied in his usual good-natured style. This, as well as the other calls, was of a very interesting nature.

At a meeting of the Cadets of Boston, Fremont Banks, a bright boy four years old, and son of the Governor, was unanimously elected Corporal of the Sixth Company, and so highly appreciated was the compliment that Mrs. Banks assured several of the Cadets that a uniform should be procured for the little fellow at once.

☞ The Portage (O.) Sentinel states that a son of Dr. W. M. Prentice, of that town, died recently. The cause of death, upon examination, was found to have been violent muscular exertion, he having been accustomed, like many other boys, to walking on his hands, standing on his head, &c. Boys had better practice standing on their heels—some of them can't do that with any great steadiness.

☞ Marshall P. Wilder has raised rhubarb of the mammoth variety, single stalks of which in his garden at Roxbury weighed eight and three-qarter pounds.

☞ The temperance men of West Amesbury are actively prosecuting the work of reform, and are taking measures to have a course of lectures the ensuing season.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,
A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.
Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.
[From Mrs. Ira Burnham, Exeter, N. H.]
I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.
Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.
[From Mrs. Ebenezer Blazo.]
GREENLAND, Nov. 20, 1858.
DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.
ENFIELD, Sept. 8, 1859.
Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.
This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

Dr. C. P. Bronson's New Cures
—FOR—
Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.
These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.
THEIR RANGE OF CURE:
CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.
THEIR PARTICULAR SPHERE.
It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known,
Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.
There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.
From numerous testimonials we select the following:
A VERY INTERESTING CASE.
Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:
Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.
Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.
These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

WEBSTER AND A HIGHWAYMAN.

In May, 1813, when Mr. Webster was on his way from Portsmouth, N. H., to Washington, to take his seat for the first time in Congress, at the extra session of that year, the stage coach in which he was, broke down on the road a dozen or fifteen miles north of Baltimore, in the evening. Some of the passengers returned on foot to the tavern they had last left, or sought shelter in the houses along the road; some remained by the coach, but Mr. Webster walked on ahead to the nearest tavern.

On arriving at this, he stated to the landlord his name and business, and inquired if he could not procure a conveyance to take him on that night to Baltimore. The landlord undertook to furnish him one. In the meantime, Mr. Webster ordered some supper, which was got ready for him in a small room, into which he was shown, and which adjoined a large bar-room. As the door was opened, every now and then, by the young woman who waited on the table, he glanced into this large room, pretty well filled with people drinking and talking, and his attention was attracted to a large, powerful looking man, who seemed to take the lead in general conversation, and to be the great man of the crowd. After a while, he inquired of the young woman, who that apparently considerable person was, and was told that it was John Mumma, the butcher.

Now, in the Baltimore riots, which took place in the preceding year, July, 1812, and in which Gen. Lingan was killed, and eight or nine other gentlemen left for dead, this John Mumma was a conspicous leader, and took a prominent part in the assault upon and capture of the Jail, where these unfortunate gentlemen were sent for protection, and was generally supposed to have killed Gen. Lingan himself. Of course, his name was well known all over the country, and he was represented and believed to be a most ferocious and dangerous ruffian.

After supper was over the landlord came in and announced that a vehicle was ready at the door. Mr. Webster paid for his supper, put on his overcoat, and went out. An old-fashioned no-top gig was at the door, and a man sitting in it; and as the landlord held up his lantern, for the night was very dark, to show Mr. Webster the step into the vehicle, who should he see for his driver but John Mumma himself! It was too late to turn back; and though he would hardly have chosen such a companion, on such an occasion,—one who had killed one man for being a Federalist, and might think well to kill another,—yet, as he used to say, he did not think that "any man could put him easily under the wheel"—he got in, and off they drove, for their fifteen miles midnight trip. They proceeded at a great pace for some distance with but little conversation, and that of an ordinary kind; on the roads, the weather, the night, the speed of the horse, and so forth,—until having reached the middle of a long tract of forest, the driver suddenly pulled up and stopped short. Turning round upon Mr. Webster, he said, "Do you know who you are driving with?"

Mr. W. replied, "Oh, yes, very well; John Mumma, the butcher, the man who killed Gen. Lingan."

"And are you not afraid to ride with me at this time of night?"

"Not in the least."

"You are Daniel Webster, a Federal member of Congress from New Hampshire?"

"Yes I am."

After a slight pause, and looking Mr. Webster full in the face, and their faces had to be very near each other, the night was so dark, Mumma moved on.

He then proceeded to say that he had volunteered to drive Mr. W. when he heard who he was, for the purpose of talking with him about the Baltimore riots. He said, in substance, that he had been greatly misrepresented. That he had wished no harm to Gen. Lingan or any of the others; but that word came out into the country that traitors in Baltimore were plotting against American liberty, and all true friends of the country were called upon to come in and put them down. That he went in with others, believing it all to be true, and thought he was doing his country service. That hearing he was a Federal member of Congress, he wanted to tell him about it, just how it happened.

Mr. Webster used to say it was evident he felt the load of obloquy under which he labored, and desired to relieve himself of it; that he was as good natured a fellow as ever lived, but bold, powerful, and under strong excitement had been led to commit an act which he sincerely regretted.

He left Mr. Webster at the door of the hotel, took a friendly and kindly leave of him with a cordial shake of the hand, and drove off in his old rattling gig, refusing all compensation for his service.

These are the facts, as I have frequently heard them from Mr. Webster's own lips, as nearly as I can recollect them, and it will be seen how little they resemble the statements of the anecdote now being published in the papers, of Webster's being mistaken for a highwayman.—*Boston Post.*

☞ A late English paper gives an item showing how poor and uncomfortable thing it is for a man to love money and be afraid of a little loss.

Mr. Hersey Stowell, Jr., American merchant, of Manchester, committed suicide on the 22d instant, under distressing circumstances, by hanging himself. An inquest was held upon the body, when Mr. Alfred Flockton, clerk to the deceased, stated that Mr. Stowell was a partner in a house in America, and that by the last three mails intelligence had arrived of the overstocking of the American markets by this country, and the overshipment of specie from America, which would cause a tightness in the money market there. This news appeared to oppress the deceased very much, and he said he would cancel all the orders he could.—He received a letter from his partner in America, which contained a very discouraging account of the state of trade.

He who waits for good luck to come to him, is destined to die in poverty. No man has a right to expect good fortune, unless he goes to work in earnest and deserves it.

THE CHRISTIAN LAWYER.—A brief biography of Horace Mann, in the Phrenological Journal, has these items:

He was a marked man among his young associates; marked and remembered for those peculiarities of character which have distinguished him ever since; first, bold and original thinking, which led him to investigate subjects without veneration for anything but the truth and right he found in them: second, a horror of cant and sham, which made him attack, with invective and satire, all who resorted to them for selfish purposes.

He sees not only Ten Commandments, but ten thousand. Hence the delicacy of his moral sense; hence his uniform and stern purity of life; hence his uncompromising hostility to the impiousness and sin of immorality of any kind, or by whomsoever committed.

We believe the records of the courts will show that, during the fourteen years of his forensic practice, he gained at least four out of five of all the contested cases in which he was engaged. The inflexible rule of his professional life was, never to undertake a case that he did not believe to be right. He held that an advocate loses his highest power when he loses the ever-conscious conviction that he is contending for the truth. He used to say that in this conscious conviction of right there was a magnetism, and he only wanted an opportunity to be put in communication with a jury in order to impregnate them with his own belief.

But the act by which Mr. Mann most signalized his legislative life in the House of Representatives, was the establishment of the State Lunatic Hospital of Worcester.—This benevolent enterprise was conceived, sustained, and carried through the House by him alone, against the apathy and indifference of many, and the direct opposition of some prominent men.

A CHARACTER SKETCHED.—The New York Correspondent of the Independent Democrat says:—

We came across one of our old rich miserly men yesterday, eighty-three years old, and doting on dust. He told me that he, a short time since, sold a piece of property, gave his wife $100,000, his children $40,000 apiece, out of the proceeds, besides paying some $40,000 taxes, and that he has five hundred lots about the lower end of Central Park, worth probably from one to three millions. These lots engross all his soul. He never thinks of God or poor neighbors, and is a stranger to the happiness of doing God service, by doing good to his neighbors. What is his, is his own, and he is his own master, and is not a servant of the Lord Jesus Christ. He is of the earth, earthy, and like the rich man in the parable, he will die and be buried, for the benefit and behoof of his executors, heirs and widow. We know sundry real estate families whose peculiarities are so much alike, that when we bring them out in our book of "Doomsday Deformities," we shall have to dress them up differently in order that our readers and posterity may not confound one with another. Their affections are imbedded in the ground, and all their sympathies are absorbed or dried up in the dust of the earth.

To heaven and happiness, they are strangers, and will probably remain so, for what would heaven be to them without lots? They are worms of the dust, and will remain so, till the earth shall be burned up, and then they will turn to ashes or clinkers.

YOUNG AMERICA WONDERS — Why mamma keeps Bridget at home from church to work all day, and then says it is wicked for me to build my rabbit-house on Sunday?

Wonder why our minister bought that pretty cane with the yellow lion's head on the top, and then asked me for my cent to put into the missionary box. Didn't I want a jewsharp just as much as he wanted the cane?

Wonder what makes papa tell those nice stories to visitors about his hiding the master's rattan when he went to school, and about his running away from the schoolmistress when she was going to whip him, and then shut me up all day in a dark room because I tried, just once, to see if I couldn't be as smart a boy as he was?

Wonder why mamma tells papa he is cross when he comes home at night and says the tea is cold, and then ties a handkerchief over my mouth so I can neither speak nor breathe, because I said she was cross?

Wonder what made papa say that big word when Betsey upset the ink all over his papers, and then snap my ears because I said it when my kite string broke?

Wonder why mamma told Bridget, the other day, to say she was not at home when Tommy Day's mother called, and then puts me to bed without supper every time I tell a lie?

Wonder what makes papa, when he is telling mamma how much money he has made in the month, and how he made it, say, "little pitchers have great ears?"—*True Flag.*

☞ The Washington States says—"General Dodge is making a vigorous canvass in Iowa. A private letter lately received here says the greatest enthusiasm prevails in his favor, and though Black Republicanism has apparently bound the State in an iron vice, there is good reason to hope for ultimate redemption, if, indeed, the State is not revolutionized in this very contest."

☞ It is related of Rosa Bonheur that a rich Hollander, visiting her atelier recently, offered her a thousand crowns for a small sketch that she could have painted in two hours. "It is impossible to comply with your request," she said, "I am not inspired."

PLEASANT SOCIETY.—"He staid out meanwhile, with the moonbeams and the silence of the night, nursing his bruised heart."—*Extract from a Tale.*

"Droll people, these Parisians," said one of the wounded of Solferino; "I have lost a leg, and they clap their hands!"

—WITH—

A. L. BENNETT, No. 7 Congress St.

Mr L. would inform his friends and citizens generally, he has returned to Portsmouth and will attend exclusively to WATCH AND CLOCK REPAIRING as above, and by close attention to business, hopes to merit a share of the public patronage. All work warranted.

CLOCKS.—Those having Clocks at their residences which are inconvenient to remove, I will repair at the house without extra charge. A good assortment of French and American Clocks constantly on hand at low prices.

AMERICAN WATCHES.—Particular attention given to getting up nice AMERICAN WATCHES of any pattern, with the purchaser's name on dial and movement, if desired. Having had five years experience in their manufacture, I can cheerfully recommend them as reliable timekeepers.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"**My Mother's Salve**" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"**My Mother's Salve**" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"**My Mother's Salve**" is a BURN OR SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"**My Mother's Salve**" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "**My Mother's Salve**" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. BECK BURRILL & HUNTING, SOLE PROPRIETORS,

No. 6 Tremont Street,
(Two doors south of Court st.,) BOSTON.

Will be found at all Apothecaries and Family Stores in the country. o15 1y

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being oocular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD.

COMPOUNDED ENTIRELY FROM GUMS.

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest, producing healthy BLOOD, giving tone and health to the whole machinery, removing the cause of dizziness, and leaving a radical cure.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures CONSTIPATION.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 346 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They refer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of

WOOD, EDDY & CO.,

are authorized by the Legislature of either State. A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

No ticket sent unless the money accompanies the order. Prizes vary from $20 to $50,000.

Every prize is drawn, and the result of drawing forwarded to purchasers.

☞ A circular showing the plan of receiving it. All communications strictly confidential.

Write your address plainly, and direct to

WOOD, EDDY & CO.,
Wilmington, Delaware.
Or to WOOD, EDDY & CO.,
Augusta, Georgia.

☞ All letters to our address will be promptly acknowledged—and prizes cashed without delay.

NOTICE TO CORRESPONDENTS.

Those who prefer not sending money by mail, can use the "ADAMS EXPRESS COMPANY," whereby money for tickets, in sums of ten dollars, and upwards, can be sent us

AT OUR RISK AND EXPENSE,

from any city or town where they have an office. The money and order must be enclosed in a "GOVERNMENT POST OFFICE STAMPED ENVELOPE," or the Express Company cannot receive them.

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and good cheer, to make it compare with any hotel in New England.

S. B. FITTS, Proprietor,
an25w formerly of City Hotel, Newark, N. J.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. j2 dly

Dr. B. S. Goodwin, Indian Physician,
Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 3 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.
ADVICE FREE.
Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.
THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.
Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsy, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.
No Mercury! No Bleeding! No Blisters!
Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

FRENCH
Steam Scouring and Fancy Dyeing,
IN BOSTON
A. LEWANDO pledges himself, from long study and practical experience in his native country and throughout Europe, in the art of Chemistry and coloring, that he can produce superior fast colors, and his mode of preparing goods for coloring is such that the fabric will retain its former strength and lively virtue, and in no instance assume that dull, decayed look, unavoidably produced by dyers in this country.
Particular attention given to Dyeing and Refinishing, in a NEW and VERY SUPERIOR STYLE Silks, Satin, Velvet, Merino, Thibets and Cashmere Shawls, Cantoon and Italian Crapes, Gingas, Prints, Curtains, Piano and Table Covers, Hosiery, &c. Feathers colored and curled—by a newly discovered process, far surpassing anything yet offered to the public. He is prepared to dye and cleanse every kind of Ladies' and Children's Dresses, Silk, Velvet or Wool, plain or embroidered, without removing the trimmings, or taking to pieces.—Spots taken out without fading or changing color.

GROVER & BAKER
SEWING MACHINE COMPANY,
No. 18 Summer Street, Boston,
MACHINES FROM $50 TO $125.
HEMMERS, $5 EXTRA.
TESTIMONIALS.
PORTSMOUTH, July 16, 1859.
Several months have now elapsed since one of these machines was first introduced for our family use. For several weeks those who attempted to operate it having had no instruction, it was regarded as of little value, although some work could be done. But no sooner had one of experience taken hold of it, giving the proper tension to the cotton, proper oiling, &c. to the machinery, than it worked admirably—and now for months it goes on like clock work, doing handsomely all the work submitted to it, and accomplishing as much work in an hour as could be done by hand in a long summer's day. These machines are decidedly popular. We have never heard of one being sold to procure another from a different maker,—while we have known others to be laid aside to give place to Grover & Baker's. Any one can operate them after an hour's instruction from an experienced hand.
If you wish to purchase a machine that will do work handsomely and strongly, and will not be liable to get out of repair, call on Mr. Whittemore in Daniel street, see the operation of Grover & Baker's machine, and then place one in your family. They will never consent to part with it, after they understand its operation.
CHARLES W. BREWSTER.
PORTSMOUTH, April 12, 1859.
We have seen one of Grover & Baker's $100 Sewing Machines used to do the Sewing of two families, for the past year or more, to the perfect satisfaction of all concerned—without once getting out of order, or requiring the least repair.—We would as soon try to dispense with a Cooking Stove in a family, as to attempt to get along without a Sewing Machine. Money invested in a good Machine pays much more than legal dividend, in actual cash savings—to say nothing of the higher consideration, of comfort and convenience, nay, even luxury, it affords to the ladies of a household. Whatever may be the experience with other Machines, we never knew a Grover & Baker to be discarded or found wanting.
FRANK W. MILLER.
PORTSMOUTH, April 12, 1859
Having tested the merits of the various popular Sewing Machines, in the manufacture of our Capes and Raglans, we unhesitatingly recommend the Grover & Baker, as far superior to all others. ALLEN & PAINE.

AMERICAN & FOREIGN PATENTS.
R. H. EDDY, Solicitor of Patents,
Late Agent of U. S. Patent Office. Washington, under date of 1857.
76 STATE, OPPOSITE KILBY ST., BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber: and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.

Morning Chronicle.

Portsmouth, N. H.

TUESDAY, SEPT. 13, 1859.

DARE THEY DO IT?—We have already mentioned an appeal, published in the New York Tribune, from four colored men who are confined at Washington on a charge of abducting a slave owned by Rev. Michael Robbins, which slave was found secreted on board the schooner George Harris. The penalty for the offence with which they are charged is death.

Now the question arises: Will the minions of the slave power dare to execute what they call law, on these four negro men, for undertaking to free one of their own kin and color? It is somewhat doubtful, says Uncle Toby; but it is not very doubtful, should they do it, what would be the political effect on the slave power in the free states; it would be the last ounce which breaks the camel's back.

On the return of Rev. Mr. Phillips to Methuen, after an absence of a few weeks, it was found that his house had been entered during his absence, and a gold chain and a lot of silver ware, to the value of between three and four hundred dollars, had been stolen. A silver pitcher and a pair of silver candlesticks, which probably escaped their notice, or were supposed by the burglars to be Britannia, and consequently not worth taking, were untouched.

This strikes Uncle Toby as being rather a large amount of silver ware for a country parson; and on the whole it is better not to lay up much treasure of that kind on earth, where thieves break through and steal.

☞ Rev. T. W. Higginson, of Worcester, was victorious in a wherry match off Pigeon Cove, Rockport, a few days ago.—The distance rowed was one mile, best two in three, a lady to be carried in the boat during the first trial. The same competitors as took part in a previous regatta, in which Mr. Higginson was beaten, entered, but two heats out of three were won by him. Time—7.40, 6.50, 7.20—remarkably fast if the distance was correctly measured.

LOUIS NAPOLEON'S MODEL TENANT HOUSES.—There has just been completed on the Boulevard Mazas, a block, covering about 1000 feet by 100, which is divided into 311 tenements, 36 shops, and 10 porters' lodges, aside from the fifth story, which is cut up into single rooms to be let singly. The whole building is supplied with water and gas. The tenements consist of a small reception room, dining room, kitchen, and one or two bedrooms. Great care has been taken to secure good ventilation. The whole block will accommodate a population of 1200 or 1300.

ANOTHER SCHOOLMISTRESS SWINDLER A man who gave the name of Bruce, but whose real name is McAlpine, was arrested at New York on Friday, for robbing a girl who had answered his advertisement for a schoolmistress, and he has been held in $2000 for trial. He is the same McAlpine who some three years since pretended to be an agent of the British government for the purchase of fire-arms for the Crimean war, and by means of forged papers swindled a gunsmith and various other parties. He is a deserter from the British army, and has been in prison several times.

☞ Mrs. Bayard Taylor accompanies her husband to California, and they are to be absent three months, leaving their one daughter with his relatives in Pennsylvania. The trip was unexpected by him, as, in reply to the application of a lecturing committee at San Francisco, he had asked so high a price for a certain number of lectures and three months' absence (five thousand dollars) that he had supposed they would not accede. They promptly agreed to his terms, however, and he is now gone at that very complimentary rate of compensation.

☞ An experiment has been made on the Central Railroad of Georgia, on the relative durability of American and English railroad iron. In 1856, the track was laid for some distance with the two kinds of iron, one on each side. After an experience of two years, the General Superintendent has made a report in favor of American iron. What a commentary on the wisdom of those whose legislative action has checked the development of the immense interests which lie buried throughout the continent.

A STRAY CLERGYMAN.—J. S. Holland of Pembroke, Christian county, Kentucky, offers a reward of $150 for the capture and return to him of Thomas Whitlock, Methodist preacher, twenty-eight years old, and weighing one hundred and eighty pounds. If caught in a free State, the reward is but $100. Has anybody seen a stray clergyman answering this description?

☞ Rev. A. H. Quint has declined the call tendered him by the North Congregational church and Society in Haverhill to become their pastor. He expresses much interest in the success of the enterprise, and is influenced in his decision by his duty to his present society at Jamaica Plain.

A NEW AERIAL SHIP.—An aerial ship, called the City of New York, intended for a trans-Atlantic voyage, has been in course of construction for some months past in the vicinity of New York, and is now so nearly completed that she will, says the New York Herald, be ready to undertake the trip in October. The aeronaut who has charge of the enterprise is Mr. Lowe of New Hampshire, who has made several successful ascensions. The dimensions of the air-ship are greater than those of any balloon previously built. The capacity of the gas receiver is 725,000 cubic feet; the aggregate height of the balloon, from the valve to the bottom of the boat, is upwards of 300 feet; the diameter, 120 feet. Mr. Lowe proposes to go directly from New York to London in 48 to 64 hours.

IMPORTANT TO DOG OWNERS.—The New York Herald gives an important decision delivered in the Court of General Sessions of that city by Judge Russell. The decision settles, so far as that court is concerned, the vexed question as to whether or not dogs, considered and tamed as domestic animals, are personal property in the legal sense of the word, and therefore entitled to the same protection given by the act of 1857 to such property. The action before the court was the case of a man who had been indicted by the Grand Jury for grand larceny in the felonious taking of a dog valued at $50.—The defence demurred to the indictment, on the ground that, as a dog was not legally personal property, the stealing of one could not be a grand larceny. The court decided to pass definitely on this question raised by the defence, and has decided that for all practical purposes a dog is personal property, and the owner is entitled to be protected in the enjoyment of this species of property equally with any other.

A MELANCHOLY AFFAIR.—At Saint Gell, in Switzerland, a few weeks ago, a young workman and workwoman, having married, went with their friends to a public house to eat the wedding feast. When the mirth and fun were at their height, the report of a gun was heard, and the young husband was struck on the head by a ball, and fell dead. The same ball, before hitting him, grazed his wife's neck, and after passing through his head, lodged in the shoulder of one of the guests, wounding him severely. The fatal shot was fired by a workman, named Boppart, but quite unintentionally. He being a friend of the newly married couple, and being about to join the wedding party, of which his wife was one, thought fit to fire his gun in their honor, but by mistake he discharged it with a ball cartridge, instead of one of simple powder. Boppart was so affected at the fatal event that the day after he drowned himself.

☞ The coal consumed in Manchester, England, and its environs, for motive steam power is 30,000 tons per day, and is equal in power, to 1,200,000 horses. The transatlantic steamers consume 700,000 tons per year, and the manufacture of gas 10,000,000 tons per year. It is estimated that England alone could furnish coal enough for the consumption of the whole of Europe for 4000 years. Large as England's supply of coal is, that of the United States is much larger, so that the world is not likely to want for fuel, even if all the wood should be consumed.

Men who smoke and chew should always be old bachelors, live at hotels, amuse themselves at club-houses, never approach a lady who does not take snuff, or kiss a child. They ought to be a distinct class by themselves, travel together, live together, and breathe in each other's faces. Let smokers, chewers, snuffers and spitters be banished! yes, banished!

"May never lady press his lips,
His proffered love returning,
Who makes a furnace of his mouth,
And keeps its chimney burning!
May each true woman shun his sight,
For fear his fumes might choke her;
And none but those who smoke themselves,
Have kisses for a smoker!"

☞ It appears by the Boston Journal, that the Master Joiner on Charlestown Navy Yard, who has been there many years, is removed, and an *Irishman* named Overton appointed in his place; that Overton has been in the joiner's gang six months; and that both of them belong to the democratic party. In the employment of men in the other departments, the "Irish element is predominant," says the same paper, to the exclusion of faithful experienced men.

☞ The editor of the Claremont Eagle has been appointed one of the judges on "working mules," at the Connecticut River Valley Fair. He says:—"We accept. Now bring on your mules. We know all about 'em, having owned them, rode them, flogged them, and been kicked *at* by them. We know all the varieties and breeds of the long-eared rascals, both quadruped and biped, and can tell their points to a shaving."

☞ New Orleans for forty years, has not steered so clear of yellow fever as during the present season. Not a single well autenticated case, says the Delta has occurred.

THE BACHELOR'S BRIDAL.

Not a laugh was heard, not a joyous note,
For our friend to the bridal we hurried;
Not a wit discharged his farewell shot
At the bachelor just to be married.

We married him quietly to save his fright,
Our heads from the sad sight turning;
And we sighed as we stood by the lamp's dim light
To think he was no more discerning.

To think that a bachelor, free and bright,
And shy of the girls as we found him,
Should here by the altar, at dead of night,
Be caught by the snare that bound him.

Few and short were the words we said,
Though we heartily ate of the cake;
Then escorted him home from the scene of dread,
And thought how awfully he'd shake.

We thought, as we hallowed his lowly bed,
Of the birch, the beech and the willow,
How the shovel and tongs would break o'er his head,
And the tears he would shed on his pillow.

Says he, "They'll talk of their friend who has gone,
And every old bach will upbraid me,
And neither I'll reck if they'll let me sleep on,
'Neath the coverlet, just where they've laid me."

But half of our heavy task was done,
Ere they tolled the hour for the other;
And we left, with the hope that the fate he'd won,
Would never be won by another.

Slowly and sadly we marched as down
From the room of the uppermost story,
And we haven't heard from, nor seen the poor man
Whom we left, not alone, in his glory.

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENCY VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live long er, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly espised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our Ameritan Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER's, and take no other. The sick wan the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—je14

Special Notices.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry,

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously endorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, N.H., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

MESSRS. SETH W. FOWLE & CO.,—*Gentlemen:*—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,
HENRY WOOD.

Prepared by S. W. FOWLE & CO., BOSTON. and for sale by Wm. R. Preston, David Kimball, Nathan P. Thacher, J. H. Thacher, and B. Hutchins, Portsmouth; J. P. Packer, Greenland; and dealers everywhere. spnot 4wd&w

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1853, she commenced the Resolvent; on the 30th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Mr. Oliver has cured many people in Drayton of Rheumatism, Neuralgia, Fever and Ague, Swellings, Stiffness and Pains of various kinds, with Radway's Ready Relief; and many of his friends have been cured of Dyspepsia, Costiveness, Indigestion, &c., by Radway's Regulators.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

The Best Medicine in the World.

YES—DECIDEDLY THE BEST—18

Dr. Langley's Root and Herb Bitters.

They are made from the most valuable Roots, Herbs and Plants in the vegetable kingdom.—They act at once upon the very seat of disease.—They remove all obstructions from the internal organs—regulate the Bowels—purify the Blood—remove Humors—excite the Liver to a healthy action—give strength and tone to the stomach—cure Jaundice and Dyspepsia—create an appetite—increase and renew the circulation—remove all Bilious diseases—cure Piles, Headache, Weakness, &c., and are the best medicine ever discovered for all Female Complaints. The purify, heal, strengthen, build up and keep in order "the house you live in."

Doctors' prescriptions, clothed in Latin verbs,
Now yield the palm to Langley's Roots and Herbs;
Forsake vile drugs and cull from Nature's store,
As did the Patriarchs in days of yore.
Roots, Herbs and Barks, the best in Nature's store,
From broad Atlantic to Pacific's shore,
From North to South, their healing virtues lend,
And in these Bitters prove the people's friend.
They'll strengthen, warm, your bodies vigorous make,

A NEW INVENTION

GREAT ECONOMY
—AND—
CONVENIENCE.

THE

BAY STATE RANGE

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having

TWO LARGE OVENS
AND
SIX BOILING PLACES

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF, and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the cooking being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day and with much less fuel too.

The ovens are splendid. I have baked four cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers buy one, and save
TIME, LABOR AND FUEL.

ITS ADVANTAGES ARE NUMEROUS
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,
IT WILL DO MORE WORK,
IT WILL BAKE QUICKER,
IT WILL WEAR LONGER,
THAN ANY RANGE IN MARKET.

POLICE COURT.

Before Justice Odell.—James Dougherty was accused of resisting a police officer.—Plea not guilty. Proved guilty, and gave bail in $200, for trial at the S. J. Court.

Patrick Brennan, for assault and battery on Thomas Quinn, was fined $1; costs $4: Went to jail.

Said Thomas Quinn was found guilty of assault and battery on said Patrick Brennan; fined $5; cost 3.86. Paid up and gave bonds to keep the peace.

John Kelly, a sailor, plead guilty, was fined $3 for assault on Geo. Cumminington; costs 4.90.

ANOTHER GOOD CISTERN, or reservoir, very valuable in case of fire, has been brought to light, and is now being cleaned out and put in order for use, at the expense of the city. This reservoir is on land of the Eastern Railroad, a little to the east of their passenger station. It was made for the late Mr. John Hill, and an aqueduct ran from it to his distillery, which was supplied with water from this source, in part at least.—The reservoir is round, eight or ten feet across, and fifteen or twenty feet deep, well planked, and perfectly sound. Its abundant supply of water adds something valuable to the safety of that part of the city from fire.

☞ A gentleman who has taken the Daily Chronicle from the start, once asked us, on our presentation of his fourth or fifth semi-annual bill, how much he should have to pay, to have us send him no more bills, and supply him the paper as long as it should be published? "Twenty-five dollars," was our immediate answer; and as we are just settling his account for another payment, we notice he has already paid more than that sum, and has a receipt for only about five months advance payment.—Four years seemed a long time to look ahead, especially for the young printer, but the seven years of our publishing the Chronicle have quickly passed—and pleasantly too, thanks to the promptness of hundreds of patrons like the one mentioned above. May they live a thousand years, and take the Chronicle all the while.

☞ We learn that an Irishman named Connor, or O'Connor, was so unfortunate as to get his leg broken while at work discharging coal from a vessel at one of our wharves on Monday forenoon; and that his wife was so unfortunate as to be put into the lock-up about dinner time the same day, drunk, where she raved and roared, and broke things.

A very well dressed man with a skin full of liquor, was reeling up Vaughan street towards the Railroad, on the forenoon of the same day.

☞ An extra train on the Concord and Portsmouth Rrailroad, will leave the city at 1-2 o'clock on Wednesday and Thursday mornings, to convey firemen and others to the Firemen's Muster at Manchester. Full fare paid by all but firemen.—A similar train comes back this way at the close of each day.

☞ The alarm of fire on Monday about half past one o'clock, came from the planing mill at the north end of the city, and was quickly extinguished, very fortunately, as the day was dry and windy. The department and citizens were on hand very promptly.

☞ The number of tents at the Methodist Camp Meeting, near S. New Market Junction is said to have been sixty-two; the attendance at least 5000 on some days, many more in the whole: the presiding elder was Rev. Calvin Holman.

A friend who was on the ground, says there were 60 ministers present, and that on Wednesday, which was the great day of the feast, a careful estimate of the people made out a congregation of 7000. An actual count gave 500 horses with carriages, which were fastened in the vicinity. Entire order prevailed, and the weather and other circumstances were every way favorable.

☞ Judge Fowler, of the Supreme Judicial Court, when Elder Himes was brought before him on a writ of habeas corpus, decided thas said Himes was "imprisoned or restrained of his liberty *without sufficient cause or due order of law*," and decreed his discharge—thus condemning the complaint of the Deputy, and the action of the Justice.

☞ Twenty-two bands of music have already been engaged for the Firemen's Muster at Manchester.

☞ Ex-President Pierce visited this city on Monday, and appeared among his friends as affable as ever.

SUSPENSIONS.—The Boston Journal says, "We are sure that the public generally will regret to hear that the enterprising house of Phillips, Sampson & Co. were obliged to suspend payment on Saturday. We hope they may be able to arrange their affairs so as to go on with their business."

The Courier states that several shoe firms suspended payment on Saturday.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,
A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.
Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.
[From Mrs. Ira Burnham, Exeter, N. H.]
I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.
Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.
[From Mrs. Ebenezer Blazo.]
GREENLAND, Nov. 20, 1858.
DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.
ENFIELD, Sept. 8, 1859.
Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.
This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

Dr. C. P. Bronson's New Cures
—FOR—
Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.
These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.
THEIR RANGE OF CURE:
CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.
THEIR PARTICULAR SPHERE.
It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.
Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.
There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.
From numerous testimonials we select the following:
A VERY INTERESTING CASE.
Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:
Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.
Dr. Bronson can be consulted either by letter, addressed to Box 3898, P. O., or at the office of the General Agents from 9 to 12.
These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

4 DAYS LATER FROM EUROPE.

ST. JOHN'S, N. F., Sept. 10.

The Vanderbilt steamship Ocean Queen, Capt. Seabury, from Havre via *Cowes*, passed Cape Race, at 5 o'clock this (Saturday) morning.

The Ocean Queen sailed from Havre Aug. 31st, and from Cowes Sept. 1st. She has 300 pasengers, a large cargo, $40,000 in specie, and a heavy mail. She experienced heavy westerly gales for three days.

The steamship Anglo Saxon, for Quebec, and Kangaroo for New York, were detained till the night of the 31st, the stormy weather preventing the embarkation of their passengers.

The American ship Ben Bolt, from Havanna for Falmouth, was wrecked at Brendoz, on the 25th ult.

The whole amount of the Russian twelve million loan had been subscribed, and exchanges on St. Petersburg had fallen three per cent.

A Bavarian loan for the purpose of defraying the military expenses of the country, had been issued at 98 1-4 per cent.

NEWS FROM SALT LAKE.—A despatch from Salt Lake City of the 10th of August, says Hooper Morgan had been elected delegate to Congress. Lieut. Gray and a party of 42 dragoons surprised a band of 150 Indians who were concerned in the late massacre of emigrants on the California road, and killed 20. Gen. Johnson had sent him reinforcements, as Gray anticipated another attack from the combined forces of the Indians.

MOULDERS' STRIKE AT ALBANY.—Those Albany moulders who have been out of work for several months, in consequence of a strike, to which their employers will not yield, have now become desperate in their idleness, and several dangerous assaults are recorded as having been made, on sundry recent nights, upon such of the craft as continue to labor at the old standard of wages. One man has been shot in the side, one struck down with a bludgeon, on a public street, and another was shot at while standing near a window in his own house.

☞ A man named Prince, at Columbia, Penn., recently walked across the Susquehannah river, on a wire, 1200 feet long, and 50 feet above the water, with a balance pole, performing the feat in twelve minutes, with the wind blowing a strong gale. He is in a fair way to become the "Prince of Fools."

AN ASSAULT WITH INTENT.—A story is current that a young lady of good character and highly respectable connections who was visiting a family in Newburyport, was within a few days feloniously assaulted by the man of the house. The lady raised an alarm that prevented the outrage. It is reported that an article of drink was given her which caused sickness, and on starting for a physician she was restrained by the person who committed the assault, near the residence of the physician, who overhearing what was going on took her into his house. It is said by those knowing the circumstance to have been an assault of the most serious character, and warrants were at once issued for the arrest of the guilty party, who has fled the city. There is little doubt that the man will be arrested, and the whole matter undergo a legal investigation.—*Herald.*

☞ A Brooklyn lady who "was not to be fooled on the street," accompanied a little beggar girl to her home and left $5, to help pay the funeral expenses of the child's father, whose coffin stood in the corner of the room; but coming back unawares to get her handkerchief, she found the missing article in the hands of the dead man, who was consulting the Detector to see if the five dollar bill was good.

Mr. Noah Noyes, the oldest man in Newbury, cut this year, 2500 weight of meadow hay, in less than a day, and on Thursday was down to the Bluff, picking berries.—Mr. Noyes was born in 1770, and is consequently 89 years old. Hale and hearty, thinking little of a tolerable day's work for a young man, or of walking ten or twelve miles on a stretch, he bids fair to see yet many summers and winters.—*Newburyport Herald.*

☞ The telegraph operators on the Placerville and Humboldt Line, California, say that the lightning is constantly playing such freaks on the summit of Sierra Nevada that a large portion of the time the electric current is unmanageable. This is especially the case when the weather is foggy.

POPULATION STATISTICS.—The report of the British Registrar Generals says a general law is, that in the counties where the women are the most ignorant, they marry in the largest proportions under 21 years of age, and lose the largest number of their children.

☞ Mrs. H. L. Gordon, wife of a lawyer in Cornwall, Canada, (from Virginia, where he married his wife,) recently gave birth to four fine boys; all are doing well, and likely to live.

Morning Chronicle.

WALKING ON THE WATER.—A. M. Gardner walked upon the water, at Oswego, N. Y. The Palladium says, "the spot selected was one where the Bend receded directly into deep water. Supporting himself at the start by a pole which was held by several persons on shore, on reaching the end he let loose, and stood upon the surface of the water. Gardner also used a balancing pole, for the same purpose and in the same manner of the tight-rope performer. He proceeded directly out from the shore, with a swinging gait, his body swaying to and fro as he stepped. A short distance from the shore the apparatus was hardly discernible, and the pedestrian had every appearance of walking upon the surface of the water with no artificial aid, with the exception of his balancing pole.—His progress was about the same as in ordinary walking upon land, and apparently with nearly the same ease."

☞ The present year's wheat harvest in England, now coming in, is a little below the average in quantity, and but little; the quality, also, is not first rate, only about second rate. The Mark Lane Express says, however,—"It is universally acknowledged that the farmers throughout the country hold the largest stock of old wheat they have had at this season for ten years; so that this will fully compensate for whatever deficiency may exist in the weight per quarter in the new wheat."

☞ Mr. George Bently was killed on Thursday at the railroad station in New London, in attempting to get upon a train of cars while in motion. He fell between two cars and both his legs and one arm were severed by the car wheels.

☞ A trot took place on Thursday last, on the new Suffolk Park, in Philadelphia, between Flora Temple and Princess. Princess won in three straight heats; time, 2.41 1-2; 2.21; 2.23. Ten thousand persons were present.

☞ Rev. Thomas Neale, an aged minister of the Methodist Episcopal Church, and Grand Chaplain to the Grand Chapter of Royal Arch Masons of New Jersey, died in Burlington, N. J., on Thursday afternoon.

Taylor says courtships are the sweet and dreamy thresholds of unseen Edens, where half the world has passed in couples, and talked in whispers under the moonlight, and passed on, and never returned.

☞ Mr. J. F. Biglow, of Webster, has a summer squash vine which came up from a stray seed dropped by accident in a pepper bed, that has got upon it *forty-eight squashes!* Upon this vine is a stem that measures *four feet* from vine to leaf.

☞ The Richmond Enquirer—the Wise organ—that leads the opposite wing of democracy has reviewed Douglas' article in Harper's and comes to the conclusion that there is no material difference between him and Seward, so far as the rights and interests of the South are concerned, and concludes that he cannot carry a single southern vote.

We don't know what he can *carry*, at the South—but there *is* certainly, a great difference between him and Seward.

Dogs are said to "speak with their tails." Would it be proper to call a short-tailed dog a "stump orator?"

MRS. WINSLOW,

SOOTHING SYRUP,

For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS

We have put up and sold this article for over ten years, and can say, in confidence and truth, of it, what we have never been able to say of any other medicine, — NEVER HAS IT FAILED IN A SINGLE INSTANCE, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and recommendation of its marvelous virtues. We speak, in this matter, "*what we do know*," after ten years experience, and *pledge our reputation for the fulfilment of what we here declare*. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST EXPERIENCED and SKILLFUL NURSES in New England and has been used with *never-failing success*, in THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS, AND WIND COLIC, and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST AND SUREST REMEDY IN THE WORLD in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every suffering mother who has a child of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others*, stand between your suffering child and the relief that will be SURE — you can rely on it, to follow the use of this medicine, if timely used. Full directions accompany each bottle. None genuine unless the *fac-simile* signature of CURTIS & PERKINS, New York, is on the outside wrapper.

Sold by Druggists throughout the world. Principal Office, No. 13 Cedar st. New York.

Price only 25 cents per bottle.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" for a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands have found used it and recommended it to their friends is a test of its worth.

Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to apply a plaster and dress a wound, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts *smartly* with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M. Beck BURRILL & HUNTING, SOLE PROPRIETORS,

No. 6 Tremont Street,

Will be found at all Apothecaries and Family Stores in the country. o15 1y

THE ONLY ARTICLE
UNRIVALLED IN THE MARKET,
WITH IMMENSE
HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fail or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudice which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being ocular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 404 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent, more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD,
COMPOUNDED ENTIRELY FROM GUMS.

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove one dose often repeated all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures CONSTIPATION.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

ed is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness, and natural color from the skin.

One dose taken a short time before eating gives vigorous appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 545 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. aug21 ly

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and refurnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying health, which is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some fabulous or fictitious name. They are entirely useless, lurking been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. j2 ely

RELIEF AND HEALTH TO YOUR INFANTS
We have put up and sold this article for over ten years, and *can say, in confidence and truth,* of it, what we have never been able to say of any other medicine, —NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never, in a case of dissatisfaction by any one who has used it, did we know an instance of dissatisfaction. On the contrary, all are delighted with its operation, and commendation of its numerous virtues. We speak, in this matter, *"what we do know,"* after ten years *our reputation for the fulfillment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of an EXPERIENCED and skillful NURSE and has been used with *never-failing success,* in THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

WEDNESDAY, SEPT. 14, 1859.

MAINE ELECTION.

The annual election of State and County officers, and legislature, took place in Maine on Monday. The result is the decisive success of the Republican party throughout.

For Governor, 133 towns give Morrill 27,958, Smith 21,126. The same towns last year gave Morrill 30,310, Smith 24,826. Morrill's majority in 133 towns, 6832—against 5484 in the same towns last year, being a net gain of 1348 for Morrill.

The aggregate vote of the State will be about 100,000, or about 30,000 less than last year, while Morrill's majority will reach about 10,000, or nearly 2000 more than last year. The returns received cover half the State. The legislature will have a large majority of Republicans, about the same as last year.

The Portland Argus says—"the Democrats will stand about the same in the House as they did last year. In the Senate they will have but one member probably—the one from Aroostook."

The Argus remarks in the same article—"There is work enough to be done in Maine yet, and if we mistake not the spirit of the Democracy, there is the will to do it, and it will be done! Maine is yet to be redeemed."

The Saco Democrat says, in speaking of York county, the returns render it probable that the whole Republican ticket is elected by a small majority.

In the town of York, Samuel E. Payne, dem., was elected Representative by 14 majority; Smith had 242 votes for Governor, and Morrill 227.

In Kittery, Ephraim C. Spinney, dem., was chosen Representative, having 233 votes; John Wentworth had 216. For Governor, Smith had 366, Morrill 196.

In the Eliot and Berwick district, William A Cromwell, dem., is reported elected. In Eliot the vote for Representative was, for William A. Cromwell 161, Elisha H. Jewett 156, Wm. A. Cromwell 25. For Governor, Smith 185, Morrill 157.

In Berwick the Governor vote was, for Smith 171, Morrill 211.

In Portland, Neal Dow, with Messrs. Miller and Dunn, repub., are representatives to the legislature.

The issue was mainly political and national, turning on the point of resistance to slavery extension, which was the ground taken by the republican party; or, as more accurately stated some time ago in a Maine paper, the one party demanded non-intervention against liberty, the other against slavery.

The Dover Gazette of the Saturday before election said:

"The moral effect of the election will be felt in other States and throughout the nation. The Democrats of Maine are a branch of the great national party that is soon to enter upon the most exciting Presidential campaign that has ever been experienced in the nation, if the signs of the times are not all deceptive.

Democrats of York county, you can carry your own county by handsome majorities, if you rally in your might. We ask you to do it, and wipe out the stain of black Republicanism, and force all their vile cohorts to the shades."

A writer in the Bath Times, just before election, said:

The *true* issue cannot be *disguised* by forcing the *slavery* question into the election by the Republicans. The Republicans must go before the people upon the record they have made for the last few years.

And yet, in a few lines below, the same writer said:

The strong *national* necessity that called for the organization of the Democratic party still exists with double its former demands. Maine belongs to the brotherhood of Democratic States, and is a constituent portion of the *general* government.

The acts of the Republican party in the ruling power of the State government will all pass in review before the people; and the Republican party, as one of the factions of the Abolition party, will be held to a strict and exact account.

They *have been* held to this account, and are endorsed by 10,000 majority.

The Democratic party of Maine, this year, adopted the Douglas platform, in their convention, and then nominated Mr. Smith, a Buchanan man, for Governor—thus uniting, as far as possible, the two divisions of the party.

VERMONT ELECTION.—In 142 towns in Vermont the gubernatorial vote stands:—Hall, 23,471; Saxe, 10,513; Republican gain in these towns since last year, 857; Democratic gain 441. In 204 towns the Republicans have elected 176 representatives, the Democrats 24, independent 1: the Democrats lose one representative, while the republicans hold their own.

ADVERTISING is the true mode of getting your business before the public. We have a great number of proofs of this fact. There is a variety of humbugs which thousands have made fortunes from by advertising.—How much more deserving of success is he who advertises and sells articles of real merit.

FALSE VIEWS OF FACTS CORRECTED. Some people are afflicted to think the slaves should give political power to the Southern States, five of them being counted equal to three whites in making up the population necessary to give a representative in the lower house of Congress. Did they ever reflect that five *free* negroes in the South, with no more right to vote than so many slaves, are counted equal to five whites, and that if all the slaves were free, while the actual voters would not be increased by a single vote, at least *twenty* additional representatives in Congress would be gained to the South? The truth is, the slave element in Southern population weakens the political power where it exists, and emancipation would greatly increase the political power, to be wielded by precisely the same number and the same hands which wield it now. How few have thought of this.—*Bath Times.*

This is perfectly true as to the numbers; but it is by no means certain, or even probable, that the political power would always remain in the same hands as now. There is, moreover, nothing frightful to us in the political power of the South, or the West, any more than of the North or the East.—The evil is to be found in the power of falsehood and wrong, the power of oppression and fraud. The very *numbers* in the constitution referred to, compose one of the grand *swindles* of that instrument, by which the slave power has so often ruled against all equity and justice.

"THE FIRST PROOF," is the title of a spirited colored engraving, just issued by John Henry, publisher of The Printer, in New York. The picture, the name of which explains it sufficiently to the profession, is designed to show the fathers of the art of printing in the act of taking the first impression of their rude blocks, from which have grown the beautiful types now used. "It is the first attempt in this country at fine colored work by hand-press, and is a creditable specimen;" and is published by the enterprising proprietors of The Printer, for gratuitous distribution among their subscribers and the craft. We shall highly prize this addition to the picture gallery of our counting-room.

☞ Expensive houses out of the cities of New England are still sold at a large discount from their cost when they are put into the market. A fine mansion and estate within four miles of Boston, which cost $40,000, was recently sold for less than half that sum. The Northampton Courier reports that the Edward Clarke homestead, in that town, was sold last week for $15,150. The price is considered a low one.—The place was apprised about a year ago at $25,000.

ANOTHER SWINDLE.—*St. Louis, Sept.* 12.—The Utah correspondent of the Democrat, makes an exposé of the late mule sale at Camp Floyd. He says the Quartermaster General received an order from the Secretary of War to receive notes from Mr. Halliday as cash, for all purchases made to him, and that the auctioneer received instructions to knock down the mules to Mr. Halliday, at certain figures. Under these terms Mr. Halliday purchased upwards of a thousand mules, paying in notes a little more than half what other parties would have paid in cash. The writer also states that Mr. Halliday had a contract to supply to the government at Fort Dallas, Oregon, a thousand mules at his own figures.—*Post.*

Rather a tough story—but there may be some truth in it.

THE AGRICULTURAL FAIR AT CHICAGO.—*Chicago, Sept.* 12.—The Fair of the National Agricultural Society opened to-day. The weather is fine, the attendance very large, and the prospects of the success of the exhibition are very flattering. Upwards of 270 cows, bull, and calves, 200 sheep, mostly French and Spanish merinos, and nearly 100 horses of the Black Hawk and Morgan stock, are entered. The mechanical and agricultural halls are filled to overflowing, and present a beautiful appearance.

WASHINGTON, Sept. 12—Commander Maury is still engaged as one of the Consulting Committee of the Atlantic Telegraph Company, in examining the specimens of cables best suited for the Ocean Telegraph. The story that he, when a midshipman, was married to an Owyhee Princess, is contradicted on authority.

The President has approved the sentence of the Court Martial held at Utah, dismissing from the Army Lt. Lynde of the 5th Infantry, for conduct unbecoming an officer and gentleman.

☞ The Winsted (Conn.) papers say that during a recent storm the lightning struck a tree in the door-yard of Amos Sage of Goshen, thence glancing to a pig-stye in which were a sow and nine pigs, from the latter of which it took the nine tails clean off, with doing, so far as is known, any injury to the animals.

☞ A white flag has for some days past been floating over the House of Correction at Hohenelbe, in Bohemia, to indicate that there are no prisoners. The prison is the only one in a district containing a population of 70,000, the greater part of whom are poor weavers.

HYDRANGEA.—It is said that this flower, which is usually of a pink color, may be made to come out a beautiful rich blue, by the simple means of filling the box with the swamp or marsh earth. Common garden loam produces the pink.

NEW ENGLAND BUSINESS DIRECTORY. This work is now in progress of compilation, by the enterprising Directory publishers, Messrs. Adams, Sampson, & Co., 91 State street, Boston. Canvassers are now in this city taking names and advertisements to be inserted in the book, which will be ready for the subscribers in January 1860. The publication of such a directory of all the business and professional men in every town in the six New England States cannot fail to benefit this section of the country, and is worthy of extensive patronage.—From its nature it must be in constant use and hence furnishes an excellent medium for advertising. The exact post office address of every business man will be given, and the book will circulate in the small towns as well as in cities. The first volume published in 1856 has now become obsolete, so that the publishers are obliged to go over the whole files again, and all errors are to be corrected. Success to the whole enterprise.

AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASES, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body, by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live livelonger, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it' contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justlyd espised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more tean assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.

Costiveness, Jaundice, Dyspepsia, Indigestion Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic!

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given, with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER's, and take no other. The sick want the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized word. 6m—je14

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Sold by druggists and dealers generally, everywhere.

Dr. Wistar's Balsam of Wild Cherry,

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints,* make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

MESSRS. SETH W. FOWLE & CO.,—*Gentlemen:*—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry,* without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,

HENRY WOOD.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1858, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisian artist—Monsieur Heavtontiturumenos.

☞ **Mrs. Winslow,** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

The Best Medicine in the World.

YES—DECIDEDLY THE BEST—IS

Dr. Langley's Root and Herb Bitters.

They are made from the most valuable Roots, Herbs and Plants in the vegetable kingdom.—They act at once upon the very seat of disease:—They remove all obstructions from the internal organs—regulate the Bowels—purify the Blood—remove Humors—excite the Liver to a healthy action—give strength and tone to the stomach—cure Jaundice and Dyspepsia—create an appetite—increase and renew the digestive powers—remove all Bilious diseases—cure Piles, Headache, Weakness, &c., and are the best medicine ever discovered for all Female Complaints. The purify, heal, strengthen, build up and keep in order "the house you live in."

Doctors' prescriptions, clothed in Latin verbs,
Now yield the palm to Langley's Roots and Herbs;
Forsake vile drugs and cull from Nature's store,
As did the Patriarchs in days of yore.
Roots, Herbs and Barks, the best in Nature's store,
From broad Atlantic to Pacific's shore,
From North to South, their healing virtues lend,
And in these Bitters prove the people's friend.
They'll strengthen, warm, your bodies vigorous make.
Rouse drooping spirits and new blood create.

So if you wish to feel well, act well, do well and keep well, use this standard valuable medicine.

Only 25 cts. for a pint, 38 cts. for a large bottle Sold by all dealers in medicine everywhere.

THE

BAY STATE RANGE

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new construction apparatus of great capacity, having

TWO LARGE OVENS

AND

SIX BOILING PLACES

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, by which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF

and can be set in a chimney or out in the room is most convenient.

It will warm the coldest kitchen in the city with an extra room if desired.

Wood or Coal may be used for fuel, the cooking being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day and with much less fuel too.

The ovens are splendid. I have baked four cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

CITY, COUNTY AND STATE ITEMS.

☞ The ship Georgiana, was launched in fine style, from the yard of Messrs. Marcy & Pettigrew, near the South Mill, on Monday forenoon, and now lies at Pier Wharf, foot of Daniel street. She is about 1100 tons, and owned by Peter Marcy of New Orleans, and the builders. This is the third ship which has been launched from this yard; and there are now but two other vessels on the stocks in this harbor—a ship about 1000 tons, at Tobey & Littlefield's, Noble's Island, (for sale,) and a schooner at the Badger yard, across the river.

☞ We have seen nineteen good sized pears, (the Andrews pear,) growing on one twig of not over eighteen inches long, which was cut from a small tree on the farm of Dani. H. Spinney, Esq., on the west side of this city. The whole tree is loaded somewhat in the same fashion; and Mr. Spinney's whole orchards, nurseries and farm are well worth a visit.

☞ The Annual Meeting of the Portsmouth Washington Total Abstinence Society was attended at the Temple on Monday evening, when the board of officers for the year were elected, including several pastors of churches in this city. The meeting was then adjourned to meet on Wednesday evening, Sept. 21, in the basement of the Temple, at half past 7 o'clock, for the completion of business belonging to the annual meeting.

☞ An extra train on the Concord and Portsmouth Railroad, will leave the city at 6 1-2 o'clock on Wednesday and Thursday mornings, to convey firemen and others to the Firemen's Muster at Manchester. Full fare paid by all but firemen.—A similar train comes back this way at the close of each day.

OUR PICTURE GALLERY.—We rejoice in the possession of the best counting-room and sanctum we know of anywhere, connected with the press—thanks in part to our indulgent landlord. And although we may not possess such rare works of art as some of our readers, yet the engravings with which the walls of our pleasant and spacious room are covered, are a source of no small enjoyment to ourselves and others.—There is a variety in them certainly—see if there isn't.

Here are Franklin, Humboldt, Dr. Kane, seven American Probitionists, (headed by Neal Dow); Wendell Phillips, Charles Sumner, Thos. P. Moses, Albert Laighton; a couple of fancy female figures; View of Portsmouth, from Little Harbor road; N. H. State Reform School at Manchester; the splendid triumphal Arch erected in Market St. for the Sons' reception; a splendid fruit-piece, being a card of Oakley's Lithographic establishment in Boston; Marion crossing the Pedee—a picture which came very near being submerged in our fire two or three years ago; Temperance but no Maine Law—a graphic delineation of those who oppose such laws; Bargaining for a horse—an art-union picture which almost speaks; an Austrian Military Riding School, and a country *bump*-kin being put through his paces; a landscape in oil, to which distance lends enchantment indeed; Flora Temple, the peerless queen of the turf; a lady horseback; Brown's improved Pleasure Wagon, set on thorough-braces, as all riding carriages should be: the Favorite Horse; Full Speed, its consequences; Maps of Portsmouth, (where we look in vain for that Common or City Hall,) Boston, Frazer River Gold Region, (which sets us thinking of emigration,) Seat of the War in Italy, (which decidedly *don't*), Europe; these, with sundry bills (not payable) and cards, &c., including one from Grover & Baker, (which puts us in mind that every family should have one of their sewing machines, and we wonder they don't,) and the stanch and celebrated Home Insurance Company, (for which John S. Harvey is agent,) makes up our collection—to which we are now to add "The First Proof, if we find a fit place.

☞ It will be seen that those Grapes at Rogers' Vinery, Kittery, are ripe. Nuff sed. He has also a superb display of dahlias, roses, gladeoli, &c. The walk or ride to his Nurseries is delightful. Don't fail to try it before the frost comes too heavily—and be sure you go through Love Lane, at least one way.

☞ All down east seems to be coming up here to be married, again. Well, this is a good marrying district; but there is no need of bringing ladies with you—we have a grand stock of the best in the world here, and can furnish brides as well as the parson.

☞ The Portsmouth Aqueduct Co. are constructing a large reservoir near the C. & P. Railroad Bridge, near the Plains, and intend to conduct the water from thence to this city.

☞ Elder Elias Hutchins, of the Freewill Baptist Church, died in Dover on Sunday, after a protracted decline. He was well known in all this region, and much beloved for his christian faithfulness and general courtesy. His age was about 60. He is to be buried on Thursday.

CONSUMPTION IS CURABLE!
BY THE USE OF
Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the
HYPOPHOSPHITES
OF LIME, SODA AND POTASH,
Originally discovered and prescribed by him as a Specific Remedy for
CONSUMPTION!
The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a
SPECIFIC REMEDY FOR CONSUMPTION.
Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."
BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,
which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure.* My *fac simile* signature is upon every bottle.
☞ Price $2 per bottle, or three bottles for $5, with full directions for use. Write for Circulars, which will give RELIABLE INFORMATION, and save from all possibility of deception. Sold wholesale, at the lowest discount for cash, at the Sole General Depot in the United States, by J. WINCHESTER, American and Foreign Agency, 49 John street, New York.

CLIPPER PLOWS
Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been
THOROUGHLY TESTED
by experienced Plowmen, who pronounce them
The Best in the Market!
These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.
We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters says, "It cannot be done."
Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,
A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.
Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.
[From Mrs. Ira Burnham, Exeter, N. H.]
I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.
Exeter, June 1, 1859.
This testimony of my wife is correct.
IRA BURNHAM.
[From Mrs. Ebenezer Blazo.]
GREENLAND, Nov. 20, 1858.
DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,
SALLY BLAZO.
ENFIELD, Sept. 8, 1859.
Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.
A. K. CURRIER.
This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

Dr. C. P. Bronson's New Cures
—FOR—
Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from overwork, General Debility, or Nervous Prostration.
These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.
THEIR RANGE OF CURE:
CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.
THEIR PARTICULAR SPHERE.
It is not claimed that they will cure all diseases; but in those specified above, (as THOUSANDS can testify,) they are the most efficacious of any now known.
Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.
There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.
From numerous testimonials we select the following:
A VERY INTERESTING CASE.
Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:
Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.
Dr. Bronson can be consulted either by letter, addressed to Box 3586, P. O., or at the office of the General Agents from 9 to 12.
These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

☞ The Leavenworth Daily Register announces the election of Mr. B. Gray as County Judge of Wyandotte county, Kansas, by nineteen majority over P. Sidney Post, Esq., the partner of United States District Attoney Davis. The Register says the issue was fairly made on the new constitution—Gray being in favor of its adoption, and Post against it. Wyandotte has hitherto been strongly Democratic. The returns of late local elections in Kansas show decided Republican gains. The Wyandotte constitution is to be voted upon on the 4th of October.

FRANCE.—The Constitutionel, in a leading article, says the Emperor will fulfil loyally his Villafranca agreement for the restoration of the former reigning Princes of the Duchies, but if he should not succeed in reuniting the Princes and the people in mutual accord, it is not his intention to force either one or the other.

ITALY.—There was no change in the situation of affairs in Italy.

A deputation of the National Assembly of Modena had gone to Paris on a special mission to Napoleon.

The people of Naples were much excited in regard to the high price of corn.

An earthquake at Sorcia killed two hundred persons, and injured a large number of others.

☞ A Salt Lake correspondent of the San Francisco Bulletin says:—"Judge Cradlebaugh is about going to Carson Valley to remain. He tells me that he could take several wagon-loads of the extra wives of the Mormons, of the youngest class, and it would delight his kind heart to do so.—He would give them the transportation himself, but he does not know what to do with them."

☞ William Thayer of Williamsburg, who was passing through Chicopee on Tuesday, with a load of settees, on his way to Salem, Ct., was beset by a parcel of boys, who climbed on to his wagon, which moved part of the settees out of place, and while fixing them his horse took fright and ran, upsetting the wagon and throwing him to the ground; one wheel passing over his leg broke it below the knee. Mr. Thayer was so much injured that he died on Friday at Williamsburgh.

☞ An "Infernal Machine" exploded in Methuen on Thursday, says a Salem paper, by which means a young and beautiful lady, Miss Mary Vincent, daughter of Dennis Vincent, about 19 years of age, was burnt in a shocking manner. The machine was made of glass, and filled with a combustible fluid known as camphene, which from careless use took fire, igniting the dress, and burning the young lady so badly that her life is despaired of. Will the public never learn caution in the use of these *"killers?"*

THE NORTHERN LIGHTS AT SEA.—The captain of the barque James W. Paige, arrived at New York, reports that on the night of the 3d inst. he observed a great phenomenon. From 8 P. M. till 3 A. M. the whole horizon was as light as any sunshiny day; the peculiarity of it was that the sky was completely overcast with very black clouds, and at times it rained in torrents.—All hands forward were very much alarmed.

GRAND MUSICAL FESTIVAL.—The Maine State Musical Association will commence its Sixteenth Annual Convention, of four days, in Portland, Oct. 4th.

The Music Class will be directed by Prof. Baker, assisted by Prof. Ball, Mrs. Long and Miss Cammett. A large gathering of the Musical talent of Maine is anticipated.

☞ A new fancy which has seized upon Parisian belles, says the Court Journal, is the crusade against bonnets, and which, it is said, the Empress is quite willing to join.—Two ladies of the highest fashion are already to be seen daily driving in the Bois with no other coiffure than a lace veil of square form thrown over the hair, which is full-dressed, and ornamented with bows of ribbons.

ALTERED COUNTERFEIT.—The Lowell Courier says that city was flooded on Friday evening and Saturday, with bogus two dollar bills upon the Central Bank, Worcester. They appear to be genuine bills on some southern or western bank, altered by printing, in the words Massachusetts and Worcester.

☞ Captain Chappell, of New London, who saved a man from drowning the other day, was just about to be married, and had on his "best clothes" at the time. Notwithstanding this he plunged in, like the illustrious hero of antiquity, "accoutred as he was," and after saving the man was married in his wet suit.

☞ The honorary Degree of Doctor in Divinity was conferred, at the late Commencement at Brown University, on Rev. Charles Worthen Flanders, of Concord, N. H., of the class of 1839; Rev. Thos. Davis Anderson, of Roxbury, Mass.; and Hon. and Rev. Baptist Wriothsley Noel, London.

THURSDAY, SEPT. 15, 1859.

MASSACHUSETTS TEMPERANCE ALLIANCE.—This new State society for Massachusetts met in Boston on Tuesday. The temporary chairman, Mr. Spooner, said the State Temperance Committe had voted to form a State Temperance Alliance, the object of which was to send agents to all parts of the Commonwealth and get persons to join with them, and by the payment of a fee of $1 each, become members of the League. About three thousand persons have already joined them, and he hoped that during the coming winter the number would be increased to 8000 or 10,000. He believed the cause of Temperance was gaining strength, because prohibitory laws were securing a stronger hold upon the statute books and in the hearts of the people.

Gen. Henry Wilson, U. S. Senator, was chosen President. Gen. Wilson, upon taking the chair, said he accepted the position gratefully and thankfully. Twenty-seven years ago he placed his name to a temperance pledge, and his experience since then had impressed upon him the duty of giving his influence to the holy cause of temperance. He had always, by his vote and influence, sustained that cause. He had seen the evils of intemperance—had seen the foremost men of the country legislating under the effects of intoxication, and it had incited him to new efforts; and if to-day he could aid them, he would cheerfully do so.

A full board of officers were elected;—president, Hon. Asahel Huntington, of Salem; vice presidents, Geo. Grennell, Gov. Briggs, Dea. Grant, &c., &c.

The resolutions were presented by Dr. Jewett, and after an interesting discussion were adopted. One of them declares the movement in harmony with all good works, and others declare in favor of prohibition, and that the laws furnish ample means to suppress the traffic; that city governments should use all efforts to suppress the sale, &c. Besides these was the following:

Resolved, That in reorganizing the temtemperance movement in Massachsetts, we recognize with profound regard the wisdom of its founders and early promoters, in laying its foundations broad and deep on the eternal rock of Christian truth, as taught in God's word, and would declare our reliance for future success and ultimate triumph to rest upon the Divine blessing and the co-operation of the church of Christ.

In the course of the discussion, Rev. Mr. Coggshall spoke of the cost of intemperance in its effects upon the prosperity of individuals and nations. The young man who spends six and a quarter cents per day, throws away in the course of the year enough to purchase a good suit of clothes, or a small library, or a life policy for $1000. He estimated the cost of drunkenness in the United States, at not less than $400,000,000 annually.

In reply to a vote of thanks to the president, Gen. Wilson said, if his services had been of any value, they had been freely and cheerfully given. He felt that the cause of temperance was a holy one. The shadow of intemperance had been over his life, but he thanked God he had never expended a farthing for liquor. He did not know how champagne would taste—he had no desire to drink, and therefore he had no temptation to overcome. He had been invited to drink on many occasions, but when he declined it, on the ground that he never used it, no fault was found with him, and no second request to drink had been made. But when people declined on other grounds, they were urged to drink. He regarded this as a cause of transcendant importance, and he had rather have written over his grave, that he gave his life to the advocacy of this cause, than any other honor that could be achieved. Many a time he had seen Senators acting under the influence of intoxicating liquor—yea, unable to act at all. He had seen the foremost living man of the nation staggering under the effects of liquor, and it was not the want of intellect that made men drunkards. The evil effects of liquor can be seen, every day, upon some of the noblest young men of Boston. No safety can be found, except in total abstinence.

☞ There is serious alarm in Concord, on account of the incendiary fires; and a public meeting has been held, at which *resolutions* were passed, one of which looks to the sale of two little old engines, that are not in the regular fire department.

A citizen tells us that these engines are manned by volunteer boys. We have not heard that a suspicion attaches to them;—but we remember that the *false alarms* in Boston, forty years ago, were so numerous as to be intolerable; and that finding these alarms came from *boys*, the selectmen forbade *boys* ranning with the engines—and the false alarms died out at once.

☞ A correspondent informs the Saturday Press that he is about to establish a new religious sect, to be called the "You-and-I-tarians," consisting of himself and next friend.

LETTER FROM TEXAS.

TWIN SISTERS, Blanco Co., Tex., } August 29, 1859. }

Dear Chronicle:—I shrewdly suspect that my (Lone) "Star Papers" savor strongly of antiquity by the time they reach you; if so, please date about three weeks later and put under the head of "Telegraphic."

On Thursday last, a Methodist Camp Meeting commenced at Callahan's Branch, a mile or two from Blanco. Yesterday I visited the spot. It reminded me strongly of the descriptions given of the religious assemblies of New England in its early settlement—there were negroes, great and small, and children of all sizes; there was exhorting and praying, and singing that was "deaconed off," and in which every word ended in *er*; but with all this there was a strange mingling of those instruments which are used for the worst passions of man—the male portions of the assemblage wore six-shooters at their belts, or guns at the horn of their saddles, while rifles and bowie-knives were not at all scarce. I was not much impressed with the solemnity of the occasion, for what with fifteen or twenty little urchins on the back seats, engaged in the elegant amusement of poking each other with long sticks, the jingling of the cow-bells, the neighing of horses, the lowing of cattle, the trumpeting of mules, the grunting of swine, (attracted by the rich feast which "fell from the tables",) the contentions of dogs, the merriment of the groups of negroes, and the strength of lungs exhibited by a gent who was piping the refined melody of "Can't stay in the wilderness," my attention was anywhere but on the words of eloquence uttered by the perspiring orator in a soiled white shirt and Kentucky Jean nether garments.

About dusk great confusion was caused from the fact becoming known that three Indians had been seen six miles below.—Guards were set around the camp, and riders sent to caution the owners of horses for many miles around. The meeting will disperse to-day, to allow the members to protect their property from the inroads of the Indians, who are now becoming quite audacious, twenty-five having twice crossed the Colorado, within four miles of Austin, the State capital, the past week. They have stolen forty horses at Sisterdale, killed Zach. McDaniels on the Perdinales, and killed a man and cattle and stolen horses at Bandera City.

That further outrages are to be apprehended, may be seen by the following extract from a letter addressed by one of their citizens, now in Santa Fe, to General Twiggs. The letter is dated July 9:—

Since writing to you yesterday, our townsman, R. E. Clemens, has come in from the Canadian Fork of the Arkansas, where his surveying party were taken prisoners by the Indians, and robbed of their all, and would have been put to the torture, had they not denied being Texans.

The Indians were Comanches, and said they were 500 strong, and were only awaiting an arrival the next day of 500 Kiowas, who were to march in company with them, to wage war on the Texan frontier. They have determined to die or avenge the death of their comrades, killed by Maj. Van Dorn's and Capt. Brackett's commands, whose names they know as well as we do. Their losses were much greater than what has been reported.

The Indians are mounted on fine American horses, and armed with rifles and six-shooters, which they say were bought by them from the Butterfield Overland Mail Company. The shooters have the company's brand on them. From appearances they will be a formidable foe. Their women and children are left on the Canadian, under the protection of sixty warriors.

The chief told Col. Clemens that he would break up every corner-stone he had put up, and if he was found at work on their return, he would put the whole party to death. ION.

☞ A fancy hotel thief was arrested at the Howard House, in New York one day last week. In his bed were found many articles which had been abstracted from a neighbor's trunk. He said his name was Watson, from Texas, that he came north abont two weeks ago, with seventeen thousand dollars in cash, which he took with him to Saratoga, where he gambled and "spreed" it all away, and his present necessity induced him to rob his friend's trunk. In his own trunk were found quantities of excellent clothing, a handsome masonic breast-pin, and several daguerreotypes of very handsome women. He was committed to the Tombs.

☞ The following was Victor Hugo's response to the amnesty proclaimed by Louis Napoleon:—

"Nobody will expect from me that I can grant, in what concerns myself, a moment of attention to the thing called an amnesty.—As France is now situated, a protest, absolute, inflexible and eternal, is my duty. Faithful to the engagement which I made in my conscience, I will share to the last the exile of liberty. When liberty returns I will return."

The "Professor" says in his last paper, that "I love you" is all the secret that many, nay, most women have to tell; when that is said, they are like India crackers on the fifth of July.

The widow of Helvetius said to Napoleon, "You cannot conceive how much happiness can be found in three acres of land."

MARRIED.

For the Chronicle.

IN MEMORY OF A FRIEND.—Verily, our days are but as the grass, and we wither in an hour—Only a little time ago, and a young man who now sleeps in the dust, was, in the full vigor of life, viewing with us the fast falling leaves of autumn; thinking as little as did we, that he would so soon be summoned to bid adieu to all the fair scenes of earth, and that the trees' fading verdure would form a shroud for all that was mortal of his then stalwart and robust form. But, alas! how little we know of what a day may bring forth! Insidious disease,—which at first was hardly regarded as worthy of notice, and for which the engrossing cares of business could hardly be given up, even for a season, with willingness,—in three short weeks removes a loved one from our sight. It is perhaps almost unnecessary to mention the name of our departed friend, since the sympathies of the community have caused all to become acquainted with the circumstances of his last sickness; but the case is so full of instruction and warning to all,—especially to the young, who almost think that death *cannot* come to them,—that we wish to give it more than even the kindly mention you bestowed upon it in your issue of the 18th inst.

GEORGE H. ACKERMAN was extensively known, and we believe we may truly say, most highly respected and best beloved, where most intimately acquainted. We knew him as a schoolmate and playfellow; and up to the last, as a friend and companion—and never did he prove false or unkind. As a business man, he was prompt, reliable and exact, though always courteous and affable; and his loss from among the regular travellers over the Eastern Railroad, we are sure will be universally lamented by all whose business called them to associate with him. More than this—he was the joy of his parents, and the delight of more than one household; and the valued friend of a host, of old and young. He was to have assumed new and important social and business relations in a few months; and all seemed bright and promising before him.

But alas! and sad enough it appears to our short mortal vision—in the midst of all, he is stricken down by death's fell messenger, disease; and despite the efforts of medical skill, and the tenderest watching and ministrations of kind friends, he never comes forth among us again—his mortal remains are conveyed to their last resting place, and his spirit finds rest in that land where earthly friends all meet again, but where partings never come to grieve. And is this all, to us who knew and loved him? No, we have his memory—as a son, as a friend, as a companion—and let us cherish his example wherein it was worthy, and eschew his failings, if any he had; so that when we may be called to part with all earthly attractions, even as unexpectedly as he, we may lay down our lives as quietly and resignedly.

Then to us all, who feel this affliction most keenly—to the grieving father, who loses at once a dearly-loved son and an important aid in business; to the bereaved mother, who *must* give up her darling, over whom she has so lovingly watched from childhood, and from whose maturity she had good reason to hope so much; to her who is thus widowed on the eve of her bridal;—and to those friends who had become almost as dear as his own kin; to brothers and sisters, and all who held him dear—shall this sad and sudden stroke prove of lasting benefit. A FRIEND.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Dr. Wistar's Balsam of Wild Cherry,

Hallow's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds Bronchial or Pulmonary Complaints*, make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

Messrs. SETH W. FOWLE & CO.,—*Gentlemen*:—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry*, without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,

HENRY WOOD.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 29th of April, 1858, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

☞ Why will people go and have a poor miserable picture taken of themselves? Because, all those do not know that they can procure for the same money, a fine finished picture, faithful and true as life itself, at

SALEN'S DAGUERREAN GALLERY,

in Congress Block, where the most superior likenesses are taken, and in all cases perfect satisfaction given.

N. B.—The beautiful little "give away" (cheap) pictures, are taken at this establishment, with a double lens Camera, (100 per day) by the celebrated Parisinn artist—Monsieur Heavtontitorumenos.

☞ **Mrs. Winslow.** an experienced nurse and female physician, has a Soothing Syrup for children teething, which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay all pain, and is sure to regulate the bowels. Depend upon it mothers, it will give rest to yourselves, and relief and health to your infants. Perfectly safe in all cases. See advertisement in another column.

The Best Medicine in the World.

YES—DECIDEDLY THE BEST—IS

Dr. Langley's Root and Herb Bitters.

They are made from the most valuable Roots, Herbs and Plants in the vegetable kingdom.—They act at once upon the very seat of disease.—They remove all obstructions from the internal organs—regulate the Bowels—purify the Blood—remove Humors—excite the Liver to a healthy action—give strength and tone to the stomach—cure Jaundice and Dyspepsia—create an appetite—increase and renew the circulation—remove all Bilious diseases—cure Piles, Headache, Weakness, &c., and are the best medicine ever discovered for all Female Complaints. The purify, heal, strengthen, build up and keep in order "the house you live in."

Doctors' prescriptions, clothed in Latin verbs,
Now yield the palm to Langley's Roots and Herbs;
Forsake vile drugs and cull from Nature's store,
As did the Patriarchs in days of yore.
Roots, Herbs and Barks, the best in Nature's store,
From broad Atlantic to Pacific's shore,
From North to South, their healing virtues lend,
And in these Bitters prove the people's friend.
They'll strengthen, warm, your bodies vigorous make,
Rouse drooping spirits and new blood create.

So if you wish to feel well, act well, do well and keep well, use this standard valuable medicine.

Only 25 cts. for a pint, 38 cts. for a large bottle Sold by all dealers in medicine everywhere.

THE

BAY STATE RANGE

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having

TWO LARGE OVENS

AND

SIX BOILING PLACES

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, by which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF

and can be set in a chimney or out in the room, as is most convenient.

It will warm the coldest kitchen in the city with an extra room if desired.

Wood or Coal may be used for fuel, the fastenings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT

"I am delighted with the Range, it will pay for itself so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked 3 cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

CITY, COUNTY AND STATE ITEMS.

LAWS OF VIRGINIA.—All vessels bound east, before leaving Hamptou roads are required to pay five dollars for an officer to come on board and search all parts of the vessel for negro slaves. Should any master attempt to leave before passing through this humiliating act, he is fired on by the officers who are prepared for the occasion; and should any master escape being searched and paying five dollars, and should he ever return to that State, his vessel would be seized, condemned, sold and sacrificed.—Would our Northern people submit to this disgraceful, humiliating act, from any nation on earth? Yet how tamely do we submit to it, in hopes of some office, or favor?

I subjoin a certificate of the master of a vessel from a slave state, viz. Maryland, belonging to a vessel now discharging at one of our wharves, who prays that we at the north may see it rectified; as the continuance of the grievance depends on us at the North.

State of Virginia, to wit:—By virtue of my authority under the law of March the 7th, 1856, made for the better protection of slave property in this Commonwealth, I hereby certify that the sch. Mary Adeline, of Vienna, whereof L. Jenkins is master, was duly inspected by me, this 3d day of September, 1859, and no cause for detention found. Signed,

JOSEPH HOIT, Inspector.

Attest, W. H. Parker, Chief Inspector.

☞ Atlantic Engine Company, No. 6, with the Portsmouth Cornet Band, went off to the Firemen's Muster at Manchester, on Wednesday morning, in good style. They made a creditable turn-out, and will no doubt have a good time—but won't camping out be rather tough for green hands, such weather as this? We learn the Sixes are to be "received" and welcomed home with a collation by Laconia Company, No. 2, on their return, Friday evening.

A portion of the members of Granite State Company, No. 1, are to visit Manchester to-day.

☞ Wednesday was what some folks call a blustering day—there was a free blow, all round. It was more comfortable by the fireside than out of doors, and traders handled less of gold dust than of the baser sort. The vessels preferred to remain at the wharves, and the ladies were scarce in the streets. It was dangerous spreading much sail, afloat or ashore, crinoline or canvass; though we believe one of the up-river packets did put off, and we saw a few of the other sort of craft scudding under bare poles.

☞ It will be seen that the Treasurer of the Portsmouth Steam Factory Company advertises to pay a dividend of $3 per share on the stock of that corporation, at the Rockingham Bank in this city, on and after this date. This will distribute several thousand dollars in this city.

☞ There has been an unusually large number of cases of typhoid fever in this city and vicinity, the past season—many of which have proved fatal, as our record of deaths has shown. The cool, bracing weather and strong winds of the present week will no doubt tend to clear the atmosphere of fever, and promote the general health.

☞ The vessel now being built at the Badger yard, by John Neal and others, is a ship of about 1000 tons—built to order, we believe. The schooner recently built there, we noticed as launched a week or two since.

☞ $10,000 worth of gold and silver watches, jewelry, plated ware, &c., is being sold at J. B. Adams' auction store, Congress Block.

☞ On Wednesday the fire companies gathered in large numbers at Manchester; and the city wore a holiday appearance.

☞ The Maine State Fair and Cattle Show commences at Augusta, on Tuesday, Sept. 20th.

The New Hampshire State Fair to be held at Dover, Oct. 5th, 6th and 7th, promises to be the most brilliant in the annals of the Society.

The Rockingham County Fair is to be at Exeter, on Thursday and Friday, Sept. 22 and 23. Wm. Crawford, Esq., Secretary of the Rockingham Fair, gives the following Notice.

"The Trustees of the Rockingham Fair have altered the Premiums for Music as follows: and offer for the best Band $75 instead of $40.

Next best Band $50 instead of $20, as was announced in their Bills."

☞ Judge Fowler's decision, in the Elder Himes case, (so says an able lawyer,) amounts to this, and no more, viz:—that in the mittimus no sufficient reason for his imprisonment was properly set forth.

To deny that for years a disgraceful quarrel has been fostered and kept up in the party in this city, would be as silly as it would be false. Would that such quarrel were *confined* to this city. The sore can never be healed until its extent is realized—it can never be cleansed without probing.—*Bath Times.*

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S
CORDIAL OF DANDELION,
SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.

This testimony of my wife is correct.

IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]

GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,

SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.

A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WAAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which oi the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3308, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

HENRY R. CHURCH & Co.,
GENERAL AGENTS, 36 Maiden Lane,
July1 3m New York City.

The News.

MAINE ELECTION.—The Portland Advertiser of Wednesday, Sept. 14, mentions having returns from two hundred and five towns, and the footings are as follows:

Morrill, - - - - - - -	36,877
Smith, - - - - - - -	28,076
Morrill's majority, - - -	8,801

In the same towns, last year, Morrill's majority was 6712. Morrill's net gain thus far is 2089. Morrill's majority looks as if it might be 11,000.

Of the Senators, 30 republicans are elected. The whole number is 31; and one democrat may be elected.

Of the Representatives, the republicans have elected certainly one hundred and fifteen, and probably one hundred and twenty, out of the one hundred and fifty-one that compose the House. Also republican county officers in thirteen certainly, and perhaps fourteen out of the fifteen counties.

York county last year gave Gov. Morrill but 35 majority, and lost a part of the republican county ticket. This year it gives a majority of more than 600 for the whole republican ticket.

THE GREAT EASTERN.—The people of Portland are making extensive preparations for the reception and entertainment of the Great Eastern, and the throng that will be gathered to see the great wonder of the deep. The City Council have passed orders providing for a public dinner and ball, a general illumination, a display of fireworks, harbor excursions, a military encampment, if the military will agree, salutes, ringing of bells, &c., &c. It has also been agreed to extend invitations to the President and Cabinet, Gen. Scott, Governors of the States and Canada, and Ministry, Gen. Williams, Commander of the British forces in N. A., and the Governors and Ministries of Nova Scotia and New Brunswick.

Mr. J. Scott Russell, the builder of the Great Eastern, is to come out in her on the first trip to America. Great numbers of tickets have been sold, and for her *trial* trip to Cherbourg, which was to take place on the 8th, an immense number of places had been taken. If that proves entirely successful, she will come to this country with an enormous number of passengers.

MASSACRE.—*St. Louis, Sept.* 12.—Utah papers received here this evening furnishes an account of another massacre of a party of emigrants by Indians. The affair happened July 25th, on Raft River, Oregon, where the emigrants were attacked by a band of Shoshoues, and six men and one woman wounded,—some of the latter are not expected to live. The Indians then robbed the wagons of $1700 in money and drove off a large quantity of their stock.—The attacking Indians were the same party who were reported recently to have been severely chastised by the troops under Lieut. Gray.

In the recent election in Utah, three Gentiles were elected to the Territorial Legislature, namely—Samuel Mills, Wm. S. Osborn and Charles Crocker.

SUICIDE OF AN OLD MARINER.—About 2 o'clock Tuesday afternoon, Levi Smith, a mariner of about 60 years of age, who has been in former years employed at the Charlestown Navy Yard was found in his room in a boarding house in Boston,—in a dying condition, and he died in a few minutes. Near the bed was a two-ounce vial containing a little laudanum, and in his wallet was found a note stating that he had been driven to commit suicide. It is probable that the fear of coming to poverty in his old age drove him to the desperate deed.

☞ Two horses belonging to Moses Plummer, were killed while drawing timber from a schooner at Newburyport. A stick of timber to which the horses were attached took a cant after getting upon the capsill of the wharf, and slid overboard, carrying the horses with it, who fell between the wharf and vessel, breaking their necks as they fell against the rail. They were valued at $500.

SINGULAR RAILROAD ACCIDENT.—On a recent Saturday evening, as the evening train coming west, on the Cleveland and Pittsburg Railroad, was running near Earlville, Ohio, the front wheels of the locomotive struck a "chair" which had been placed on the rail. The chair was jerked backwards, and caught between two spokes of the driving wheel. As the wheel came round, the projecting corner of the chair cut a hole in the casing of the boiler, so that the water could escape. In running a few rods, every drop of water in the boiler was blown out through the hole, and the train came to a stand-still without any damage being done.

CORN SALES.—The Illinois State Journal says—"We are informed that sales of corn in the field have to some extent been made at $5 and $6 per acre. Before the late rains the price asked was $9 per acre."

CARPETS.—The New England Carpet Company, of Boston, are supplying the people with carpets, at low prices. Read their announcement in the advertising columns of to-day's paper.

Morning Chronicle.

ANTIOCH COLLEGE—HORACE MANN'S SUCCESSOR ELECTED.—The Fall term of this institution commenced yesterday, and it was gratifying to find that the great body of the old students were on hand for admission to their several classes. From present appearances, the numbers in past years will be fully maintained. The exercises were opened with religious exercises at the College Chapel, at which Rev. Dr. Bellows of New York officiated. He also made a most happy address to the students, paying a tribute to the memory and services of the great departed chief of the institution—Horace Mann.

The Trustees also held a meeting yesterday, at which seventeen out of nineteen members of the Board were present. Rev. Thos. Hill, of Waltham, Mass., was unanimously elected President of the College.

The inaugural address will be delivered at the College Hall this evening.—*Cincinnati Commercial, Sept. 8.*

☞ An article has been published in the Washington Constitution, in reply to that of Douglas in Harper's Monthly. It is said to be from the pen of Attorney General Black.

☞ A great conflagration occurred at Halifax on Friday night last. Fifty buildings were burned and three men killed. The loss is enormous, but not yet estimated.

Dr. Johnson told Mr. Piezzi that he "huffed" his wife so often about the dinner not being well prepared, that at last she called to him when about to say grace, with: "Nay Mr. Johnson, do not make a farce of thanking God for a dinner which in a few moments you will pronounce not eatable."

"Do you think raw clams are healthy?" "Yes, I never knew one to complain of being out of health in my life."

☞ The Rev. S. D. Storrs of Quindaro, Kansas, in a letter to the American Home Missionary Society, says: "Kansas is to-day suffering a hundred times more from intemperance than from all the political oppression to which she has been subjected."

☞ When Gov. Seymour returned from Russia last week to his home in Hartford, Conn., he was instantly recognized by a favorite house dog that had not seen him in six years, which leaped and fawned upon him with every demonstration of joy.

☞ The appointment of Rev. Dr. Hill of Waltham, to succeed the late Horace Mann as President of Antioch College, is everywhere spoken of in approbation.

A dandy's occupation is to show his clothes; and, if they could but walk themselves, they would save him the labor, and do his work as well as himself.

☞ The express from Denver City has arrived at Leavenworth, K. T., with dates of the 4th inst., and $8000 in gold. Business was active.

☞ The London Life Assurance Companies find that the average duration of human life is so much on the increase as to require a constant revisal of the rates of insurance.

AMERICAN & FOREIGN PATENTS.

R. H. EDDY, Solicitor of Patents.

Late Agent of U. S. Patent Office, Washington, DISTRICT OF COLUMBIA.

76 STATE, OPPOSITE KILBY ST., BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON, Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE, Late Commissioner of Patents.

BOSTON, February 8, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents. Boston, Jan. 1, 1859. R. H. EDDY.

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PRENVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young, two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is rapidly recovering its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR SANFORD.

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 246 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

LOTTERIES.

THE LOTTERIES OF

WOOD, EDDY & CO.,

Are chartered by the States of Delaware and Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as though they were present. The Managers would respectfully call attention to the fact, that all persons have a legal right to send orders for tickets to Delaware or to Georgia, as the Lotteries of WOOD, EDDY & CO., are authorized by the Legislature of either State.

A Lottery will be drawn every day at Wilmington, Delaware, and also at Augusta, Ga. All orders received being filled in the drawing next to take place after same comes to hand.

Whole tickets are $10; halves, $5; and quarters, $2.50.

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of comfort and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say, during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by other practitioners, have occurred, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicine sent all parts of the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and pretended remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jz dly

The present important question with the people of Warsaw, is,

"Will Poland soon be an independent Kingdom."

We believe it will not take place very soon, but they do believe in thanking their Customers and the public generally, for past and present favors, at their present small location,

NO. 32 Penhallow Street,

and it gives them pleasure to announce to their friends that notwithstanding their Stock of

CLOTHING AND FURNISHING GOODS

is rapidly diminishing, yet they will, in return for favors, sell their remaining Stock at REDUCED PRICES.

This opportunity affords a rare chance to everybody in want of such articles; and more especially for mechanics; for they can buy at the above place a suit of clothes cheap enough to correspond with their low wages.

FRENCH
Steam Scouring and Fancy Dyeing,
IN BOSTON

A. LEWANDO pledges himself, from long study and practical experience in business country and throughout Europe, in the art of Chemistry and coloring, that he can produce superior fast colors, and his mode of preparing goods for coloring is such that the fabrics will retain its former strength and lively virtue, and in no instance leave that dull, decayed look, unavoidably produced by dyers in this country.

Particular attention given to Dyeing and Refinishing, in a very superior manner, of Silks, Satin, Velvet, Merino, Thibets and Cashmere Shawls, Canton and Italian Crapes, Gimps, Fringes, Curtains, Piano and Table Covers, Hosiery, &c.

Feathers colored and curled—by a newly discovered process, far surpassing anything yet offered to the public. AYER'S SARSAPARILLA,

A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the disease Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMS, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endless train of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores; cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Aence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly coplied, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral

Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this country, we need do no more than to assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills.

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER's, and take no other. The sick want the best aid there is for them, and they should have it.

All our remedies are for sale by W. R. Preston, Portsmouth, and by all druggists and merchants in the civilized world. 6m—je14

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,
For Children Teething.

Which greatly facilitates the process of teething by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and ten years, and *can say, in confidence and truth,* of it, what we have of any other medicine, FAILED IN A SINGLE INSTANCE, TO EFFECT A CURE, or did we know an application by any one who tried it. On the contrary, all are delighted with its operations and speak in terms of the highest commendation of its magical effects and medical virtues. We speak, in this matter, *what we do know,* after ten years experience, and *pledge our reputation for the fulfilment of what we here declare.* In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the MOST SKILLFUL NURSES EXPERIENCED and has been used with in New England and THOUSANDS OF CASES. *never-failing success,* in

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects, acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND COLIC.

WIND

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best and surest REMEDY IN THE WORLD, in all cases of DYSENTERY AND DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—*Do not let your own prejudices, or the prejudices of others,* stand between your suffering child and the relief that will be ABSOLUTELY SURE to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the *fac-simile* of CURTIS & PERKINS, New York, is on the outside wrapper. Sold by Druggists throughout the world. THE

BAY STATE RANGE.

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having

TWO LARGE OVENS
AND
SIX BOILING PLACES.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers buy one, and save

TIME, LABOR AND FUEL.

ITS ADVANTAGES ARE NUMEROUS
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES
OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SUE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In *most instances* the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * * * Out of twenty-two cases *in the third or last stage*, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PROPERLY MADE and *chemically pure. My fac simile* signature is upon every bottle."

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forests, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck

THE ONLY ARTICLE
UNRIVALLED IN THE MARKET,
WITH IMMENSE
HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPERED BY DR. SANFORD.

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents NIGHTMARE.

One dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER AND AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies, who still suffer from the reference to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a shorter space of time. They are confidently offered to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 d1y

will continue the same business at the well known stand. A continuation of the same liberal patronage that has favored this Establishment for the thirty-four years past, is respectfully solicited
WILLIAM H. CHEEVER,
march21 No. 40 MARKET STREET.

Dr. B. S. Goodwin, Indian Physician,
Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.
ADVICE FREE.
Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.
THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.
Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.
No Mercury! No Bleeding! No Blisters!
Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

FRENCH
Steam Scouring and Fancy Dyeing,
IN BOSTON
A. LEWANDO pledges himself, from long study and practical experience in his native country and throughout Europe, in the art of Chemistry and coloring, that he can produce superior fast colors, and his mode of preparing goods for coloring is such that the fabric will retain its former strength and lively virtue, and in no instance assume that dull, decayed look, unavoidably produced by dyers in this country.
Particular attention given to Dyeing and Refinishing, in a new and very superior way, Silks, Satin, Velvet, Merino, Thibets and Cashmere Shawls, Canton and Italian Crapes, Gimps, Fringes, Curtains, Piano and Table Covers, Hosiery, &c. Feathers colored and curled—by a newly discovered process, far surpassing anything yet offered to the public. He is prepared to dye and cleanse every kind of Ladies' and Children's Dresses, Silk, Velvet or Wool, plain or embroidered, without removing the trimmings, or taking to pieces.—Spots taken out without fading or changing color.
Silks, Silk Dresses and Ribbons watered.

AYER'S SARSAPARILLA,
A compound remedy in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, of combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will a complish their cure must be of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—
SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUMM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.
This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud.—Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions or sores;—cleanse it when you find it is obstructed or sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.
Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it contain but little of the virtue of Sarsaparilla, or anything else.
During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly espised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have grounds for believing it has virtues which are freechible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PRICE, $1 PER BOTTLE; SIX BOTTLES FOR $5.

Ayer's Cherry Pectoral
Has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is quite unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it can be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,
FOR THE CURE OF
Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a dinner Pill, and for Purifying the blood.
They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.
Price, 25 cents per box; five boxes for $1.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agent below named furnishes gratis our American Almanac, in which they are given; with also full descriptions of the above complaints; and the treatment that should be followed for their cure.
Do not be put off by unprincipled dealers with other preparations they make more profit on.—Demand AYER'S, and take no other. The sick wan the best aid there is for them, and they should have it.
All our remedies are for sale by W. B. Preston, Portsmouth, and by all druggists and merchants in the civilized world. 6m—je14

SATURDAY, SEPT. 17, 1859.

RESTORATION OF BISHOP ONDERDONK. There is a movement in progress for the remission of the sentence of suspension by the House of Bishops, passed some years ago upon Bishop Onderdonk. A petition to the House of Bishops is in circulation in the diocese. To a memorial prepared in accordance with the terms of the petition, Bishop Onderdonk has affixed his signature. After acquitting his brethren of improper motives in his conviction, acknowledging the justice of their act of discipline, and expressing his sincere sorrow and repentance, he asks that his sentence may be remitted. This petition and memorial will doubtless be presented at the next general convention of the Protestant Episcopal Church, which assembles at Richmond, Va., on the 5th of next month. Names representing all shades of opinion in the church are said to be attached to this petition.

This movement, if successful, will be a relief to many ingenuous minds, not only in the Episcopal church, but in the community generally, as it will remove a great scandal out of sight, and soon bury it in almost total oblivion, for all but historical purposes. The Bishop is getting far advanced in years, he confesses his fault, acknowledges the justice of the punishment, and asks forgiveness and restoration. Christianity says yea, and Humanity responds *amen!*

☞ The Washington Constitution contains a long and able article, designed to crush out Senator Douglas's discourse on Popular Sovereignty, which he has lately published in Harper's Monthly.

In introducing the article, the Constitution says:

Let Mr. Douglas say, without any circumlocution, whether he really means to abandon the opinions he expressed so positively in his New Orleans speech. If he does not, then let us have a distinct, categorical answer to these questions; Do you intend to oppose the decisions of the Supreme Court—on the point that territorial governments have not authority to confiscate private property? Will you insist that the first settlers are vested with an omnipotent power which has never yet been given to the government of any free people? Whenever we get the sober second thought of Mr. Douglas, we will all know whether to be on or off. No true Democrat can wish to hurry him to a final and irrevocable decision. But the great party to which he is now appealing so earnestly for a Presidential nomination, will wait with some impatience for his ultimatum.

The Boston Post, in speaking of the article, says:

It is written with great perspicuity and power, and, in our humble opinion, exposes very clearly the fallacious reasoning of the Senator in essential points.

MASSACHUSETTS DEMOCRATIC CONVENTION.—The Traveller says the only contest was for delegates at large to the National Convention at Charleston, in June, 1860, which are:—Isaac Davis of Worcester, Caleb Cushing of Newburyport, Jas. S. Whitney of Springfield, and Oliver Stevens of Boston. Mr. Beach, the gubernatial candidate of last year, failed of an election as a delegate, but was voted into the subordinate position of substitute. The delegates elected will probably be claimed as Douglas men, but the non-committal policy of the Convention, as evidenced in the resolutions adopted, while two in favor of Mr. Douglas were in effect defeated, will not tend to strengthen them in that position. The number of delegates reported by the committee on credentials was 1499.

THE GREAT EASTERN.—The N. Y. Saturday Press says, "an idea of the size of this mammoth steamship may be inferred from the fact that persons occupying her forward berths are to be charged double price, on account of the advantage they will have of arriving in port in advance of their fellow-passengers."

☞ The U. S. ship Minnesota was docked at Charlestown on Tuesday. She was built at Washington four years ago, and is in a *remarkably rotten condition*, far more so than the Colorado, which was built at Norfolk at the same time and repaired at Charlestown two years ago.

☞ The Newburyport Herald says "the military arrangements of Maine do not cost more than than one-tenth what they do in Massachusetts—and in New Hampshire the entire State government—the executive, judicial and legislative departments, with the maintenance of the State's poor, insane, criminals and imbeciles—does not cost so much as the play training does in Massachusetts."

☞ Two horses, worth $400, were stolen from a pasture in Hoosick Falls. While the owner was distributing his bills, two men drove up with a curiously spotted team, to the hotel where he was stopping. On examination, the horses proved to be the stolen ones, having been ornamented with spots of paint.

FIREMEN'S MUSTER AT MANCHESTER. The Traveller's correspondent says Thursday was a noisy day, and a day of great excitement in Manchester. The disturbances of Wednesday night awakened a spirit of vicious emulation among the "hard boys" of Manchester, and those self-imported ones who cannot allow an occasion like this to slip by unimproved, especially in these days of half railroad fares, and easy communication of city with city.

The male residents and sojourners in the city resolved themselves into three natural divisions, whose rank and importance is indicated in the following order: 1st, firemen, apparently the most numerous, and certainly the most prominent; 2d, the gamblers, who wear the best clothes and seem to have all the money; 3d, all other men and boys not included in the first two divisions, and who are expected to remain and "clear up things" after the rest have left. With a corresponding classification of female society, the state of things can be imagined, when it is known that the crowd exceeded any within the remembrance of the "oldest inhabitant."

The prizes were awarded at the stand, immediately after the trials, by Chief Engineer Hunt, who thanked the firemen for the orderly manner in which the trial had been conducted, and expressed the hope that there would be no recurrence of the scenes of the previous night.

The first prize, $400, was awarded to the Alert, No. 1, of Winchendon—played 170 ft. high.

Second, $200, to the Yale, No. 1, of South Reading—166 ft.

Third, $150, to Cataract, No. 2, of Clinton—156 ft.

Fourth, $100, to the Jacob Webster, No. 2, of North Woburn—154 ft.

Fifth, $50, to the Gaspee, No. 9, of Providence—152 ft.

Sixth, hose washer, valued at $45, to Tremont, No. 12, of Boston—151 ft.

The playing varied, for the fifty-two tubs entered, from 93 to 170 feet—Atlantic, No. 6, of this city, throwing only 105 feet, because she burst her hose.

☞ Lieut. Gen. Scott arrived in Washington on Thursday morning, and in the course of the day called on the President, and other officers of the government. He was on business relative to the San Juan Island dispute. The present indications are that he will be ordered thither, the condition of affairs in that quarter being considered such as to require the services of a man of his well-known character for prudence in all his official movements, to prevent a possible collision between the United States and British forces, pending the settlement of the question by the two government, as in the Northeastern Boundary difficulty.

☞ We learn by a Washington telegram of Sept. 15, that the leave of absence to Commodore Stewart to enable him to visit Europe, having expired, he has been, it is said, officially informed that it would be gratifying to the Navy Department if he would assume the active command of the Philadelphia Navy Yard. This mark of high respect is in accordance with the act of Congress which bestowed on him the title of Senior Flag Officer, in recognition of his distinguished services and merits. As he never disobeyed an order, it is thought he will not decline the invitation now extended to him.

PREMATURE END OF A FOOLISH ENTERPRISE.—A man in Rochester, named P. S. O'Connor, but who assumed the name of Shields, recently gave notice that he would jump off the bank at Niagara Falls into the river on Friday last. On Tuesday, it is reported by the Buffalo Advertiser, he went down to the water to try it by swimming at the place he proposed to jump, and was drawn under water by the suction of a whirlpool and drowned. His body had not been recovered.

NEW YORK, Sept. 16.—A riot occurred yesterday on the tug-boat Moses Taylor, which had been down the bay to convey passengers on board steamer Jason. While steaming back, the captain of the tug got into a difficulty with a gang of rowdies, who had been down with him to see their friends off, and was badly beaten, the rowdies knocking him down, and, after stamping on him, threw him from the hurricane to the main deck. The engineer, who went to his assistance, is also badly beaten. The captain had an arm broken, his skull split, and is otherwise so badly injured that he cannot survive. After disabling the captain and engineer, the rowdies proceeded to demolish the cabin and fixtures of the boat.

☞ Gerrit Smith pays for the articles, letters and sermons which he causes to be printed in the newspapers. With him it is a direct matter of business,—as it should be.

"Married people," says Dean Swift, "from being so closely united, are but the apter to cease loving, as knots, the harder they are pulled, break the sooner."

☞ The Washington correspondent of the N. Y. Times reliable information received in official circles leaves but little doubt that Sir Wm. G. Ouseley, the English minister, was a party to the recent revolution in Costa Rica.

From the Western Christian Advocate.

THE WIFE OF A DREAM.

Mr. B. had been twice married, but was left a second time a widower with six daughters on our own Son. After these bereavements, Mr. B. inferred the Lord did not design him to enjoy the blessing of a wife, and he resolved to sacrifice all personal conjugal relations, and never attempt to select another partner in life. This resolution he sacredly kept for nearly three years, when the arguments and counsel of the minister of the circuit, in the state of Delaware, prevailed on him to change his mind. The consideration of his numerous family of daughters requiring so much a mother's care and instruction, was one of the strong reasons that had induced him to admit that his resolution might be founded in error. The minister encouraged by the good impression he had made, and the influence he had gained over Mr. B., took the liberty to name to him a lady residing in a certain neighborhood in his circuit, whom he thought would make him an excellent wife and a good mother for his children, and appointed the time and place for Mr. B. to meet him and be introduced to her. Some occurrence took place which prevented Mr. B. from meeting the minister according to appointment.

The minister, intent upon the plan, procured Mr. B's consent to meet him a second time, and the appointment was made; but an unexpected Providence again prevented Mr. B. from being there at the time. They then made a third arrangement, and Mr. B. determined, if life and health permitted, he would certainly meet his friend and be made acquainted with the lady recommended.—Before the time arrived, however, Mr. B. was admonished in a dream that the woman so favorably spoken of by the minister was not the one he ought to marry, and he was conducted in a vision to the residence of the young lady that would be a suitable helpmate and that Providence had designed for him. The distance was sixty miles, and he had only traveled twenty miles in that direction. Yet the map of the whole road was laid before his mind, and the way he should go so distinctly marked in his dream, that he seemed perfectly familiar with all the road. He dreamed the distance, the name of the young woman, and the name of her step-father, Col. Vickers, the appearance of the house in which he lived, how it was painted; that it was situated near a river, with a warehouse near at hand. He dreamt also, that there were five young ladies belonging to the same family; and had the one selected for him so accurately described in his dream that he could easily distinguish her from the other four. In the morning he awoke, and thought nothing of his vision except as an ordinary and remarkable dream. The next night he had precisely the same vision repeated, and the same things presented to his mind in a still more vivid manner. Mr. B. then began to think that there might be the hand of Providence in his dream; and all that day he made it the subject of sincere and ardent prayer, that God would direct him in the way he should go in a matter so grave, and involving so much interest to himself and his motherless children.

That night he had the vision repeated the third time, and he determined then to follow the direction furnished him, and fully test the circumstance of the dream by a practical examination, and see if the result would be developed as he dreamed them. He immediately sent a note to the preacher, informing him that he had changed his mind, and must decline meeting him at the time appointed. Mr. B. started in the direction indicated by his vision, and after the twenty miles he was acquainted with, his dream was his only guide. He, however, had no difficulty, for the map of the road was so vividly impressed upon his mind, that he was able to distinguish his road from all others. The gentleman whose name was given him in his dream he had never seen or heard of. He knew the farm as soon as he saw it. The house and everything about it appeared precisely as they had been presented in his vision.

He alighted from his horse, and entered the beautiful house. The personal appearance of the young lady was so vividly impressed on his mind by the vision thrice repeated, that he readily recognized her in company with the four others, whom he found in the same family. He soon ascertained the name of the young woman, and found it to be Sarah T., according to his dream. This young lady had determined, and had often said, she never would marry a widower. Miss T. said the very moment she first saw Mr. B. she felt a strange tremor pass over her whole system. She had a vivid impression that he was a widower, and that he had come to see her. She afterward confessed that a sudden emotion of affection for him arose in her heart as soon as she came into his presence.

Mr. B. obtained the pleasure of an interview with her that evening, and was successful in securing her consent to visit her again, and address her on the subject of marriage. He, however, did not tell her his dream till she had engaged to become his wife. After a courtship of a few months, they were happily married, and lived together for more than fifty years. Mr. B. died the 25th of March, 1842, and Mrs. B. lived till the 7th of April, 1847. For sixty years, perhaps, they were both distinguished and useful members of the Methodist Episcopal Church.

WHEELER & WILSON'S

Medal Family Sewing Machines.

A NEW STYLE MACHINE.

PRICE $50.

This Machine makes the Lock Stitch, which is the only stitch that cannot be raveled, and that presents the same appearance upon each side of the seam. It is made with two threads, one upon each side of the fabric, and interlocked in the centre of it.

The Wheeler & Wilson Manufac'g Co.

Invites the attention of Housekeepers, Seamstresses, Dressmakers, Tailors, Manufacturers of Shirts, Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Ladies' Gaiters, Linen Goods, Umbrellas, Parasols and Silk Goods, to the perfect adaptation and unrivalled excellence of these SEWING MACHINES for their uses.

They are simple in construction, efficient and durable in operation, beautiful in model and finish, and suited to the workshop—applicable alike to the use of the family and the manufacturer.

Their speed is from 1200 to 2000 stitches per minute, or equal in efficiency to 12 seamstresses.—Substituting as they do, healthful exercises and rational employment for the soul-and-body destroying drudgery of hand-sewing, they are hailed as WOMAN'S FRIEND.

Among their undoubted advantages are:

1. Elegance of model and finish;
2. Simplicity and thoroughness of construction and consequent durability and freedom from derangement and need of repairs;
3. Ease of management and rapidity and quietness of operation;
4. Hemming and seaming attachments;
5. Beauty of stitch, alike on both sides of the fabric sewed;
6. Strength and firmness of seam that will not rip nor ravel; and made with
7. Economy of Thread;
8. Applicability to a variety of purposes and materials.

The change made in the tension during the past year, so that the upper thread is used from the original spool, and the addition of the hemmer, by which, hems of any width are turned and stitched without any previous basting, evince the care of the Company in incorporating with the machines every device that can tend to perfecting them. They now combine every improvement that has been invented for sewing, and the Company feels confident that, in their present form, they are by far the best ever offered to the public; and refers, for confirmation of this opinion, to the thousands of families and manufacturers who use them.

Several varieties are manufactured, adapted to various purposes. So far as public opinion has been formed and uttered, the preference is emphatically accorded to the Wheeler & Wilson machine for family use, and for manufactures in the same range of purpose and material.

During the present autumn the trials have been numerous, and all the patents of any pretension have been brought fairly into competition. In every case, the Wheeler & Wilson machine has won the highest premium.

We may instance the State Fairs of New York, New Jersey, Pennsylvania, Kentucky, Illinois, Wisconsin, Virginia, Michigan, Indiana, Mississippi, Missouri and California, and the Fairs in Cincinnati, Chicago, St. Louis, Baltimore, Richmond, and San Francisco.

At the Fair of the St. Louis Mechanical Association, the Examining Committee was composed of twenty-five Ladies of the highest social standing, who, without a dissenting voice, awarded for the Wheeler & Wilson machine, the highest and only premium, a Silver Pitcher, valued at $75. If these facts do not establish a reputation, we know not what can.

Physicians are generally loth to speak a word in praise of what are called "patent medicines." Indeed, it is an article in the code of medical ethics, that a physician who sanctions the use of such remedies cannot be considered a member of the National Association. But there are exceptions to the most stringent rules, and many of the disciples of Esculapius have actually been compelled, by the force of facts, to recommend the use of DR. HOSTETTER'S STOMACH BITTERS, for those diseases which are particularly prevalent during the summer and fall.—They have ascertained that there are no remedies in the pharmacopia which can compare with this wonderful compound for derangements of the system. Thousands of families residing along the low grounds of the Western and Southern rivers, are now convinced that they have found a medicine peculiarly adapted for their ailments, while in other portions of the country, during the summer months, the demand for the article is equally large.

Dr. Wistar's Balsam of Wild Cherry,

Ballou's Pictorial of 24th July says:—Realizing the true sense of responsibility attaching to the Editor of and Publisher of a widely circulated journal, we should deem it little less than a crime to recommend any medical compound the real virtue of which we could not conscientiously indorse. This balsamic compound has become a home fixture; and all persons who suffer, and have in vain attempted to cure their *Coughs, Colds, Bronchial or Pulmonary Complaints,* make use of this unequalled remedy.

The following Certificate from a distinguished gentleman is equally conclusive.

From Rev. Henry Wood, formerly Editor of the Congregational Journal, Concord, NH., more recently American Consul at Beyrout, Syria, and now Chaplain in the Navy.

CONCORD, N. H., March 2.

MESSRS. SETH W. FOWLE & CO.,—*Gentlemen:*—Two years ago, a sudden and violent attack upon my Lungs confined me to my bed for several weeks, and when I recovered, I was so much oppressed by difficulty in breathing, that I was often unable to sleep or rest upon a bed by night. The suffering was extreme, and judging from the inefficacy of the remedies used, I supposed the disease incurable. Being persuaded to try a bottle of *Wistar's Balsam of Wild Cherry,* without confidence in its efficacy, I found the difficulty almost entirely removed before one bottle was used up. Sympathy with my fellow sufferers induces me to make this public statement, and recommend the article to others similarly afflicted.

With respect, yours truly,

HENRY WOOD.

Wm. B. Oliver, Esq., P. M., of Drayton, Dooly county, Ga., cured a girl, who had been for a number of years afflicted with Scrofula. She was covered from head to foot with sores; there was not sound flesh enough on her whole body to lay a twenty-five cent piece on.

SHE FELT HER CONDITION IMPROVE ON THE SECOND DAY.

The fourth day she was much better. On the 20th of April, 1859, she commenced the Resolvent; on the 20th of May, twenty-one days after she commenced its use,

SHE WAS SOUND.

Not a sore or blemish was upon her skin—nor was there any disease lingering in her system.

Jaundice.

This yellow coloration of the skin is characteristic of an increased secretion of bile, or of its passage into the blood, in consequence of some obstruction in the circulation of the liver. Being itself but a symptom, the cause must be attacked in the central diseased organ; and ample experience proves that the PERUVIAN SYRUP acts in a wonderful manner in stimulating the liver to the proper performance of its duty.

☞On Monday morning the ground was broken for the foundation of the new Methodist Vestry on Daniel street, and the frame will be up to-day. This will be a great improvement to that part of the street; and we think the scores of other such building lots, now lying idle in good locations, all over the city, might be put to some good use. We wouldn't wish for churches on them all, however; at least, not until they pay taxes like other property, as they certainly should. Within five years, the State Street Methodist Society have paid off their old debt, and now "owe no man anything;" have built a new organ, made extensive repairs and improvements in their church and vestry, and now have subscribed the money for this new building. Prominent among the workers for all these improvements, has been Mr. Wm. F. Laighton, who is thus a public benefactor and a valuable parishioner.

CLIPPER PLOWS

Are manufactured only by the subscribers, the inventors, who offer them to the agricultural interest after they have been

THOROUGHLY TESTED

by experienced Plowmen, who pronounce them

The Best in the Market!

These Plows embrace NINE DIFFERENT SIZES, the largest of which is much in advance of anything in the United States, as regards size, and, like the other sizes of this celebrated Plow, is drawn easily by a team much smaller than is absolutely requisite to draw a Plow of less size, of any other make than the Clipper.

We also assure our Farming friends that as we have hitherto endeavored to make our Plows superior to all others in those points which especially interest Plowmen, we are still endeavoring by unceasing exertions, to improve—if this be possible—upon our former successes, although those who are best acquainted in these matters say, "It cannot be done."

Notwithstanding the immense advantages which these Plows possess over all others, we offer them at THE SAME PRICES as are charged for common grades, satisfied that their great superiority will induce so large a sale, that our aggregate profits will make our business sufficiently remunerative.

DR. SWETT'S

CORDIAL OF DANDELION,

SPIKENARD & BONESET,

A remedy unsurpassed for Liver Complaints, such as Costiveness, Dizziness and Pain in the Head, Stomach and Side, Universal Debility, and the whole family of Consumptive Complaints.

Hundreds of testimonials might be added, proving the many cures by this pleasant and effectual medicine, especially of people advanced in life, whose debilitated constitutions have been greatly recruited by it. A trial of it is warranted to well pay the aged and dyspeptic. Price 75 cents.

[From Mrs. Ira Burnham, Exeter, N. H.]

I have suffered many years from the liver and heart complaint. By these distressing diseases I was reduced so low, some two years since, that I could not sit up more than ten or fifteen minutes at a time, when I began to take Dr. Swett's Cordial of Dandelion, Spikenard and Boneset, which has so fully restored my health that I now daily labor and attend to the business of my large boarding house. ELIZABETH BURNHAM.

Exeter, June 1, 1859.

This testimony of my wife is correct.

IRA BURNHAM.

[From Mrs. Ebenezer Blazo.]

GREENLAND, Nov. 20, 1858.

DR. SWETT—Dear Sir:—The distressing disease called the heart complaint, wich has so long afflicted me, and which has baffled the skill of all my former physicians, has been fully cured by the two bottles of your Cordial which I had of you last spring. Yours with respect,

SALLY BLAZO.

ENFIELD, Sept. 8, 1859.

Last spring and Summer I was troubled with the Liver Complaint, which caused my food to distress me badly; and I do not know what cured me, but one thing I do know, and that is, I took one bottle of Dr. S. Swett's Cordial of Dandelion, and the disease left me, and has not returned.

A. K. CURRIER.

This unequalled medicine, together with others carefully prepared by Dr. SIMEON SWETT, from innocent but effectual vegetables, are for sale by him at No. 12 CABOT ST., Portsmouth, N. H.

AMERICAN & FOREIGN PATENTS.

R. H. EDDY, Solicitor of Patents,

Late Agent of U. S. Patent Office, Washington, under the act of 1837.

76 STATE, OPPOSITE KILBY ST. BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents.
BOSTON, February 8, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on TWICE rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in HIS FAVOR, by the Commissioner of Patents.
Boston, Jan. 1, 1859. R. H. EDDY.

A NEGRO CAMP MEETING IN NEW JERSEY.—A correspondent of the Newark Advertiser visited a negro camp meeting, in a beautiful piece of woods at Roseville, N. J., on Sunday last. He found the performances led by a young stripling, who was announced by the master of ceremonies as the California blind preacher:

"It was in something of this style that this clerical Rarey introduced the pale horse:—'I hear der pale hoss a commin-ah! He cum for you Mr. Hippocriti-cah! He cum for dat sister what laughs in camp meeten-ah! I hear de huffs on der ground by her-ah!' This last touch of eloquence was illustrated by a few hard raps on the board in front of him, and very near the heads of those who sat on the anxious seat. It stirred up his audience to the highest pitch of excitement; they jumped upon the board seats, yelling and screaming. The scene was terribly wild. The flames of the campfires lit up the pale faces of the whites, making them still paler; gleamed on the white tents, giving them the appearance of sheeted ghosts dancing around the orgies of black imps. I could hear the scene no longer; gliding down the road, under a vista of elms through which the moon shot her silver arrows, I came to an opening in the woods, some distance from the camp. Here, while seated on a mossy trunk of a fallen tree, borne on the evening breeze there came the melody of a pathetic hymn, sung by the sweet voices of the African women. I knew then the storm had ceased, and music had proclaimed her potent sway."

Dr. C. P. Bronson's New Cures

—FOR—

Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from over-use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES, when we ascertain the deficiencies in each case and then supply them with the proper materials for making pure and healthy Blood,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES, and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic Complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but in those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the first and third alternately, are best; if for Liver Complaints, &c, the 2d; or Dyspepsia, (when inveterate) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants; (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been 20 failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. Horace Greeley and W. C. Bryant, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations.—For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons, and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

THE

BAY STATE RANGE.

The Subscriber invites the attention of the public to the BAY STATE RANGE, a new cooking apparatus of great capacity, having

TWO LARGE OVENS

AND

SIX BOILING PLACES.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

These Ranges have been in use in this city during the past year, and been found perfect in operation.

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

CONSUMPTION IS CURABLE!

BY THE USE OF

Winchester's Genuine Preparation of Dr. J. F. Churchill's Compound of the

HYPOPHOSPHITES

OF LIME, SODA AND POTASH,

Originally discovered and prescribed by him as a Specific Remedy for

CONSUMPTION!

The use of the Hypophosphites in CONSUMPTION, Scrofula, Nervous Debility, Asthma, Bronchitis, Dyspepsia, Female Complaints, and all other diseases depending upon a DEFICIENT VITALITY IN THE ELEMENTS OF THE BLOOD, have proved their INVARIABLE EFFICACY in thousands of cases in Europe and America and established the claim of the discoverer, that they are a SURE PREVENTATIVE, and a

SPECIFIC REMEDY FOR CONSUMPTION.

Dr. Churchill says: "In no single instance have I found the remedy fail to produce everything that could be reasonably expected from it. In what instances the benefit derived from it has FAR EXCEEDED what could at first have been hoped for, when taking into account the degree and extent of the injury sustained by the lungs previously to the use of the remedy. * * * Out of twenty-two cases in the third or last stage, treated at my Dispensary during the past year, EIGHT HAVE COMPLETELY RECOVERED, eight have died, and six are still under treatment. SUCH A RESULT IS ALTOGETHER UNPARALLELED IN THE ANNALS OF MEDICINE."

BE SURE TO PURCHASE WINCHESTER'S GENUINE PREPARATION,

which is certified by Dr. James R. Chilton to be "PERFECTLY MADE and chemically pure. My fac simile signature is upon every bottle.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possessed Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" for a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck

THE ONLY ARTICLE

UNRIVALLED IN THE MARKET,

WITH IMMENSE

HOME AND EUROPEAN DEMAND.

The reason why, is that by Nature's own process it restores the natural color permanently after the hair becomes gray; supplies the natural fluids, and thus makes it grow on bald heads, removes all dandruff, itching, and heat from the scalp, quiets and tones up the nerves, and thus cures all nervous headache, and may be relied upon to cure all diseases of the scalp and hair; it will stop and keep it from falling off; *makes it soft, glossy, healthy and beautiful*, and if used by the young two or three times a week it will never fall or become gray; then, reader, read the following and judge for yourselves:

NEW YORK, Jan. 8, 1858.

MESSRS. O. J. WOOD & CO.,

Gentlemen: Having heard a good deal about Professor Wood's Hair Restorative, and my hair being quite gray, I made up my mind to lay aside the prejudices which I, in common with a great many persons, had against all manner of patent medicines, and a short time ago I commenced using your article, to test it for myself.

The result has been so very satisfactory that I am very glad I did so, and in justice to you, as well as for the encouragement of others who may be as gray as I was but who having my prejudice without my reasons for setting it aside, are unwilling to give your Restorative a trial till they have further proof, and the best proof being occular demonstration, I write you this letter, which you may show to any such, and also direct them to me for further proof, who am in and out of the N. Y. Wire Railing establishment every day.

My hair is now its natural color and much improved in appearance every way, being glossier and thicker and much more healthy looking. I am, yours respectfully, HENRY JENKINS.

Cor. Columbia and Carroll Sts., Brooklyn.

LIVINGSTON, Ala., Feb. 14, 1858.

PROF. WOOD—Dear Sir: Your Hair Restorative has done much good in this part of the country. My hair has been slightly diminishing for several years, caused, I suppose, from a slight burn when I was quite an infant. I have been using your Hair Restorative for six weeks and I find that I have a fine head of hair now growing, after having used all other remedies known, to no effect. I think it the most valuable remedy now extant, and advise all who are afflicted that way to use your remedy.

You can publish this if you think proper.

Yours, &c. S. W. MIDDLETON.

PHILADELPHIA, Sept. 9, 1857.

PROF. WOOD—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—was in fact BALD. I have used but 2 half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to try it. Yours, respectfully,

D. R. THOMAS, M. D.,
No. 464 Vine Street.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for $3 a bottle.

The Liver Invigorator.

PREPARED BY DR. SANFORD,

COMPOUNDED ENTIRELY FROM GUMS,

Is one of the best PURGATIVE and LIVER MEDICINES now before the public.

These GUMS remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, PURIFYING THE BLOOD, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

BILIOUS ATTACKS are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken, before retiring, prevents NIGHTMARE.

Only one dose taken at night, loosens the bowels gently and cures COSTIVENESS.

One dose taken after each meal will cure DYSPEPSIA.

One dose of two teaspoonfuls will always relieve SICK HEADACHE.

Only one dose immediately relieves COLIC.

One dose often repeated is a sure cure for CHOLERA MORBUS, and a preventive of CHOLERA.

Only one bottle is needed to throw out of the system the effects of mercury after a long sickness.

One bottle taken for JAUNDICE removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures CHRONIC DIARRHŒA in its worst form, while SUMMER & BOWEL COMPLAINTS yield almost to the first dose.

A few bottles will cure DROPSY by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for FEVER and AGUE, CHILL FEVER, and all Fevers of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 345 Broadway, N. Y.

Sold by THACHER, PRESTON, HUTCHINGS, and all Druggists everywhere. au31 1y

The Sagamore House, Frost's Point,

IS NOW OPEN.

This beautiful Summer resort, having been thoroughly repaired and re-furnished, is now open for permanent and transient boarders. It is pleasantly situated on Frost's Point, only three miles from city of Portsmouth, and commanding one of the best views of the ocean of any place on the seaboard.

The subscriber, having leased this hotel for a number of years, flatters himself that, with his experience in the business, he will be able to make it a *first class House*, and patrons may be assured that no pains will be spared on the part of the proprietor, in point of order and moral tone, to make it compare with any hotel in New England.

DR. J. B. HUGHES,

Knowing that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insiduous inroads of certain dangerous maladies, who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are described upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jd dly
